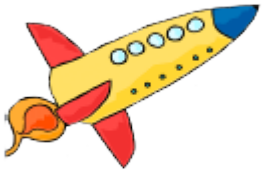
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)



General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Strong achievement for all students is the highest priority for Tustin Unified School District. Multi-tiered systems of support will be developed and implemented to address the academic, behavioral, attendance, and social-emotional needs of all students as they engage in a standards-based, rigorous academic program. The mission of Red Hill Elementary School is a commitment to providing an engaging and challenging instructional program for all students that meet the district priority goals. Red Hill provides a safe and nurturing environment that promotes character-building and establishes a foundation for life-long learning and achievement. We are a dedicated community of students, staff and parents who work collaboratively for the success of all Red Hill students.

Red Hill Elementary will support school achievement through support in attendance, social-emotional needs, and academics as shown by increased achievement in ELA and Math as measured by the California Dashboard utilizing CAASPP assessment data and attendance metric. The target subgroup for both areas in 2022-23 is English Language Learners. High standards, quality instruction, strong collaboration, and a strong sense of community guide Red Hill in achieving our mission. Our strength comes in the dedication of all members of the Red Hill community providing an outstanding educational experience through strong programs for our students. The curriculum is both rigorous and comprehensive. Differentiated instruction is essential to meeting each student's needs individually, and progress toward goals is reviewed continuously by teams and the Leadership Team. Our practices are in Balanced Literacy, a comprehensive phonics program in grades K-2nd, Cognitively Guided Instruction (CGI) as well as Positive Behavioral Incentive Systems (PBIS). Coding, robotics, ST Math and Lexia are additional critical components to our school curriculum. Red Hill has 1-to-1 iPads for all students in grades TK through 5th grade.

Parents are an integral partner in the success of our school. PTA support through volunteering and fundraising endeavors enrich learning opportunities and materials, including educational assemblies, Art Masters, the Red Hill Garden, upgraded

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority on ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2023, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on the textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Red Hill Elementary was built in 2001 and is maintained in excellent condition. Two additional shade structures in the lunch area were added in October 2008 with a third shade structure installed in the kindergarten play area in October 2018 to provide more comprehensive protection from the sun. Classrooms are organized along a covered, outdoor pedestrian paseo. A large multi-purpose room serves as the performing arts center and music room. The school is networked and wired to accommodate wired and wireless teaching and learning technologies that include technology centers. A data network and multimedia delivery system provide the latest computer software to assist with student learning-controlled by teachers in the classrooms. SMART Boards, Apple TV, projectors, amplification systems, and document cameras are in each classroom to support student engagement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Tustin Unified School District values our parents and community. We believe that parental engagement is integral to student success and one of our goals is to continuously increase parental involvement in our schools. In TUSD, parents receive regular emails from a Parent Square listserv that provides information on district and school-wide updates and events, available resources, training, opportunities, etc.

In addition to district-wide efforts, our school believes that parent involvement enhances the daily learning for all students. Parents and teachers work together to review the core program, academic support, and supplemental learning opportunities available to students. Annually, parents have the opportunity to meet with their child's teacher and/or counselor and work together in the development of the student's educational plan and goal setting at the beginning of each school year. Additionally, parents always have the opportunity to communicate with the principal, teachers, counselors, and other school support staff when needs arise.

All parents have the opportunity to be a member of our School Site Council Committee or to attend the meetings. School Site Council members are elected for a two-year term and meet a minimum of four times per year. The function of the School Site Council is two-fold: to provide feedback to the School Plan for Student Achievement (SPSA), as well as provide suggestions and ideas for improving the school's educational programs; to uphold the mission of the school and contribute to the success of the school. Parents of EL students have access to our TUSD Office of Language Acquisition, site-based ELAC, and district DELAC committees to learn about the EL Program and the comprehensive support available to EL families. Parents of ELs are able to provide input into decisions related to English language acquisition at the ELAC and DELAC meetings.

For Special Education students, there is ongoing parental collaboration and support provided to the parent to ensure that their student's needs are met as part of the Individualized Education Program. Parents have access to special education support providers as well as special education department administration.

Parents at Red Hill Elementary School participate in activities such as: PTA, SSC, volunteering in classrooms, Art Masters, library, PE or garden. Parents also have the opportunity to be involved in girl's/boys volleyball, Red Hill Performing Arts, field trips and all family events planned throughout the school year! Family partnership is a priority at Red Hill.

2023-24 Opportunities for Parental Involvement

For more information on how to become involved at the school, please contact the school office at (714) 730-7543 or visit our PTA website: redhillpta.org.

2023-24 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 02/08/2024
Date Updated and Approved by SSC: pending approval 02/08/2024
Date Discussed by Staff: 08/11/2023

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, routine and emergency; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

At Red Hill Elementary, drills are practiced monthly for all staff and students. After monthly drills, feedback is given by staff for

2023-24 School Safety Plan

improvement of drills.

Additionally, during the 2023-24 school year, all Red Hill Staff members will be trained in Stop the Bleed Training. All Red Hill staff members have a Stop the Bleed kit in their classrooms.

Fiscal Year 2022-23 Types of Services Funded

In addition to base per pupil funding, Red Hill Elementary, receives ESSER III, LCFF-EL, and site supplemental funds to support all students and student subgroups in academic achievement. The Tustin Public Schools Foundation and site PTO/PTA also supports the school with donations and financial support throughout the year to support school-wide programs and events for students.

The School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will support student learning and achievement through a Multi-Tiered System of Support. The allocated funds are used to provide tiered and targeted supports or interventions for unduplicated students in the areas of academics, behavior and social-emotional learning, absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Students are administered local assessments three times per year, and more often if at-risk and being monitored for progress. Within the MTSS model, students scoring two or more grade levels below their current grade level on any standard were eligible for intervention and targeted academic support. Our intervention students are provided class-based or small-group intervention sessions which target their specific performance level, focusing on ELA or Math standards. In addition, using ESSER and categorical instructional funds, our students and their teachers have a variety of supplemental print and online intervention curriculum options to choose from.

Some of these district and school-wide programs include Lexia, Freckle, Lexia English and ST Math. Red Hill PTA funds enrichment programs, technology for classrooms, and extra certificated staff to support instruction in physical education. Funding also supports professional development, equipment, instructional materials, technology, books, and media. Red Hill staff members actively pursue outside grant opportunities to fund classroom programs.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. The comprehensive training takes place before the school year starts, providing teachers with current best practices and opportunities for collaboration around instruction/curriculum for the upcoming year with site and district colleagues. An all district professional development day is also provided on a non-student day in the fall, focusing on any current instructional or organizational professional learning needs at the time.

Schools also provide professional development opportunities based on school-wide student needs driven by an analysis of student data and funded by site categorical or supplemental allocations. Staff development opportunities can take place before, during, or after school and by release time throughout the school year. All new teachers engage in the Induction Program through OCDE, which provides new teachers with ongoing support through the first two years of teaching.

Red Hill teachers are committed to providing an engaging and challenging instructional program for all students. This commitment leads to teachers continually developing as professionals and pursuing opportunities to maintain life-long learning. Teachers can participate in Professional Development through district offerings (Professional Pathways), as well as through the school site. Training focuses on the areas of Balanced Literacy, Phonics (Orton Gillingham) grades K-2nd, Morphology grades 3rd- 5th, Cognitively Guided Instruction '5' Part Lesson Structure for Mathematics, Social-Emotional Learning, and Technology. Additional professional development opportunities throughout the school year are determined by teacher surveys in conjunction with assessment data. On selected Wednesdays each month, time is allotted for teachers to participate in these learning opportunities to promote professional growth. Topics include but are not limited to: Google Classroom, Digital Storytelling, and supporting students with challenging behaviors.

Red Hill teachers are also given regular release time and grade-level planning days to work together on school-wide accountability for state and district academic standards. In grade-level teams, teachers conduct ongoing analysis of student performance data and adjust curriculum and long-range lesson plans accordingly. Grade level teams continue to map out strategies to meet standards and compare results of assessments to plan for additional staff development. By sharing strategies, teachers are able to pool understanding and organization of subject matter and develop meaningful data from assessments, as defined by the California State Standards for teaching and learning. Teachers have also received professional development in the areas of Balanced Literacy and Cognitively Guided Instruction (5-part lesson structure) through a lab/teaching experience model.
