2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

William J. "Pete" Knight High School, home of the Hawks, opened its doors on September 2, 2003.

The school was named for the late California Senator, William J. "Pete" Knight, who was a community leader and role model through his work over the years of distinguished service in the U. S. Air Force, as a test pilot at Edwards Air Force Base, as the first mayor in the City of Palmdale and as a California Senator.

Based on the ACS WASC full review, it has been determined that William J. Pete Knight High School (grades 9 -12) meets the ACS WASC criteria for accreditation. This accreditation status is based on all of the information provided by the school, including the school's progress report, and the satisfactory completion of the full cycle accreditation visit. William J. Pete Knight High School's accreditation as determined by the WASC Commission is a six-year accreditation status through June 30, 2028 with a mid-cycle visit during the 2024-2025 school year.

All students select courses from a variety of University of California a-g approved classes that not only fulfill high school graduation requirements but university entrance as well. These rigorous courses, our support programs and qualified staff support students to complete requirements that prepare them for college and encourage critical thinking skills.

William J. "Pete" Knight High School is an academically rigorous learning environment that promotes college and/or career goals for all students through standards driven curriculum and student centered instructions.

In accordance with this statement our Vision statement reads, "Every student at Knight High School will have the option of attending a four-year college or university."

In accordance with our vision statement, Pete Knight High School strives to continue and strengthen the College-going Culture. The master schedule, instructional minutes, a modified schedule and a highly qualified faculty support the vision that all students will be prepared for college or university entrance.

Instructional Partners are in place to provide support to new and veteran teachers in instructional strategies and teaching skills that enhance teacher efficacy. The master schedule is built in accordance to student requests and needs. Numerous support classes are offered, as well as Advanced Placement and Honors courses.

2023-24 School Description and Mission Statement

A climate of collaboration and communication drives Knight High School. Community meetings and collaboration among staff and with families enhances the learning community. By maintaining positive relationships and continuing to work together, we are confident that Knight High School will continue to be viewed as an exemplary learning institution.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	1.10	1.00
Misassignments	7.00	8.90
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	8.20	9.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	1.00	0.00
Local Assignment Options	3.00	4.40
Total Out-of-Field Teachers	4.00	4.40

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	6.8	7.9
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	2.8	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

William J. “Pete” Knight High School is in its 20th year. Our maintenance, custodial, and grounds crews work year round to ensure that the campus remains in top condition. The Antelope Valley Union High School District maintains educational facilities that are safe, clean, and provide an environment that exceeds adequacy standards established by the state as set forth in the Williams vs. State of California educational lawsuit mandated for public schools in the state of California. Students attend classes where rooms are properly heated and ventilated. Classrooms are appropriate for the learning environment including the absence of noise levels which would interfere with communication between teachers and students. There are sufficient numbers of clean, well-stocked, functioning restrooms on all campuses, and there exists no unsanitary or unhealthful condition that would impact a student’s ability to learn.

The school district is staffed to provide each school with site-based maintenance and operational staff including custodial staff, grounds crews, and maintenance and repair personnel. These persons are based at each school site and report to school site administrators in rendering service to the District. Site-based maintenance and operations persons are supported by a central maintenance and operations crew including carpenters; painters; heating, ventilation, air conditioning personnel; and one individual who operates the District’s field mower. All sites receive operating funds for maintenance and operations from restricted funds identified for maintaining each campus.

In addition, the District takes full advantage of the state’s deferred maintenance funding program whereby a five year deferred maintenance plan is submitted and updated to reflect major repair/reconstruction projects in the District. This includes appropriate upgrades and repairs to roofing, asphalt, electrical, and plumbing on District owned facilities.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	11	10	8	10	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Knight High School Career Technical Education (CTE) academies and pathways reflect an integrated approach to college and career preparation that includes the state and nationally recognized Digital Design and Engineering Academy. In addition, CTE courses allow students to explore a range of paths and/or pursue a sequence of courses through a sequenced career-themed pathway. This includes courses available during and outside the regular school day.

The industry sectors and aligned pathways offered at Knight High School are listed below:

Arts, Media and Entertainment:

- o Visual Imagery
- o Multimedia Contemporary Design
- o Digital Media and Graphic Design
- o Advanced Digital Media Arts and Communications
- o Intro to Film and Video
- o Digital Video and Broadcasting
- o Studio Art: 2-D Design AP

Engineering and Architecture:

- o Intro to Engineering Design Honors*
- o Digital Electronics Honors*
- o Principles of Engineering Honors*
- o Aerospace Engineering Honors*
- o Manufacturing and Prototyping
- o Engineering Design and Practicum
- o Unmanned Aircraft Systems

* courses in the engineering academy

Information and Communication Technologies:

- o Computer Science Principles (AP)

Work-based learning opportunities are available within these sectors that include project-based learning, guest speakers, job shadowing and internships. Students are also offered the opportunity to participate in regional, state and national competitions, such as SkillsUSA, that allows them to demonstrate their leadership, knowledge and technical skills through presentations and real-world projects.

Each industry sector has an advisory committee that includes members representing the local/regional workforce and K-16 partners specific to the content area.

The district's CTE Division supports KHS in the development and implementation of high quality career pathways that address regional labor market needs and emerging trends.

2022-23 Career Technical Education (CTE) Participation

2022-23 Pupils Enrolled in Courses Required for UC/CSU Admission	95.67
2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	32.18

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Knight High School welcomes parent/guardian involvement and participation. We encourage our parents/guardians to become involved and invite them to join us as a cleared volunteers, come visit us at Back to School Night (twice a year), join as at school athletic and activity events as well as meet teachers and staff as needed throughout the school year.

Parents/guardians are encouraged to use the Powerschool system to access their student's current grades, attendance and school information. Parent Link and Smore newsletters, messaging software, are utilized to relay school information and announcements of events, as an effort to reach all students, parents/guardians and staff via phone, text, email, and social media. Parents/guardians also communicate with staff via email. The website, www.knightpalmdalehs.org, provides school, staff and classroom information to parents/guardians, students and community. Finally, KHS has reimplemented the parent program, PIQE (Parent Institute for Quality Education). PIQE provides parents with high school information as well as post secondary information. This initiative was implemented with a mission of providing families with the knowledge and skills to partner with schools and communities to ensure their children achieve their full potential. The KHS Counseling Department works with parents and guardians throughout the year to help ensure all students have the ability to complete financial aide and college applications as well as support students academically and social-emotionally.

2023-24 Opportunities for Parental Involvement

Please contact Ms. Karla Pacas, at (661) 533-9000 ext 356 or a school administrator, to obtain information on the Parent Volunteer Program, or to ask questions regarding school committees.

2023-24 School Safety Plan

Knight High School established and maintains a safe campus by following a consistent and fair discipline process that promotes a positive learning environment and emphasizes respect. A full time Los Angeles County Deputy Sheriff and a campus security team serve to keep the campus secure for optimum safety and learning. The campus also benefits from the presence of a probation officer and community attendance worker who assists in this area. School safety is a priority. Issues that revolve around safety include, but are not limited to, school climate, violence on campus, crisis preparedness, school law enforcement relations and alcohol/drug use. Knight High's School's Safety Action Plan has been developed. The plan is reviewed and updated yearly. A complete copy of the School Safety Plans can be obtained in the Administration Office.

In addition to safety enhancements across the District (see below), at Knight High School the front and independent study entrances now have an additional locking mechanism that allows for "buzzing" visitors in to the offices.

District Statement:

We want our community to be aware of our continued commitment to safety which includes multiple, proactive approaches to fortifying security throughout our schools.

For more than 25 years, over the course of a typical school year, we have had a dedicated school deputy on campus each day. In addition to this, we continue to focus on our students' social emotional needs through various programs and counseling outreach, provide safety training to our students and staff, and underscore the importance of vigilance through "See Something, Say Something." Our district and site websites have links to confidential student referral forms, where students and parents are able to submit safety concerns for administration to address.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2022-23 Types of Services Funded

One measure contributing to the academic strength of a program is the amount of money the District spends for each student enrolled.

In addition, KHS receives categorical money for support in areas of academic need. KHS receives categorical monies from the following sources:

- Title 1
- LCAP/Targeted
- Title IV

These funding sources help us provide quality education to all of our students and especially students in specific subgroups.

All expenditures funded by categorical monies are closely reviewed by school administration. Moreover, it is imperative that all categorical funds address the goals listed on our School Site Plan. For more detail on how school monies are spent please refer to the Single School Site Plan that is available in the office of the Principal.

Professional Development

In addition to district staff development opportunities, Knight High School has a flex day bell schedule every Tuesday. This time is reserved for staff meetings, site professional development opportunities and teacher collaboration.

Currently the primary/major areas of focus revolves around the school's four LCAP goals. It was determined by site and district administrators that focusing on the LCAP goals ensures that Knight High School is meeting these goals and/or making progress. Specifically, the LCAP goals revolve around College/Career Readiness, 21st Century Learning Opportunities, Safe and Supportive Schools, and Communication/Community Involvement and Partnerships. Professional Development opportunities are provided several times per semester for staff. These are driven primarily by Instructional Partners at the site level. The District also provides multiple monthly professional development offerings as well as opportunities to attend workshops and conferences throughout the year.

This table displays the number of school days dedicated to staff development and continuous improvement.
