

Kindergarten

Advanced Beginner Swim (Session 1, 2, and 3)

To determine your child's ability level, please refer to the description below. All children will be tested by the instructors on the first day of each session and appropriately placed based on their ability level. *A student must be enrolled in Enrichment and Recreation to participate in the swimming program.*

Advanced Beginner: Child must be able to swim the length of the pool (25 yards) using the freestyle stroke in 7-foot deep water.

Art and Music (Session 1, 2, and 3)

Cover two disciplines in one hour! Each session, students will follow a different theme in art which carries over into music. In art, students will complete a wide variety of activities which may include painting, drawing, collage work, sculpture, and puppetry. In music, students will explore the world around them using a variety of media, including songs, movements, and homemade instruments.

Batter Up! (Session 2)

Play ball! Players in this class will be taught a basic understanding of the fundamental rules of the All-American game while working on developing control of various muscles as they hit, run, field, and throw. This is a great way to enter the sports of striking and fielding games.

Beginner Swim (Session 1, 2, and 3)

To determine your child's ability level, please refer to the description below. All children will be tested by the instructors on the first day of each session and appropriately placed based on their ability level. *A student must be enrolled in Enrichment and Recreation to participate in the swimming program.*

Beginner: Child must be able to comfortably submerge their head in the pool.

Brain Boosters (Session 1, 2, and 3)

Think outside the box. Designed specifically to build higher levels of thinking, this course will use a variety of fun activities and games to develop divergent and convergent thinking skills and creativity.

Chess Basics and Beyond (Session 1, 2, and 3)

This beginning level class is designed to take each student from basic knowledge to a more proficient level of play. Students will:

- Learn opening principles of the game: setting up the board and moving the pieces
- Study special rules: castling, under promotion, and en passant
- Understand pins, forks, check and checkmate
- Master quick ways to win, including the 4-move checkmate and the 2-move checkmate
- Study the history of chess ... and much more.

Chess Competitive (Session 1, 2, and 3)

This class is for students with advanced technical knowledge of the game and who enjoy competitive game play. This is the ideal choice for students who would like to compete in state and national tournaments. Students will: • Study notation • Review famous games • Practice the rules of tournament play • Learn more complex openings • Practice understanding the opponent • Study end game techniques ... and much more.

Chess Great Gameplay (Session 1, 2, and 3)

This class requires knowledge of all concepts listed under "Basics and Beyond." This course focuses on starting and completing a full game. Students will: • Review tactics such as pins, forks, and getting out of check • Learn notation • Master opening strategies and middle game planning • Study common end game combinations such as king and two rooks, king and queen, and king and one rook • Review games ... and much more.

Diggin' Dinos (Session 1)

Dig into the fascinating, extinct world of dinosaurs. In this introductory class, students will become junior paleontologists and study a variety of these terrestrial reptiles focusing on names, classifications, sizes, habitats, food, and more.

Experiment (Session 1 and 2)

Think scientifically. Students will be introduced to scientific methods through a variety of thought-provoking hands-on experiments by predicting, recording, and keeping a science journal.

FUNtastic Fine Arts (Session 1 and 2)

Cover multiple disciplines in one hour! Each session, students will follow a different theme in literature which carries over into art and music. In art, students will complete a wide variety of activities which may include painting, drawing, collage work, sculpture, and puppetry. In music, students will explore the world around them using a variety of media, including music, movement, and homemade instruments.

Interesting Insects (Session 1, 2, and 3)

More bugs live in a square yard of your lawn than humans live in your neighborhood. Using an investigative method, this popular class will help students shrink into the tiny world of insects and view their effects on the environment, both good and bad.

Let's Get Ready to Read (Session 1, 2, and 3)

Build the skills needed to read. Using a variety of stimulating, fun activities, this course focuses on the early literacy skills which help develop confident readers.

Living Under the Sea (Session 1, 2, and 3)

Put on your mask and flippers and dive right in! Students will explore the fascinating fish and animals that call the ocean, "Home".

Making it Work (Session 1, 2, and 3)

"Forces at Work": Students will explore pushing and pulling forces as they work to make simple machines. Levers, pulleys, inclines, and axles will be explored as we make our own catapults, pulleys, and more. This course will be hands-on as students design, plan, create, test, and improve their creations.

Math and Literature (Session 2)

Sharpen thinking skills. Children's literature is filled with math concepts such as counting, sequencing, patterns, and geometry. Using classic and new picture books, students will develop math and number sense. This class provides great integration of learning.

Mini Muscles (Session 1 and 2)

A real hands-on experience! Students will use a variety of manipulatives, such as Play-doh, pipettes, sand trays, and Wikki Sticks to strengthen their hand and arm muscles. A fun and messy way to further develop the fine motor skills that students will need during their Kindergarten year.

Nature's Canvas (Session 1, and 3)

Nature provides the backdrop for this hands-on artistic adventure. Learn about the lives of plants and animals. Using a variety of activities, such as identifying plants and insects on nature walks, interacting with stories about nature, and creating artwork with items found in nature. Students will gain a better understanding of the natural world.

Once Upon a Time (Session 3)

Fairy tales and superheroes come alive. Participants will sharpen skills in reading, creative thinking, art, and acting as they enjoy a variety of stories from the world of fantasy.

Yoga for Kids (Session 1)

Have fun while developing focus, awareness, and coordination. Taught by a trained yoga instructor, this class stresses flexibility and balance as students participate in imaginative poses, games, songs, and relaxation — a beneficial class for the whole body.

Young Artists (Session 2 and 3)

Learn from the masters! The young artists in this class will learn about six famous artists who have very different styles. At the end of the class, they will walk away with their own book of "masterpieces".
