

Embedding YouTube Videos in a PowerPoint

1. Click on the Insert Tab.

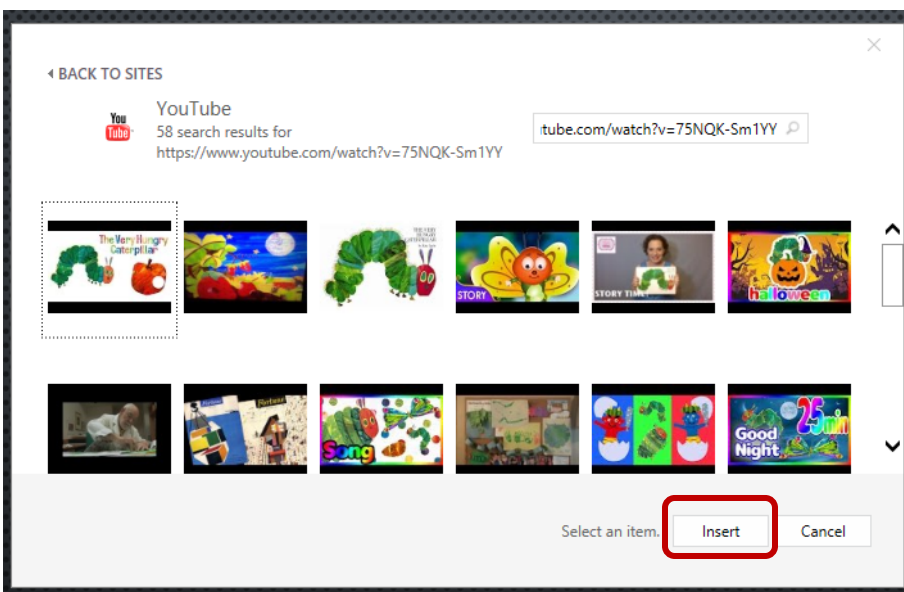

2. Click on Video and select Online Video.

3. Search for the video or paste the YouTube URL in the search field.

4. Click on the thumbnail for the video you would like to embed and then click Insert.

To view the video place PowerPoint in Slide Show mode.

Note: If the Play button does not appear automatically, double-click on the video.
