

Listen! Music at Home and Around

Recommended for Grades 3-5

Summary: Listen to music all around you and list all the places you hear it.

3. Take a few hours or even a day and make a list of everywhere you hear music. What types of music did you hear? Were you surprised to hear music in any specific places? Discuss this with your family and share your discoveries.

What You Need:

- Pencil
- Paper

Start by making a list of all the different place you hear music. Pay close attention to TV, games, maybe in your yard, radio, computer. Talk to your family about what you discovered.

Just for fun Activities: Try one of these unusual ways to make music. Music experiments (Use Chrome)
