

TITLE: Coloring the Line Notes and Space Notes

Recommended for Grades 3-5

Short Description: Explore line and space notes in color!

Materials: What You Need:

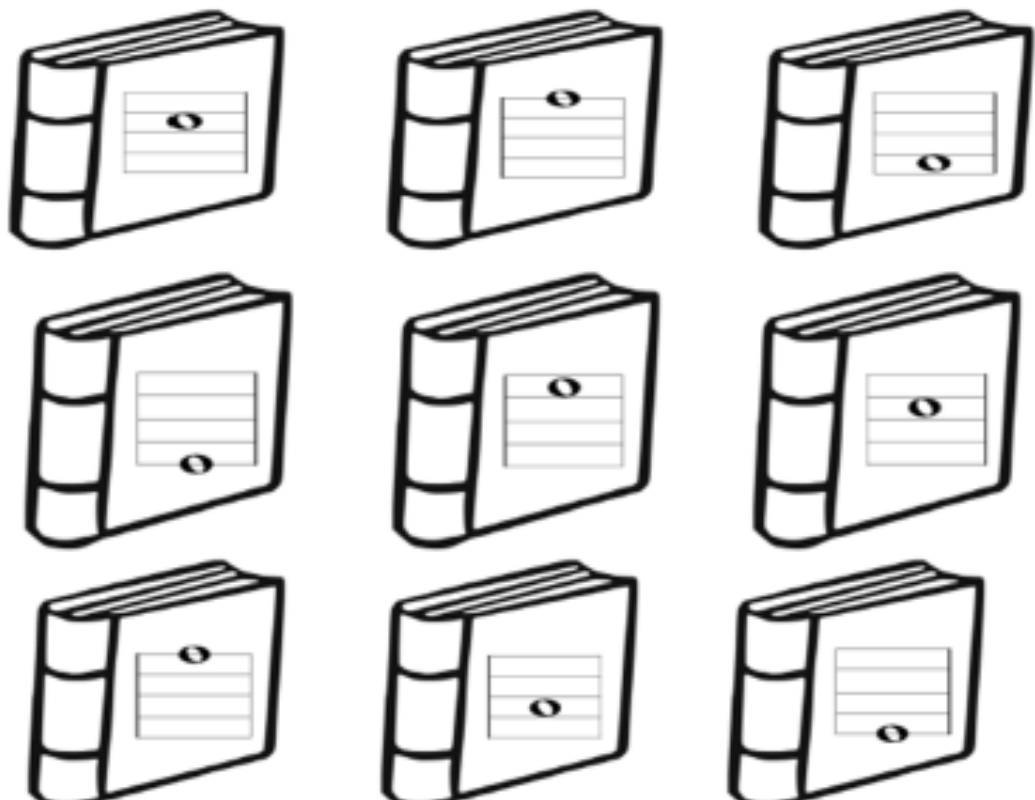

- This sheet printed or copy it onto your own paper
- A red and blue pencil, marker or crayon.

Instructions: Music is written on a five line staff using the lines and spaces to show the pitch of the note. Music all around the world uses this system – it's a universal language! Color the book with a line note (a note with a line through the middle) blue. Color the book with a space note (a note between two lines) red.

Coloring Line Notes and Space Notes

Directions: Color the books accordingly:
Line Notes- BLUE Space Notes- RED

Line Notes have a line in the middle of the round part
Space Notes are between two lines

Music terms and their definitions:

Staff: Five lines and four spaces used to write music noteheads

Notehead: The round part of a note

Line note: Any pitch with a line through the middle of the notehead

Space note: Any pitch notehead between two lines, above a line, or below a line.

Just for fun extra activities: This is a song to sing your line notes and space notes. Dynamite-Kidz bop
