Practice

2. Use the following questions to guide you when you are researching your chefs:
 - Where did they go to Culinary School (if applicable)
 - Where did they grow up?
 - What inspired or influenced them to become a chef?
 - What type of food are they known for?
 - Do they own any restaurants? How many? What type of cuisine?
 - Are they on television? What show?
 - Any additional fun facts about your chefs

Task:

1. Look at recipes that your chosen chef has made.
2. Decide which recipe you either want to make or re-create.
3. Make your dish!

OR

Create a Chef Apron

Directions on How to Assemble Your Information:

1. Cut a slit at the top of the apron and insert the head shot of your chef.
2. Add the name of your chef to the front of the apron with a marker.
3. Add information from above to construction paper strips that will become the arms and legs of your chef.

4. Glue strips to your apron.

You may choose to create a larger chef body if you'd like and draw your own apron. You may also write your researched information around your chef's body.
