

Kyrene Visual Art Enrichment for Middle School At-Home Learning

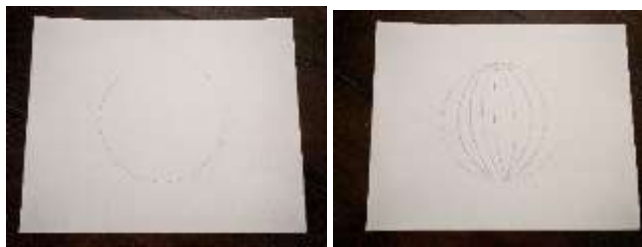

TITLE: Op Art Checkerboard Bubble

SHORT DESCRIPTION: Create an optical illusion drawing with a checkerboard and bubble.

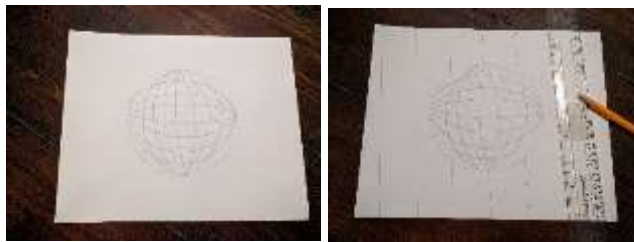

EXPLANATION: High contrast colors like black and white when paired together cause the greatest confusion for the eye and the best visual results.

MATERIALS: Paper, pencil, eraser, ruler, marker

INSTRUCTIONS: Trace a circle onto a paper. At one end of the circle, make bending marks that radiate out of one side and connect to the opposite side. Try to evenly space out lines. Do the same step again, but go horizontally. Fill in the background with a checkerboard using your ruler. Fill in every other square with colored marker or markers.

Step 1 and 2: Trace a circle onto a paper. At one end of the circle, make bending marks that radiate out of one side and connect to the opposite side. Try to evenly space out lines.

Step 3 and 4: Do the same step again, but go horizontally. Fill in the background with a checkerboard using your ruler.

Step 5: Fill in every other square with colored marker or markers. Write a reflection and share with your teacher!
