

# Kids and Teens Join ACSLO!

Adventure Club SLO has been operating since 2006, serving hundreds of people and having thousands of outdoor, nature adventures. We are happy to announce that our new kids and teens programs opened in December 2023!

Come play, explore, connect and create in the beauty of nature with us! The groups will be a lot of fun and will be an experience to enhance the quality of life and social connection for everyone.

## Age Groups

- 5-7 year olds "Adventure Cubs"
- 8-12 year olds "Bluebirds"
- 12-18 year olds "Bobcats"

## FAQs :

- All age groups will meet separately. Groups will meet weekly or twice weekly depending on demand. People will sign up for specific groups and then attend each week.
- The groups are place based, needing people to get rides to and from locations.
- The groups most likely will be after-school programs. However, if there is demand we will offer longer sessions for home-schooled participants.
- The programs can lead into participation in our adult ACSLO program, if desired.

**A minimum of 6 - 8 participants per program will be needed to start a session**

## What else you need to know:

- ❖ ACSLO is a TCRC vendor. Therefore, there is **no cost** for participation if served by TCRC
- ❖ We **meet rain or shine** throughout the year, rotating locations in some of the most beautiful and peaceful places in SLO County. Some examples are El Chorro Park, Montana de Oro, Morro Rock and Pismo Butterfly Grove.
- ❖ Our staffing ratio is 1:4. Participants are required to stay with the group, be capable of eating/toileting independently, and be willing to be outdoors.  
**Parents are welcome to attend**, especially for younger groups.
- ❖ ACSLO provides unique and **fun nature-based activities** for everyone. Over time, people develop friendships, self-confidence and a deep connection to and appreciation for the natural world.
