The annual debt millage required to retire all bonds of the School District currently outstanding and proposed pursuant to this ballot is expected to be at or below 4.05 mills which is a 0.08 mill decrease from the estimated annual debt millage to be levied in 2023. The estimated millage that will be levied to pay the proposed bonds in the first year is 1.26 mills (which is equal to \$1.26 per \$1,000 of taxable value) and the estimated simple average annual millage that will be required to retire each series of bonds is 1.51 mills annually (\$1.51 per \$1,000 of taxable value). The maximum number of years any series of bonds may be outstanding, exclusive of refunding, is not more than thirty (30) years.

If approved by the voters, the bonds will be guaranteed by the State under the School Bond Qualification and Loan Program (the "Program"). The School District currently has \$307,355,000 of qualified bonds outstanding and \$0 of qualified loans outstanding under the Program. The School District does not expect to borrow from the Program to pay debt service on these bonds. The estimated computed millage rate required to be levied to pay the proposed bonds may change in the future based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited, and the proceeds cannot be used for teacher, administrator or employee salaries, repair or maintenance costs or other operating expenses.)
