New Business

- 1) **Pool Filtration System Update-Bob and staff had to auger the lines out and scuppers. Flow has increased. Want to increase the flow rate to 380... 400 is ideal. The district is looking to replace the pool filtration system at the end of Girls Swim Season (mid November to Jan 1- pool will be closed)**
- 2) **Student Fall on Main HS Stairwell - This was an incident that happened in January of 2023. Student fell, hit knee on the edge of the step, slicing his knee. Even though the district was not at fault for the injury, we have looked at other ways to eliminate any possible safety hazards per parent request.**
- 3) **Work Comp Claims in 2022-2023- student related staff injuries at the ES.... proper CPI training to be reviewed, and safety protocols and keeping staff safe is a priority.**

Scott George reviewed the 35 different “plans” and gave feedback on which ones could be eliminated.
- 5) **Reunification Drill on Tuesday, June 6- District has been planning this drill for almost 1 year. Thank you to Joe Vieau for his coordination and thank you to the I Love You Guys Foundation, Koch Bus, Carver County Sheriff Dept, Ridgeview EMS for supporting the plan and exercise.
