IMPORTANT DATES

2/19-2/23 **NO TAPESTRY** Winter Break

Summer Tapestry is **COMING**
6/26-8/9 Stay tuned for more information!

This February we will be focusing on heart health by exploring a variety of exercises and by discussing what foods to eat and which ones to avoid.

We will also be focusing on friendship and what being a good friend looks like. We will also be having a friendship celebration on Wednesday February 14th.

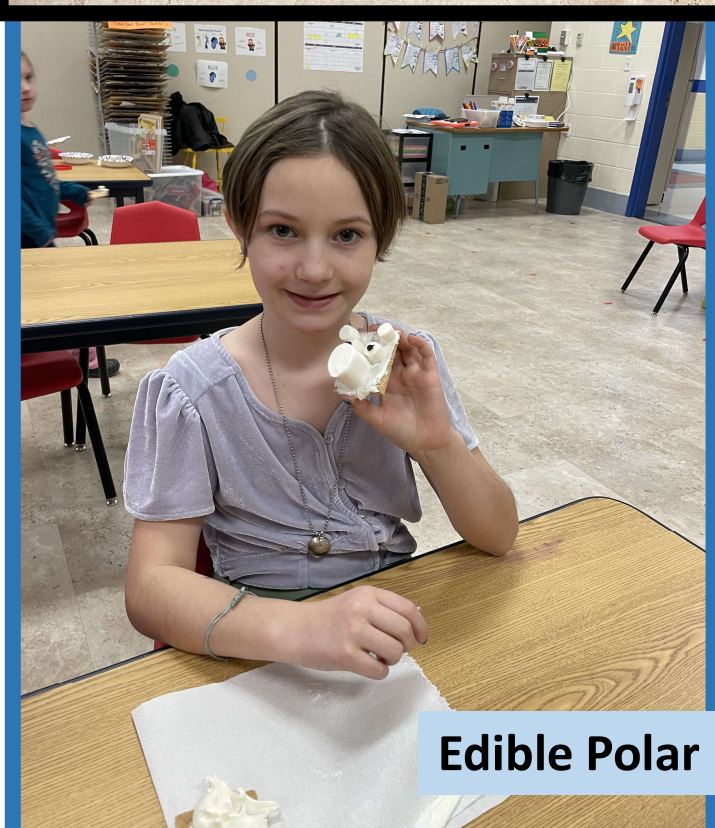

January in Review

January was an exciting month, Northeast Tapestry reopened on-site! Our focus for our first month together was Arctic animals. We learned about Polar Bears, Penguins, and Walruses. We looked into how they keep warm through a blubber science experiment and built our own igloo shelters during our STEM activity. In addition, we also had Ms. Amanda from the library bring us some dinosaur bones to play with.
