2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Community Day students will learn in a positive, personalized setting that promotes academic, social, emotional, and personal success.

CDS serves as an alternative setting for students who have been expelled, truant, and/or are on court/community probation. This is a small school setting with a very transient population. The goal is for students to recover deficient credits, improve attendance, and model school-appropriate behavior in order to successfully transition back to their referring site. Students do not tend to stay at Community Day longer than one school year, and sometimes, students may only stay for one semester. The site diligently and collectively works to support students overcome academic and social-emotional obstacles as well as re-establish a connection to the school community. Students' background of failed school experiences often result in disruptions to student attendance and student engagement. The site provides positive reinforcements, family partnerships, and highly supportive learning environments to support student success. The site disciplinary focus results in improving student behavior and avoiding suspension/expulsion--unless it is absolutely necessary. Keeping students at school is paramount and the site mission is to reduce school failures and, ultimately, to increase the students' likelihood to succeed.

In order to accomplish our purpose, we maintain a small staff-to-student ratio and employ a student-centered, semi-individualized approach, providing academic instruction and support, as well as social-emotional counseling services. Additionally, a flexible learning environment fosters a personalized approach to ensuring that students meet their goals to recover credits and graduate with their HS diploma prepared to pursue post-secondary or career preparation. Additionally, the site is restorative in its approach to discipline, in order to support student engagement and success.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	1.50	1.30
Total Out-of-Field Teachers	1.50	1.30

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. School Buildings

Our small campus has been well maintained. At the start of each school year, the campus is thoroughly cleaned. Aside from some repainting, the buildings are in good working order. The classroom floors have been cleaned and waxed and are maintained daily.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

Career technical education (CTE) prepares students to continue on to postsecondary education with expertise in specific areas. CTE supports high academic standards, includes career exploration, and is designed to offer students exposure to a broad range of career opportunities, access to relevant and rigorous educational programs that help them achieve their career aspirations, and opportunities to benefit from workplace learning experiences.

Students at Santa Clara Unified School District have a variety of CTE programs to choose from. CTE courses are available to students beginning in middle school with options in technology, culinary arts, and construction technology. The two comprehensive high schools offer pathways in Automotive Technology, Biotechnology, Business Technology, Culinary Arts, Hospitality & Management Preparation, Fashion Design, and Information Technologies. Each CTE Pathway has a sequence of two or more courses that build knowledge, skill and proficiency in a specific industry sector and can lead to an industry certification and higher education programs. Articulation agreements with Mission, Ohlone and West Valley Community Colleges are in place for a number of our CTE Pathways, waiving the introductory course requirements once students begin their postsecondary education. Courses with articulation agreements include Automotive Technology, Business, Bio Technology, Culinary Arts, Hospitality & Management Preparation, Fashion Design, Digital Media and Information Technology. All CTE classes generate elective credits that help students toward meeting the district's graduation requirements. Many of our CTE classes offer University of California A-G approved course credit, making it attractive to students wanting both college preparation and the CTE experience. Junior and Senior students at all high schools also have full access to work experience and a comprehensive selection of courses available at the Silicon Valley Career Technical Education Center through MetroEd's joint powers agency.

Students in CTE courses are counseled by their program teacher as well as the full-time career center technician. All of the four high schools have college and career resources that offer college and career planning. Career center technicians arrange college fairs; college visits and presentations with traditional colleges and universities, as well as technical and trade schools; job shadowing opportunities; job fairs; ASVAB and other career assessment testing; scholarship and financial aid advising; test prep and application workshops for all postsecondary schools.

All CTE teachers have received high-quality professional development around the topics of recruitment and supporting non-traditional and special population students as well as topics within their industry field. All CTE classes are aligned with the CTE model curriculum standards for California public schools. The CTE staff works closely with counselors, special education, and ELL facilitators to ensure full access and support for these special population students. All programs complete an end-of-the-year review which includes student surveys, grade review, and enrollment data review as well as descriptive narratives.

The district has nine Carl Perkins programs that follow the quality indicators and criteria for program approval. The district has developed professional partnerships with community organizations such as NOVA, as well as local businesses such as Intel, Cisco, and NextFlex to help students prepare for the workforce and obtain work placements. The SCUSD CTE Advisory Board is comprised of over 30 local industry representatives from our ten industry sectors with programs in our schools and is led by the Coordinator of Career Technical Education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our school is very small with a transient population. We rely on the district to provide training and education for our parents by attending the meetings they hold for parents and community prior to students being placed at SCCDS. Additionally, the site collaborates with families, district personnel, and other site administrators to develop supportive and restorative practices of this school and staff, admin, and parents oversee budgetary spending. Parents are always invited to attend these meetings and approve agenda items.

We maintain frequent contact with parents by phone, text, email or face-to-face contacts as a part of an effort to work as a team towards their students' success. Our doors are open, and we welcome parent participation and input into our program and supports for student achievement. Parents are encouraged to spend time in the classrooms on occasion to observe and participate in their students' education.

If parents are interested in attending district meetings or spending time on campus, please call Amleset Yohannes, Principal (408) 423-3261.

2023-24 School Safety Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2023.

Fiscal Year 2022-23 Types of Services Funded

Our small class size allows us to provide 1:1 or small group instruction as needed. Both of our paraprofessionals assist with academics and are bilingual (Spanish). The school and district contract with California Youth Outreach to provide a staff member one day per week who delivers gang intervention/prevention counseling services for at-risk students. The district provides a licensed therapist who serves as a Wellness Coordinator is on campus daily. Her job is to coordinate and help staff and parents/guardians access needed health services. She also facilitates group counseling in the classrooms. She is bilingual (Spanish), and she provides group and individual counseling services for students on campus. She has advanced training in treating victims of trauma.

Professional Development

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's School Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

In addition to the number of school days dedicated to districtwide professional development, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.

This table displays the number of school days dedicated to staff development and continuous improvement.
