**Grade
Span:** K-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About This School

Sara Meece

📍 Principal, California Montessori Project-Shingle Springs Campus

About Our School

Sara Meece received her Bachelor's Degree in Liberal Studies (Blended Multiple Subject Program) from California State University, Sacramento in May 2004. She is currently in her 19th year of employment with California Montessori Project. She served as a lead teacher at the California Montessori Project-American River Campus for 14 school years, first as an Upper Elementary teacher for two years before joining the Middle School team teaching 7th and 8th grade Science and Math. She completed Secondary I Montessori Training at the Houston Montessori Center in 2009 and earned a Preliminary Administrative Services Credential through the Sacramento County Office of Education (SCOE) Leadership Institute in June 2020.

In addition to her role in the classroom, she served as the Network Middle School Specialist, Network SCOE Teacher Induction Mentor, Campus Curriculum Level Lead Teacher, Network Montessori Support Provider, and Teacher Representative on the CMP Governing Board. Additionally, she was the part-time Dean of Students at the American River Campus for the 2018-19 school year and was selected as the 2018 Sacramento County Teacher of the Year for the California Charter Schools Association (CCSA).

California Montessori Project (CMP) is a charter public school network in the greater Sacramento area.

Central Administration Office

5330-A Gibbons Drive, Carmichael, CA 95608

Superintendent - Brett Barley

School Description and Mission Statement (School Year 2023–24)

<p><i>The Mission of the California Montessori Project is to offer a quality, tuition-free Montessori Education that challenges our students to reach their full potential</i></p> <p>California Montessori Project - Network</p> <p>California Montessori Project (CMP) is a public charter school network (TK-8) serving over 2,800 students on seven campuses located throughout the greater Sacramento area. Previously sponsored by the Wheatland School District from 2001 through 2006. CMP currently operates under four charter authorizers:</p>
--

Buckeye Union Elementary, Elk Grove Unified, Sacramento City Unified and San Juan Unified School Districts. CMP campuses are located in Shingle Springs, Elk Grove, Sacramento, Fair Oaks, Orangevale and Carmichael.

The Vision of the California Montessori Project is to provide a Montessori education that supports the intellectual, social and emotional development of every child.

This will be achieved by:

- Promoting independence
- Teaching respect for oneself and others
- Building confidence
- Creating a sense of social responsibility, and
- Empowering every student to be a global citizen.

California Montessori Project offers an environment which has the tools, programs, resources and support to enable students to become educated to high international academic standards and to develop themselves to their fullest capacity as competent, happy, productive individuals, family members, workers, and contributors to a better society and a peaceful world.

This is achieved through a commitment from the community: parents, teachers, community groups, the legislature and, most importantly, the individual child.

The California Montessori Project provides a Montessori curriculum, aligned with the Common Core State Standards, for students ranging from Transitional Kindergarten through eighth grade. **The California Montessori Project is committed to serving the best interest of the student.** Parental participation is highly valued in terms of the contribution it makes to the child's education and the school community.

Fundamental Values:

Internationally high academic standards and expectations of achievement, with emphasis on core subjects, are maintained through adherence to these values:

- Small total school populations and low student/teacher ratios
- Creative, passionate, progressive teachers who are committed to Montessori philosophy
- Responsibility, accountability, and freedom for individual student progress within the academic framework
- Challenges to develop critical reasoning, openness to encourage creativity, and opportunities to facilitate service
- High, unwavering standards of conduct, emphasizing respect for self and others, honesty, responsibility, and courtesy
- Emphasis on collaboration, peer governance, problem-solving, and goal-setting according to developmental readiness
- High parental involvement and collaboration in education and governance

The Montessori philosophy states that a child has an innate desire to learn and produce purposeful, meaningful work. Dr. Maria Montessori believed that the role of an adult in a child's education is to provide an appropriate environment, complete with tools and methods, to facilitate the child's own discovery of knowledge and skills at the time when it has the most impact for him/her as an individual. This system has a foundation based on trust and respect of the individual, and a belief that children will soar beyond traditional expectations.

CMP holds that an educated person is well-rounded and balanced. The CMP student shall become a collaborative member of a community, motivated to set and achieve high goals. CMP encourages students to demonstrate empathy towards others through respectful and productive communications. The student is guided to view him/herself as a global citizen who is empowered, and responsible, for making positive changes in the world within the immediate environment. The CMP student develops personal habits leading to a healthy lifestyle which includes leisure, work, family, exercise, nutrition and community.

California Montessori Project - Shingle Springs

The California Montessori Project-Shingle Springs Campus is a Montessori public charter school offering Transitional Kindergarten - 8th Grade education under a charter authorized by the Buckeye Union School District. CMP-Shingle Springs is accredited by the American Montessori Society (AMS) and the Western Association of Schools and Colleges (WASC). Currently in its 22nd year as a Montessori Charter School, CMP-Shingle Springs has established beautiful classroom environments rich with Montessori materials. CMP-Shingle Springs also has an experienced and dually-certified team of Montessori teachers; teachers all hold their California State Teaching Credential as well as one or more Montessori teaching certificates. CMP-Shingle Springs teachers enjoy the experience of teaching with their teaching assistants, offering both a low student adult ratio as well as the opportunity to provide small group or individual lessons to students.

Students at CMP-Shingle Springs are encouraged to become life-long learners through developing their abilities to self-motivate and work independently. CMP-Shingle Springs students are assessed throughout each school year to ensure that they are placed in the curriculum that is appropriate for them. Learning then occurs at each individual child's level and pace through the use of customized student work plans. Students are able to accelerate at their own pace or work through additional practice problems based on their individual progress towards mastery, while providing rigorous academics at all grade levels. This method of assessment and curriculum assignment respects each individual child's learning needs.

As a charter school, CMP-Shingle Springs takes pride in blending California State Standards with Montessori lessons, and is proud of the student achievement,

measured, in part, by a high ranking in the California Assessment of Student Performance and Progress (CAASPP).

The CMP-Shingle Springs' mascot is the CMP Hawk and the motto is: Hawks **H**ave respect, **A**ct responsibly, **W**ork hard, **K**eeP safe, and **S**how kindness. Peace education and character education are integral parts of the CMP curriculum. The school has implemented the Positive Behavioral Intervention and Supports (PBIS) framework. Together, the school and the parents work to educate the children and help them be responsible, respectful, contributing members of the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The CMP-Shingle Springs Campus is nestled in the foothills on two contiguous 15-acre parcels located across the street from a church as well as a traditional public school (Buckeye Elementary). The 'Lower Campus', which serves grades Transitional Kindergarten/Kindergarten-3rd is located at 4645 Buckeye Road, Shingle Springs, CA 95682. The 'Upper Campus', which serves 4th – 8th grade, is located at 4709 Buckeye Road. In total there are 21 separate classrooms with a Peace Path connecting the two campuses.

CMP-Shingle Springs has multiple libraries, space for the Response to Intervention and Special Education programs, indoor and outdoor Physical Education space, and a Science Center supporting the STEAM programs.

In addition to the added classrooms and administrative offices, the upper CMP-Shingle Springs campus features a large gymnasium, which is utilized for Club M (CMP's Expanded Learning Opportunities Program), basketball and volleyball games, physical education, the school's band program, drama program performances, assemblies and parent events. A developed sports field provides a venue for soccer and flag football, and a larger undeveloped field, fondly referred to as "Green Acres," allows students the opportunity to engage in nature studies.

A winding, landscaped "Peace Path" connects the 'Lower Campus' and the 'Upper Campus'. Students and staff regularly use this path as they traverse from one side of the campus to the other. Through ongoing fundraising efforts, CMP-Shingle Springs has installed two large playground systems, two large basketball courts, a ball wall, an outdoor amphitheater, a cross-country running track, gaga ball pit, and various concrete fire lanes which provide play surface for four square, nine square, hopscotch, and other outdoor games.

Through LCAP and fundraising efforts, CMP-Shingle Springs has fully equipped two student libraries, one at the 'Lower Campus' and one at the 'Upper Campus'. CMP-Shingle Springs is also committed to gardening programs, as evidenced by

our Garden of Learning program, which incorporates multiple classroom garden areas throughout the 15-acre grounds.

CMP-Shingle Springs completed its latest Site Safety Assessment on November 8, 2022. The campus perimeter and surrounding areas were deemed to be in good condition, meeting all standards. The campus grounds and facilities were also determined to be well-maintained, clean and in good repair. Regular safety device inspections, fire safety inspections and pest inspections occur. Evacuation maps, safety drills and regular safety inspection logs were also reviewed and were deemed to be in compliance with the school's safety protocols. Quick evacuation in the event of a large-scale fire was discussed as well. CMP-Shingle Springs' maintenance team regularly inspects and repairs doors, gates, fences, roofs, and playground equipment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2023–24)

Parents play an active role in the California Montessori Project. Parents are invited and encouraged to volunteer, as they assist in the classrooms, provide care for classroom pets over breaks and long weekends, chaperone students on fieldtrips, provide additional supervision during morning drop off and afternoon pick-up times, and organize special school events and fundraisers. Parents are also involved in many leadership roles, including service on the Campus Advisory Council and the CMP Governing Board.

CMP classrooms interested in having volunteers will share specific volunteer opportunities with their classroom community. Volunteers will then have the ability to sign up for these specific opportunities and coordinate with the classroom teaching team. Non-classroom based volunteer opportunities will be shared by campus administration and interested volunteers are encouraged to coordinate with the campus administration on those opportunities.

CMP campuses will hold, if they have not already, Parent Volunteer training sessions that will include, among other requirements, the "7 Habits of Highly Effective Volunteers," how to submit fingerprints, how to submit TB test results, how to sign up for volunteer opportunities.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

School Safety Plan (School Year 2023–24)

State law requires schools to develop a comprehensive safety plan to address the policies and procedures in place that provide for a safe, orderly, school environment conducive to learning (California Education Code 32280 through 32289).

CMP's mission for the Safety Operations Plan is to provide a Comprehensive Safety Plan and a Site Emergency Response Plan for ensuring a safe, healthy and productive learning environment for all educational partners.

CMP's Safe School Vision

- CMP will provide a safe, orderly and secure environment to learning.
- CMP will create a school in which students will attend regularly and be safe from both physical and social-psychological harm.
- CMP will solicit the participation and views of stakeholders to promote a safe and healthy environment.
- CMP will develop a plan to work cooperatively and collaboratively with parents, students, staff, administrators and community agencies to provide a safe and orderly school and neighborhood.
- CMP will provide training opportunities to staff and students which will promote preparedness in the event of an emergency.

CMP created and maintains a Comprehensive School Safety Plan which includes a Site Emergency Response Plan which helps guide the CMP school administrators with their safety and response plans. Each of these plans address policies and procedures, hazard prevention, emergency preparedness, response, and recovery.

These plans adopt both the framework of the National Incident Management System (NIMS) and the model of the Standardized Emergency Management System (SEMS), developed by the State of California and are designed to centralize, organize and coordinate emergency response among various CMP organizations and public agencies. NIMS/SEMS provide an effective framework for managing emergencies ranging from minor incidents to major earthquakes.

CMP-Shingle Springs goes through their annual Site Safety Assessment every November.

The Safety Operations Plan is reviewed by local first responders, including the fire department and the law enforcement.

The Safety Operations Plan is presented to the Governing Board every January for a public hearing prior to its adoption at the February Board Meeting.
