**How can parents help their child be successful**

**Important tips from the article that can be helpful to getting up and out the door in the morning**

- Stick to a regular bedtime (lots of kids are lacking sleep they need for optimal learning)
- Cut off screen time an hour before bed (screen time interrupts quantity and quality of sleep)
- Help kids put homework and books in their backpacks the night before (organizational skills)
- Help kids lay out their clothes for the next day (can help being rushed for time)
- Give them a nutritious breakfast (try to limit sugar content in their meals. If you need information on free or reduced breakfast and lunch, visit our school or district website or call for information.)

## PE, ART, AND MUSIC UPDATES

**PE:** Yee-haw!! Go Texan Day (Open House) is quickly approaching and our students will be showing off all of their dancing skills that they have been working on the last couple of weeks. Please join us on February 22nd at our Open House/Go Texan Day Celebration. Stay tuned for more information.

Students will be working on their dancing skills, partner work, and rhythm this month as well as Fitness Gram Testing. Students in grades 3-5 will be tested on push ups, curl-ups, pacers, and flexibility. Students in grades K-2 will also be working on developing these skills.

**Art** Now that Rodeo Art is done. 5th and 4th will start ceramics. 3rd grade will be finishing their tessellations. K - 2nd will have a heart/Valentine theme while stenciling, printing or a mixed media.

**Music:** Students are reviewing notes, rests, and values while applying their knowledge to their Memory songs. Valentine and Rodeo activities/songs will be the focus for the month of February.

Shockwaves and Showstoppers will be working on music for the upcoming Klein Music Festival.
