Parent/Teacher Conferences

Monday, October 16 & Thursday, Oct 19
4-8pm @ All Buildings

Partnerships between parents and teachers are essential in creating the framework to guide students in their studies and activities. Fall conferences are a time to reflect on student performance and experiences since the first day of school and map a course to ensure a successful rest of the school year. Teachers have shared sign-ups at the lower grades and are available for walk-in conversations at the upper grades. We hope to see all of our families during these two nights of conferences! Make sure to stop by the Bright Futures Hub and say hi to our District Social Worker, Andie Smith. From coats and costumes, to shoes and school supplies, she makes sure we have any item a student may need.

Paving Project - HHS Back Lot

Continuing improvement projects around our campus will have the back lots of the high school closed intermittently from Monday, October 9 through Wednesday, October 25.

Filling Out the Form Matters!

We encourage all families, regardless if they think they will qualify or not, to fill out a Free and Reduced Meal Application. The information submitted on this form, completed yearly, determines if a whole household qualifies to receive either free or reduced-price meals for their children attending the Holden R-3 School District. Completion of these forms benefit families and the school district in multiple other ways as well.

Participation rates directly impact schools' eligibility to receive state and federal funding, which provides valuable resources that play a key role in our students' success, such as our free Afternoon Snack and Summer Meal programs.

In addition, students who qualify for benefits may also be eligible for discounted rates on:

- College application fees
- Fees associated with academic tests (ACT, SAT and AP)
- Scholarship opportunities

Meal information can be found on our website at <https://www.holdenschools.org/foodservice> or go directly to the online form here: <https://bit.ly/3tLBGQF>
