SGO Tax Season Campaign: Talking Points

Use these talking points when sharing SGO with your friends and family as an easy way to explain the program and its incredible benefits.

The Ohio Christian Education Network Scholarship Granting Organization (SGO) is a group of private K-12 schools registered with the state of Ohio to receive redirected tax dollars that fund academic scholarships for students with a demonstrated financial need.

Participating in SGO is an opportunity for you to redirect a portion of your state tax liability to align with your priorities in Christian education.

SGO donations are different than tax-deductible charitable contributions. Donations made to SGO receive a dollar-for-dollar tax credit toward your state tax liability, essentially making it a cost-free way to give.

Funds received help further Christian education by opening the door for more students in our city to attend CHCA and receive a world-class, Christ-centered education.

Giving to SGO is easy! It takes less than 10 minutes, can be done online, and can be completed before or on April 15 for credit on the previous year's taxes. You can even give on the day you file and still benefit from the tax credit.

Share SGO with your friends and family! The more people participate, the greater our impact will be as CHCA develops leaders equipped to pursue Kingdom work in our city, country, and world.

Thank you for making an impact!
