**Reporting Workplace Violence**

The District has established and implemented a reporting system for incidents of workplace violence. The District will provide information on these protocols and contact information to employees who wish to file a criminal complaint after a workplace violence incident.

All employees and authorized employee representatives are responsible for providing written notice to a supervisor or Workplace Violence Prevention Coordinator of any violent incidents, threatening behavior, including threats they have witnessed, received, or have been told that another person has witnessed or received. Reports of workplace violence must be made in writing. All reports must be immediately forwarded to the Workplace Violence Prevention Coordinator.

Written notice is not required where imminent danger exists to the safety of a specific employee and the employee reasonably believes in good faith that reporting to a supervisor or the Workplace Violence Prevention Coordinator would not result in corrective action.

After the District receives notice, the District will be afforded a reasonable opportunity to correct the activity, policy, or practice. The District will immediately respond to all reported incidents of violence or threatening behavior upon notification.

In addition to complying with the reporting requirements in this policy, District employees must comply with all other applicable reporting requirements contained in any District policy, regulation, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

**Inspections by the Commissioner of Labor**

At the Request of an Employee or Authorized Employee Representative

If the District has been given notice and opportunity to resolve the activity, policy, or practice and the employee or authorized employee representative still believes that a serious violation of the WVPP remains, or that an imminent danger exists, the employee or authorized employee representative may request an inspection by notifying the Commissioner of Labor of the alleged violation or danger. The notice and request will be in writing, describing with reasonable particularity the grounds for the notice, and be signed by the employee or authorized employee representative. A copy of the written notice will be provided by the Commissioner of Labor to the District or the person in charge no later than the time of inspection, except that on the request of the person giving the notice, the person's name and the names of individual employees or authorized employee representative will be withheld.

A District representative and an authorized employee representative will be given the opportunity to accompany the Commissioner of Labor during an inspection for the purpose of aiding the inspection. Where there is no authorized employee representative, the Commissioner of Labor will consult with a reasonable number of employees concerning matters of safety in the workplace.

The authority of the Commissioner of Labor to inspect a premises pursuant to an employee complaint will not be limited to the alleged violation contained in the complaint. The Commissioner of Labor may inspect any other area of the premises in which they have reason to believe that a serious violation of the workplace violence prevention law exists.

Initiated by the Commissioner of Labor

The Commissioner of Labor may inspect any premises occupied by the District if they have reason to believe that a violation of the workplace violence prevention law has occurred. The current Public Employee Safety and Health (PESH) administrative plan will be used for the enforcement of the workplace violence prevention law, including a general schedule of inspection, which provides a rational administrative basis for the inspection.

The District will engage in a process of workplace evaluation designed to identify the risks of workplace violence to which employees could be exposed.

The District will then develop and implement a written WVPP to prevent, minimize, and respond to any workplace violence. The Workplace Violence Advisory Committee, which includes all authorized employee representatives, will oversee and participate in the development of the WVPP. During the development process, the authorized employee representative(s) will provide input on those situations in the workplace that pose a threat of workplace violence.
