2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Westminster School District held a hearing on October 13, 2022 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. The State of California. Core subject textbooks and instructional materials are provided for each student, including English Learners.

Standards-aligned texts and materials are reserved both for use in the classroom and to take home. All textbooks and instructional materials used within the school are aligned with California State Frameworks, State Board of Education, and District Standards.

Westminster School District is actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle, which requires every school site to review textbooks in each curriculum area within a seven-year cycle; textbooks are replaced at the rate of one subject area per year. The table contains a list of the most recent textbook adoptions in core curriculum areas for the school as of October 13, 2022.

School Facility Conditions and Planned Improvements

Stacey Middle School offers a safe and secure campus for students, staff, and visitors. The chart displays the results of the most recent facility inspection provided by the district.

Cleaning Process & Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Each classroom is swept or vacuumed and the trash emptied. The cafeteria, multipurpose room, gym, and all restrooms are cleaned daily. Grounds are groomed on a rotating basis, with trash, lawn, and plumbing issues addressed daily. Due to the COVID pandemic, high touch areas are cleaned frequently and new cleaning and sanitizing measures have been put in place for the entire school.

Maintenance & Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service that emergency repairs are given the highest priority.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, paving, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Stacey Middle School encourages all parents to become involved in the school. Parent conferences, Open House, and Back-to-School Nights are designed to welcome parents, solicit input, and answer questions. The school also has an active Parent Teacher Student Association (PTSA). Parents are encouraged to make an appointment with their child's teacher or principal at any time. The school's website provides information and calendar updates for all parents and community members. All parents receive a weekly email update about school events and often receive automated messages as well.

- Our School Site Council actively involves parents in monitoring, implementing, and evaluating the school plan.
- All parents are invited to participate in fall and spring parent conferences.
- All parents are invited to Back-to-School Night and Open House (Student Showcases) events.
- Community liaison workers contact parents of English Learners to conduct conferences about their student's progress in their home language.
- Special education parents are invited to their student's IEPs and additional conferences regarding their student's progress.
- PTSA meets monthly.
- School Messenger communication system and/or Jupiter Grades is used to inform parents about school activities or volunteer opportunities
- Parent Education opportunities are available.
- Student planners are used as a form of communication and organization for students
- English Learner Advisory Council
- Jupiter grades: parents have daily access to grades and assignments and are able to communicate with their child's teachers.

A strong partnership between the school and home is essential if a quality educational program is to be provided to all students. When parents are involved in the child's learning at school and at home, schools work better and students learn more. By working together, exchanging information, sharing decision-making, and collaborating in a child's learning, everyone can contribute to the educational process. Research shows the strongest indicator of student success in school and in life is the

2023-24 Opportunities for Parental Involvement

involvement of the parents.

- The school will work with parents to develop a written parental involvement policy that is understandable and shared with the school community. The policy will be updated as necessary to meet the changing needs of the parents and school.
- Parents are encouraged to attend an annual meeting to learn about the LCAP plan. They are given numerous opportunities to take the LCAP survey and are encouraged to do so yearly.
- Parents are involved in the planning, review, and improvement of Stacey Middle School's program, the parent involvement policy, and the School Plan for Student Achievement. Parent comments will be forwarded to the Westminster School District if they do not find the School Plan for Student Achievement to be satisfactory.
- Stacey Middle School provides parents with timely information about the school program on Stacey Middle School's website, notes on report cards, calendars, and minutes from the site based meetings.
- Stacey Middle School provides parents with a description and explanation of the curriculum used, the forms of academic assessment used to measure student progress, and the proficiency level students are expected to meet. This information may be explained by teachers in a conference.
- If requested by parents, Stacey Middle School will provide appropriate parent participation opportunities for regular meetings to formulate suggestions in decisions relating to the education of their children and respond to any suggestions as soon as possible.
- The Home School Compact shall be developed jointly with parents outlining how parents, the entire school staff, and students will share the responsibility for improved student academic achievement.
- Stacey Middle School will provide assistance to parents, as appropriate, in understanding such topics as the state's academic content standards and state academic achievement standards, state and local academic assessments, and how to monitor a child's progress and work with teachers to improve the achievement of their children at school and at home.
- Stacey Middle School will provide materials and training, such as literacy training and using technology, to help parents to work with their child to improve their child's achievement.
- Stacey Middle School will educate all staff members, with the assistance of parents, in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.
- Stacey Middle School, when feasible and appropriate, will coordinate and integrate parent involvement programs and activities and conduct other activities that encourage and support parents to more fully participate in the education of their children.
- Stacey Middle School will ensure that information relating to school meetings, parent programs, and associated activities will be sent to parents in a form and language that parents can understand.
- Stacey Middle School will involve parents in the planning of staff development and training for teachers, principals, and other educators to improve the effectiveness of such training.

Parent involvement is an integral part of the school program.

2023-24 School Safety Plan

Stacey Middle School offers a safe and secure campus for students, staff, and visitors. The school was built in 1965 and provides up-to-date facilities and adequate space for students and staff. Stacey Middle School is comprised of a library media center, science and exploratory building, gymnasium, music room, and 45 classrooms. The school also enjoys a spacious quad as well as grassy fields for running, sports, and games.

Stacey Middle School's Comprehensive School Site Safety Plan is reviewed annually to ensure the protection of students and staff, the school and school property, and to establish a climate that is conducive to learning. All staff members have access to the plan and annually attend trainings regarding school site safety policies. Students are supervised throughout the day by classified employees and certificated teachers.

The comprehensive school safety plan was last reviewed and approved in October of 2023.

The school is in compliance with all laws, rules, and regulations pertaining to Covid-19 safety, hazardous materials, and state earthquake standards.

Additionally, earthquake preparedness drills, fire drills, lockdowns, and shelter in place drills are held regularly. In the event of an emergency. The school's Disaster Preparedness Plan has clearly defined procedures to accommodate crises and emergency supplies are available.

Professional Development

Annually there are three district staff, classified and certificated, professional development days. The topics for these days are determined by the district level focus areas such as safety, curriculum adoptions and instructional supports as well as input from the staff. In addition, the district provides monthly release time for professional teams to work and learn together. Certificated staff also participates in bi-monthly Wednesday professional development in either team professional learning communities or targeted professional training sessions. Instructional support specialists provide classroom coaching and professional development that is on-going throughout the year. District staff also attend conferences and outside training that is site determined such as behavior interventions and supports, AVID training, reading and writing conferences, technology conferences and GATE conferences. Additionally there has been a districtwide and school focus on Professional Learning Communities professional development opportunities. The school has participated Interest Based Approach to problem solving training to solve site based issues.
