**ADDENDUM #3**

**Solicitation#24-7071-01 (Rebid of 23-7061-11)  
Construction - New George Wythe High School (RHSA)**

This Addendum supplements, modifies, deletes from, or adds to the original solicitation noted above and all of the requirements of the addendum are herein made a part of the solicitation and any resulting contract documents. Please sign and return this addendum to the Issuing Agency at Richmond Public Schools, Dept. of Procurement and Property Management, 2325 Maury Street, Richmond, VA 23224

This Addendum consists of Two (2) pages.

**Please see the following pre-bid questions and answers below:**

1. In regards to Specification 096400 Wood Flooring, Flooring Type WD1; Robbins sports flooring and Conner Sports Surface Solutions are not listed as manufacturers for this flooring type, but they are listed under the 096466 Specification for the Gym Floors. Would Robbins and Conners be acceptable for the WD1 type flooring?

**Answer: Yes, provided their products comply with the specifications.**

2. Sheet A701 Note 4 states to "Salvage existing coat of arms and install in new flooring." What material is the coat of arms made of? Is there a picture available?

**Answer: The coat of arms sits within terrazzo flooring and is made with mosaic tile. Image included below.**

3. Sheet A603 Lists VCT1-5 with directions to match the respective RT1-5. What is the intent for VCT1-5 as this material is not shown in the finish plans nor are there instructions on what to do with this flooring material?

**Answer: VCT was inadvertently left in after the alternate was removed. VCT should be deleted from the finish schedule.**

(The following was on the finish legend (A-603). Some flooring subcontractors took the VCT as an alternate and priced it with their bid. However, there is not an Alternate anywhere for it. This added confusion on bid day. The value was around \$1M savings to go with VCT).

QTY	STAINED AND POLISHED CONCRETE (REINFORCED)	REINFORCING	TERROXY	TRANSPARENT FINISH		
TZ1	TERRAZZO	TERRAZZO AND MARBLE SUPPLY	TERROXY	TM#23-2510 (LIGHT GRAY)	--	SAPC9
