

Mounds View HS Sophomore Registration Sheet 2024 - 2025

In the spirit of school to home partnership, and in keeping with the understanding that parents/guardians know their children best, we urge families to consider things such as student interest, social/co-curricular commitments, and balance when registering for classes. Parents/guardians are also encouraged to ask questions, review resources, and aid their children in the selection of courses. All materials used for instruction are carefully considered by teams of teachers to meet the needs of each student. Deans and teachers can support students and families in the course selections and in the selections of alternative materials if needed.
