## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Lead Elementary School is a neighborhood school rich with history and a love for learning. We are known for being a school community with an extremely diverse student body and a deeply committed and highly skilled staff of educators who go above and beyond to support every student and family. Our mission statement reads that the Lead Elementary Community is committed to equitable and inclusive practices for all of our students, staff, families, and community members. We believe education is a life-long process that includes academics, social-emotional learning, and activism as a means to improve the world around us. Our vision is that Lead students will achieve their full potential by being active partners in their education and advocates for justice and equity.

The curriculum and instructional practices at Lead are aligned with Common Core State Standards to educate students to achieve their highest potential through a rigorous program that builds a solid academic foundation and challenges students to think critically and communicate effectively. Lead's balanced literacy program of listening, speaking, reading and writing is based on best practices of Early Literacy, Guided Reading, and culturally relevant and responsive literature. English Learners are supported through designated and integrated ELD instruction, based on the English Language Arts/English Language Development Framework and District-adopted English Language Arts Benchmark Advanced curriculum materials. Zearn Mathematics and NGSS science instruction with Twig Science promote investigation and higher level thinking skills through inquiry and communication-based, hands-on learning. Students engage daily in social studies projects and teamwork games in PE while making weekly visits to our school library. Technology is promoted throughout our school as students access several components of our curriculum on Chromebooks and a rich variety of online learning applications, such as Footsteps2Brilliance, ST Math, and Lexia Core 5. Partnerships with the Culturally Relevant Literacy Project, Art4Schools, Music for Minors, Playworks, Code for Fun, Junior Giants, Freedom Soul Media Education Initiatives, The Right Approach, San Mateo Police Activities League and San Mateo-Foster City Education Foundation further enrich both our academic program and our Social-Emotional Learning.

Along with our dedication to academic excellence, the Lead community believes in the development of active, well-rounded and socially responsible citizens who positively impact today and the future. Within the PBIS (Positive Behavioral Interventions and Supports) student programs at Lead, we foster a culture of respect, empathy, responsibility and healthy play. We are focused on student wellness as a school that practices Responsive Classroom strategies and Restorative Practices. We provide students with a Wellness Center, a counseling team, Playworks Junior Coaches, and our social-emotional curriculum called Second Step. Our Lead community is guided by our Core Four values: We are kind, we are safe, we are respectful, and we are responsible. Each classroom establishes a community that incorporates these simple statements to guide students as they make choices and interact with one another. We are a united community of Lead Owls working together to best support all learners to achieve their dreams.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
<b>Total Out-of-Field Teachers</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials

The San Mateo-Foster City School District's highest priority is to work together to ensure that every student has access to the California core curriculum through appropriate instructional materials. Pursuant to the settlement of Williams vs. the State of California, all students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the District Office prior to adoption.

In addition, SMFCSD implemented a supplemental phonemic awareness program, Heggerty in our TK-2 classrooms.

## School Facility Conditions and Planned Improvements

The San Mateo-Foster City School District makes great efforts to ensure that all schools have environments that are clean, safe and functional. The District's Maintenance staff ensures that the repairs necessary to keep schools in good repair and working order are completed in a timely manner, while the Operations staff ensures that the schools are kept clean. A work order process through a program called "Akita Box" is used to ensure efficient service; emergency repairs are given the highest priority. In addition to responding to emergency repairs in a timely manner, the Maintenance Department schedules extra "preventive maintenance" days to catch up on routine repairs and enhancements.

Most District schools, based on enrollment, are staffed with at least one day and one night custodian to provide a clean and hazard-free environment. All of our comprehensive Middle Schools and Foster City Elementary now have two day custodians and multiple night custodians based their enrollment. Some of the larger schools, particularly the middle schools, are staffed with one day custodian and two or three night custodians. Principals, Assistant Principals and District's Maintenance staff work with the custodians to develop cleaning schedules to ensure clean and safe schools. The custodial staff follows the District's cleaning standards. In addition, the District uses a facility survey instrument developed by the State of California's Office of Public School Construction to evaluate the conditions of each school's facility. This evaluation is completed annually for each site. The inspections below were performed during the month of January 2023 to determine the school facilities' repair status.

Recent efforts to address non-routine needs include the passage by the voters of Measure X in 2015--a \$142 million dollar bond to provide the facilities needed for increased and increasing enrollments in the District. Under Phase I of Measure X, Abbott and Borel Middle Schools have new classrooms (completed in late summer 2020) and new gyms/locker rooms (completed Summer 2021) and Bayside Academy has a new gym and locker rooms which were completed in October 2020. The fourth Phase I project is the addition of a new school, Beach Park Elementary, in Foster City which was completed in Spring 2021. Measure X Phase II construction began last year for new multipurpose buildings at George Hall and Sunnybrae Elementary Schools and new science and drama buildings at Bowditch Middle School. Community input for program planning is ongoing for the North Central School.

In July 2020, the Board of Trustees adopted the Facilities Master Plan for the New Decade. The Plan includes facility upgrades to provide a healthy environment for staff and students especially needed with the new realities of increased heat, wildfires and the pandemic; needed new facilities at some sites; and infrastructure improvements such as plumbing and electrical systems. The voters approved a bond measure, Measure T in November 2020 authorizing \$409 million to implement the Immediate Priorities identified in the Facilities Master Plan for the New Decade. The first round of projects of Measure T include new Multi Purpose Rooms at four elementary schools, HVAC addition or replacement at 15 schools, grass replaced with synthetic turf at all schools and new drinking fountains with water bottle fillers District Wide.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	18	20	58	55	47	46
<b>Mathematics</b> (grades 3-8 and 11)	16	14	51	51	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parent Involvement Contact:

Family engagement is a core strategy that Lead has developed and supported in order to achieve its school goals. We encourage parent and guardian involvement throughout the school, both formally and informally. Lead families are actively involved in our Lead Parent Teacher Association (PTA), English Learner Advisory Committee (ELAC), and School Site Council (SSC) which have all functioned virtually and in-person.

Lead follows the District's established homework policy and conferences with parents a minimum of one time a year, more often as the need arises. The Lead School Site Council is directly involved in planning, budget development, program implementation and evaluation of the school site plan in partnership with the Lead ELAC. Teachers, principal, staff and parents are members of the School Site Council and ELAC; therefore, input and discussion are representative of the major school groups. The PTA sponsors family-oriented activities throughout the year. In addition, the PTA provides supplemental learning activities such as field trips to cultural events, science experiences and enrichment activities.

Families participate in our school climate and culture by attending monthly Principal Chats, Community School meetings, our annual Spring Festival, and an abundance of PTA and Family Engagement events. Under non-COVID circumstances, families stay engaged by regularly serving as classroom volunteers, field trip chaperones, and recess volunteers. Families receive constant communication through our school website, outdoor marquee, weekly Principal Newsletters, and ParentSquare. Families team up to raise school funds through the annual San Mateo-Foster City Education Foundation Readathon as well as teacher-led Lead fundraisers. Lastly, families are active participants in Student Success Teams and the creation of interventions and supports for their children.

## 2023-24 School Safety Plan

The San Mateo-Foster City District Handbook, updated each school year, contains the “Guiding Principles for All SMFCSD School Communities” aimed at creating a safe and caring school community where all students and families feel welcomed, valued and respected. These Guiding Principles (respect, responsibility, appreciation of differences, honesty, safety and lifelong learning) communicate the expectations for behavior to students, parents, teachers and administrators and are updated and reviewed yearly. The rules were developed to be consistent with State Education Code, policies of the San Mateo-Foster City School District Board of Trustees and the School District's Strategic Plan.

Comprehensive School Safety Plans, developed individually for each school in conjunction with the San Mateo County Office of Education and City Services, include disaster preparedness and emergency procedures. The School Safety Plans provide role responsibility guidelines and processes required to address major emergencies. Annually, the District reviews each school's Safety Plan to determine if all required components are included and to offer feedback and suggestions. Additionally, the CCSPs are reviewed and approved locally by the School Site Council prior to the SMFC Board of Trustees annual approval by March 1st annually.

California Education Code Section 32280 requires school fire evacuation as well as one? practice lockdown drill, and the District organizes two District-wide drills each year, using different scenarios that test the Big Five Safety Protocols (Shelter in Place, Secure Campus, Drop, Cover and Hold On, Lockdown/Barricade and Evacuation).? ?Some practice drills will involve a District Command Center for communication with each school/program site and full emergency set-up. As a District collaborating with San Mateo County and the San Mateo County Office of Education, we participate yearly in Big Five training for staff.

## Professional Development

Professional Development – 2019-2024 The San Mateo-Foster City School District is committed to providing quality professional development opportunities for all staff. Training is available through three professional development days, and other scheduled release times during the school year and during the Summer. Our primary focus for professional development is aligning instruction to meet the California State Standards and the implementation of our adopted instructional materials. Professional learning opportunities integrate content development and research-based instructional practices to meet the needs of all learners, especially English Learners, Students with Disabilities and Socio-economically Disadvantaged. Professional Development in SMFCSD is grounded in the California State Standards and the research from the California State Adopted Content Frameworks. Elementary teachers have the opportunity for training in language and literacy, science and mathematics. Middle School teachers receive subject specific professional development on the California Standards and strategies to support conceptual understanding and improve student learning.

Due to COVID-19 and the move to Full Time Distance Learning and Hybrid models, SMFCSD provided targeted Professional Learning and training on online components of our adopted curricula, Learning Management System and google meet and zoom. Integrated into these trainings were best practices for teaching in a virtual environment, such as use of break out rooms.

Teachers engage in a variety of Professional Development structures including, site or department specific PD, teacher learning communities within and across sites, and in departments or grade levels - both in large and small groups. This year, many of these trainings were held virtually and we found an increase in participation as well as more cross-site collaboration. Beginning teachers receive professional development through our District-based Induction program. Veteran teachers can participate in a Peer Assistance Review (PAR) program for individual support.

This table displays the number of school days dedicated to staff development and continuous improvement.
