WE CAN PROTECT OUR SCHOOL COMMUNITIES TOGETHER

PAUSD provides secure and confidential platforms for students, parents, and staff to anonymously report safety concerns or potential threats without the fear of retaliation. Through anonymous reporting, individuals may feel more comfortable coming forward with information that can help prevent or address issues such as threats of violence, bullying, harassment, physical security, or other safety concerns. This collaborative approach can foster a safer and more supportive environment for everyone.

"If you see something or hear something, say something!"

- Threats of Violence
- Physical Violence
- Bullying
- Harassment
- Security issues
- Other Safety Concerns

To report threats of violence, security issues or other physical safety concerns, visit Let’s Talk. Identify if you’re reporting anonymously:
