

CHSAA Participation Form

Participants and Parents

A student's high school years provide some of life's most memorable moments. Among those are interscholastic athletics, music and speech competition, an experience that will influence students forever. A student's participation in high school activities is dependent on his/her eligibility. Protect that eligibility. Read the following summary of Colorado High School Activities Association rules that govern a student's participation. Students and parents alike need to review these rules and ask questions of their coaches/directors, athletic director and school administrators. If a student has any questions, he/she should seek the answers before participating by going first to the coach or athletic director. The value of participating in extracurricular activities has been well documented. Participants earn better grades, have better attendance and have a greater chance for success in later life than non-participants. One of the reasons for the value of high school activities is that students meet certain standards to maintain their playing eligibility. Review the following rules together. The student, parents and school's joint commitment to the value of following these rules cannot be overstated.

The CHSAA

The Colorado High School Activities Association has been the governing body of high school athletics and activities (speech, student council and music) in our state since 1921. The student's school is a voluntary member of the CHSAA and has agreed to follow its rules. Both your school and the Association believe in equal competition among schools and the close relationship between academics and activities. The CHSAA rules listed here summarize some of the regulations affecting student eligibility. Complete rules are found in the CHSAA Handbook and on the CHSAA website (www.chsaa.org). The school administrators have copies.

Discrimination

A student-participant will not participate in or condone unfair discriminatory practices against a fellow participant due to age, gender, race, ethnicity, religion, sexual orientation, or disability, nor shall the student be discriminated against under the same criteria.

The Rules of Participation

Academic

A school must select one of two options for determining the eligibility of all its students.

Option B: Carry 5 classes (or the equivalent) which total a minimum of 2.5 Carnegie units per semester and pass a minimum of 2.5 Carnegie units.

Each student must be eligible in accordance with the above section at the time of participation and during the previous semester. **Greeley Central uses Option B.** Make-up work shall not be permitted after the close of the semester for the purpose of becoming eligible. (Cases involving special circumstances should be referred to your principal.) If eligibility has been lost from a previous semester, students may regain their athletic eligibility for fall 2011 on October 13 and for spring 2012 on March 9 by meeting the respective eligibility requirements above. Summer school credits accepted by the school may be used to replace credits in subjects failed during previous semesters. Before taking summer school courses, check with your athletic director. Dropping a class may make you ineligible. See your athletic/activities director before dropping a class. If you play while ineligible, you may cause your team to forfeit any contests in which you played.

Citizenship

The school principal must approve the student to be representative of the school's standards of citizenship, conduct and sportsmanship.

Conduct

If a student is ejected from a contest for unsportsmanlike conduct, he/she will be ineligible for the next contest at that level including qualifying and state contests. The student may not participate in any contests at any other level during this period. For the season, the student will be permitted to compete in one fewer contest than the maximum allowed each participant in the sport. A second ejection during the season shall result in a 2-contest suspension. A third ejection will result in a review of the student's future eligibility by the CHSAA Commissioner. If a student is ejected in the final contest of a season, he/she is ineligible for the first contest of the next sport in which he/she competes and completes the season. Players leaving the bench during a fight shall be ejected and ineligible for the next contest.

Outside Competition

As a member of any high school team, a student may practice or compete in that sport during that sport season in a non-school event with prior written permission of the principal. Members of high school teams may compete in non-school events in that sport without written permission on the day following the completion of the season for the level (freshman, sophomore, junior varsity, and varsity) of the team on which they are competing.

NOTE: A student becomes subject to the outside competition rule on or after the first date of formal practice, when he or she reports out for practice and is in contention for a berth on the team.

Undergraduate

A student may not be a graduate of any high school and participate in high school athletics.

Age

A student's 19th birthday must fall on or after August 1 of the current school year. Exceptions to this rule, based on educational handicaps, may be requested, provided the student's original class has not graduated.

Semesters

Upon entering high school, a student's eligibility will continue only until his/her original class graduates. Once entering ninth grade, a student has have eight consecutive semesters of eligibility. NOTE: If a student drops out of school or misses competition due to an injury, he/she will not receive additional eligibility.

Seasons

A student is allowed a maximum of 4 seasons in any sport.

Physical Exam

A student may not practice or compete (music and speech participants are excepted) without a physical exam that is:

1. Signed by an MD, DO, chiropractor who is school physical certified (DC, SPC), nurse practitioner or physician's assistant licensed by the State of Colorado.
2. Current within the last 12 months.
3. On file with principal or athletic director prior to first practice.

Parent Permit

A student's parent or legal guardian must sign a form acknowledging the risks involved with participation in interscholastic athletics and granting permission for the student to participate.

Practice

A total of 9 different days of practice is required before participating in an interscholastic game or scrimmage in fall sports and five days in winter and spring sports. Exception: Golf, skiing, softball and tennis players and participants in state playoff games completed on or after the first day of formal practice. **No contact between a coach and player is allowed on Sundays during the school year.** A student cannot be required to practice or compete outside of the season as a condition of making the team.

Transfer Rule

A student who participates in a formal practice at the beginning of the school year and then transfers without a parental move will be ineligible for varsity competition for the remainder of that sports season.

Summer Transfer

A transfer from one high school to another during the summer without a permanent change of domicile by the student and his/her family to the attendance area of the new school will render the student ineligible for varsity competition for the first half of the season in any sport in which the student competed during the previous 12 months. The student may practice with the team and play at the sub-varsity level during this period of restricted participation.

Mid-year Transfer

A student who transfers after the start of the school year without an accompanying family move shall: Have restricted (sub-varsity) eligibility for the remainder of that school year in sports played in the last 12 months. In the next school year, the student will have only sub-varsity eligibility for the first 50% of the season in those sports played 12 months prior to the move. It is the student's responsibility to know the CHSAA Transfer Rule and how it affects that student's eligibility. The CHSAA Commissioner may grant exceptions to this rule in unusual cases. If a waiver of the transfer rule is requested, the student is not eligible until the waiver is approved by the CHSAA Commissioner. Cases involving separation and/or divorce proceedings should be reviewed with the school administration. If a student is involved in a transfer, contact the school's athletic director or principal.

Awards

In any approved CHSAA interscholastic competition, no awards or gifts of any kind other than awards/gifts by the school or the Association and limited to \$50 (exclusive of engraving) shall be made to participants.

Amateur

If a student participates in a CHSAA-approved sport, in other than CHSAA competition, his/her amateur status is determined by the rules of the amateur governing body of that sport. Amateur status of Colorado high school athletes applies only to sports sanctioned by the CHSAA.

Do not: compete with or against professionals; accept money or sign a professional contract; compete under an assumed name; accept a cash or merchandise award for demonstrating athletic ability.

Checklist for Student Eligibility

If a student cannot check all 10 items, he/she needs to contact the athletic director or principal.

- At least 5 full-time classes. See Academic Section
- Option A Failing no more than one class.
- Option B Passing a minimum of 5 classes.
- Complied with first two items last semester.
- Physical exam within the last calendar year.
- Parent permit form on file at the school
- Have not changed schools during the current school year without a corresponding move by parents.
- Will not or have not turned 19 before August 1.
- Have never dropped out of school.
- Will not play more than 4 seasons in any sport.
- Will compete or practice in no non-school events in my sport once reporting out for the team, without the permission of my principal.

2011-2012 CHSAA Activities Year

Statement must be signed by participant and parent or legal guardian and returned to the coach or athletic director. ***This form will also appear on the physical form for signatures.***

1. I have read and understand the attached CHSAA eligibility rules which affect my participation in interscholastic activities.

Student Signature _____ Date _____

2. I have read and understand the attached CHSAA eligibility rules which affect my child's participation in interscholastic activities.

Parent/Guardian Signature _____ Date _____

3. I have submitted, on behalf of my child, the enclosed "Statement of Physical Examination and Parent Permission for Athletic Competition," signed by the physician, nurse practitioner or physician's assistant, parent/guardian and student.

Parent/Guardian Signature _____ Date _____

Athletic Director: Place on file at your school.
