School District Organization Committee

Incumbent Candidate

Statement Stephanie O'Brien

I humbly request the honor of serving another term on the School District Organization Committee for Marin County Office of Education. I have had the privilege to serve the families and communities of Marin County, initially as a trustee for the Lagunitas School District Board for 10 years, and currently as a Governing Board Member for the Marin County Community College for 7 years.

I continue to marvel at how our county supports public education. As an engaged parent of a community college student, small business owner, tax payer and strong believer in local control over our educational decisions, my involvement in SDO has given me the unique opportunity to participate in decision making that impacts families and taxpayers directly. This committee is comprised of dedicated, intelligent and caring community members, and I wish to continue that engagement in the coming 4 years. Thank you again for your consideration.

School District Organization Committee

Write-Candidate Statement

Charles B. Schumacher

It would be my honor to serve Marin County education on the School District Organization Committee. In my three plus years living in the Larkspur Corte Madera School District, I have been an advocate for students, families and staff. My experiences range from setting and guiding policy as a School Board Trustee, making boots on the ground impacts in classrooms, and supporting fundraising efforts in our District's Foundation (SPARK) and recently in our Measure A extension of the much needed parcel tax. Prior to returning to my home state of California, I also served two years on the District Leadership Council of the Highland Park Independent School District in Dallas, Texas.

I am committed to working on making life easier for the thousands of families that navigate the complexity of this great County of Marin. Your support in electing me to this critical committee is very much appreciated Thank you for your kind consideration.

WAIVER OF LAPSATION

Education Code 35780 states that any school district which has been organized for more than three years shall be lapsed if

- The number of registered electors in the district is less than six, OR
- The average daily attendance of pupils in the school is less than six in grades 1 through 8

Average daily attendance (ADA) is essentially calculated as the total number of days a pupil attends school for the year divided by the total possible number of days attendance (i.e. the number of days school is in session). Thus, a pupil with perfect attendance generates 1 ADA. A pupil with less than perfect attendance generates less than one ADA. Elementary schools in California have an average 96% attendance rate.

The Lincoln Union School District has only four students enrolled for the 2018-19 year and it is therefore highly likely the District's 2018-19 ADA will be less than 6 ADA. As such, the District will be subject to automatic lapsation at the close of the 2018-19 year, meaning the District would cease to exist and the school currently being operated would likely be closed. Going forward, students would be served by the contiguous District that receives Lincoln Union's school attendance area in a lapsation process conducted by the County Committee on School District Reorganization.

To avert lapsation the District will need to request and be granted a waiver of education code 35780. The District is, therefore, seeking input from parents, staff, and students of the school as well as the broader general community to ascertain the level of support for keeping the District intact.

This public hearing, which was noticed in the Santa Rosa Press Democrat is being held to gather input from the community prior to the Board's consideration of action upon a waiver request at the regular meeting on November 13, 2018.

§ 35780

35780. (a) Any school district which has been organized for more than three years shall be lapsed as provided in this article if the number of registered electors in the district is less than six or if the average daily attendance of pupils in the school or schools maintained by the district is less than six in grades 1 through 8 or is less than 11 in grades 9 through 12, except that for any unified district which has established and continues to operate at least one senior high school, the board of supervisors shall defer the lapsation of the district for one year upon a written request of the governing board of the district and written concurrence of the county committee. The board of supervisors shall make no more than three such deferments.

(b) For a newly organized school district that has been unable to provide the school facilities necessary for instructional services by employees of the district to all of the pupils who are residents of the district after five years from the date that the reorganization became effective, the county committee on school district organization, upon direction from the State Board of Education, shall initiate lapsation procedures pursuant to Section 35783 or revert the reorganized district to its original status.

(c) A school district may also be lapsed when there are no school facilities or sites on which to maintain any school in the district.
