363	On the other hand the amount of time we spend on lessons is inconsistent, sometimes will work on a topic for a week other times will work on it for a month. Also I don't like the fact that if the majority of the class is doing well we move on even if other students are not as sufficient in it.

437	A couple of things that Canal schools should stop doing is letting bulling happening. In my opinion, it is very disappointing that we have 1.5/5 stars for our school. It is almost embarrassing to come here and knowing that we have 1.5/5 stars. And part of the reason why we probably have 1.5/5 stars is because of bullying and racism (that no staff takes care of.)
438	Let students make the morning announcement jokes.
