By law, a student (or the parent/guardian on behalf of the student) is not required to identify their race and/or ethnicity on school forms. However, if a student (or parent/guardian on behalf of the student) does not complete the two-part question on race and ethnicity, by law, school personnel must use 'observer identification' to select the race and ethnicity of the student.

Student Information:

Write the name of the child, date of birth, grade level, name of school and school district. Only name one child per form.

Tribal Membership:

Check only one box indicating whether it is a Federally Recognized, State Recognized, Terminated Tribe or Organized Indian Group. Write the enrollment number establishing the membership for the child, parent, or grandparent, if readily available, or other evidence of membership.

Attestation Statement: Provide the printed name of parent/guardian and signature, address, phone number and email of the parent or guardian of the child. The signature of the parent or guardian of the child verifies the accuracy of the information supplied.

Requirements for school enrollment per Washington State Law (RCW 28A.210.080)

- A Completed Certificate of Immunization Status. This can be one of the following:
 - A CIS printed from the Washington Department of Health [MyIR](#) system or a CIS from another state
 - A physical copy of the CIS form with a healthcare provider signature
 - A physical copy of the CIS with accompanying medical immunization records from a healthcare provider verified and signed by school staff

OR

- Notification to the school that an immunization series has been started
This will be completed in accord with your health care provider's recommended schedule. Immunizations are available from your private health care provider or you may obtain vaccines from Community Health Center of Snohomish County. WWW.chcsno.org Conditional status will only be granted to students if they have started the series of a required immunization that they are due to receive. As a requirement to attend school all immunization series need to be complete or started. A medically verified record of this status must be presented to the school on or before the first day of attendance.

OR

- Complete a Certificate of Exemption (C.O.E.) in addition to the Certification of Immunization
A licensed health care provider needs to sign the Certificate of Exemption for a parent or guardian to exempt their child from school immunization requirements. The signature verifies that the provider has spoken to the parent or guardian about the benefits and risks of immunization. A parent or guardian can also turn in a signed letter from a healthcare provider stating the same information. If there is an outbreak at school of any vaccine-preventable disease for which your student is exempted, your student will be excluded from school for the duration of the outbreak.

All students enrolled at a public school must follow the immunization rules, even if participating in an alternative school or district program. These include home-school programming, vocational or technical programming, Running Start, and any virtual school program. All students will need to have a completed Certificate of Immunization Status (CIS) and/or Certificate of Exemption (COE) on file at the school to participate in school instruction and activities.

Printing a Certificate of Immunization from MyIR is the best option for obtaining student immunization records.

I certify that the information provided on this form is correct and verifiable.	Health Care Provider or School Official Name: _____ Signature: _____ Date: _____
	If verified by school or child care staff the medical immunization records must be attached to this document.

Instructions for completing the Certificate of Immunization Status (CIS): Print the from the Immunization Information System (IIS) or fill it in by hand.

To print with the immunization information filled in:

Ask if your health care provider's office enters immunizations into the WA Immunization Information System (Washington's statewide registry). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waiisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

1. Print your child's name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediarix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - ☐ If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - ☐ If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records

All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state's IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider's electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status

Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose). To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.
