WORKERS' COMPENSATION INFORMATION

To All Employees:

The workers' compensation law provides wage loss and medical benefits to employees who cannot work, or who need medical care, because of a work-related injury.

Benefits are required to be paid by your employer if self-insured, or through insurance provided by your employer. Your employer is required to post the name of the company responsible for paying workers' compensation benefits at its primary place of business and at its sites of employment in a prominent and easily accessible place. It is also required to be posted in any areas used for treatment of injured employees or for the administration of first aid.

You should report immediately any injury or work-related illness to your employer. Your benefits could be delayed or denied if you do not notify your employer immediately.

If your claim is denied by your employer, you have the right to request a hearing before a Workers' Compensation Judge.

The Bureau of Workers' Compensation cannot provide legal advice. However, you may contact the Bureau of Workers' Compensation for additional general information:

EMPLOYEE'S ACKNOWLEDGEMENT FORM UNDER SECTION 306(f)(1)(i) OF THE PENNSYLVANIA WORKER'S COMPENSATION ACT

I recognize and agree that my employer has provided a list of at least six (6) designated health care providers, no more than two (2) of whom are coordinated care organizations and no fewer than three (3) of whom are physicians. Therefore, I acknowledge that I must treat with one of these health care providers for ninety (90) days from the date of my first visit. If I fail to treat with one of these designated health care providers, I understand that my employer will not be liable for the payment for services rendered during this ninety (90) day period. Subsequent treatment may be provided by any health care provider of my choice. However, I must advise my employer within five (5) days of my first visit to each and every non-designated health care provider. Failure to do so may affect whether my employer is liable for payment for services rendered prior to appropriate notice.

My employer has informed me of my rights and duties, and my signature acknowledges that I have been so informed and that I understand my rights and duties.

NOTICE TO EMPLOYEES IN CASE OF WORK-RELATED INJURIES

- If you suffer a work-related injury, your employer or its insurance company must pay for reasonable surgical and medical services and supplies, orthopedic appliances and prosthesis, including training in their use. 2.
- In order to insure that your medical treatment will be paid for by your employer or the insurance company, you must select from one of the following health care providers.
- You must continue to visit one of the physicians listed below, if you need treatment, for ninety (90) days from the date of your first visit.
- If one of the persons below refers you to another licensed specialist, your employer or their insurer will pay the bill for these services.
- After this ninety- (90) day period, if you still need treatment and your employer has provided a list as set forth below, you may choose to go to another health care provider for treatment. You should notify your employer of this action within five days of your visit to said provider.
- If a physician on the list prescribes invasive surgery, you may obtain a second opinion from any physician of your choice. If the second opinion is different than the listed physicians opinion, you may determine which course of treatment to follow; however, the second opinion must contain a specific and detailed treatment plan. If you choose the second opinion, the procedures in that opinion must be performed by one of the physicians on the list for the first ninety- (90) days. Therefore, in this situation, the employee may be required to treat with an employer-designated provider for up to 180 days.
- If you are faced with a medical emergency, you may secure assistance from a hospital, physician, or health care provider of your choice for your workrelated injury. However, when the emergency is resolved, you must seek treatment from a provider listed below.
