2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Lincoln Elementary School Mission Statement:

We believe all children can learn and we will establish high standards of learning that we expect all students to achieve. It is our job to create an environment in our classrooms that engages students in academic work that results in a high level of achievement. We are confident that with our support and help, students will master challenging curricula, and we expect them to do so. We are prepared to work collaboratively with colleagues, students, and parents to achieve this shared educational purpose.

Lincoln Elementary School goals and vision include the following:

- * Students will show an increase in progress towards proficiency of the Common Core English Language Arts standards.
- * Students will show an increase in progress towards proficiency of the Common Core Mathematics standards.
- * Student engagement will improve through activities and strategies in the areas of science, social studies and the arts.
- * The school will expand opportunities for family participation and education.
- * The suspension rate will decrease from the previous school year. Attendance rates for all students will increase from the previous school year.
- * All English learners will show growth towards meeting English Language proficiency and grade level academic standards.

Lincoln Elementary has a diverse student population with many challenges and needs. The school staff is well equipped to meet this challenge and serve our students in all curricular, behavioral, and social-emotional needs. In order to achieve these goals, several indicators are used throughout the year. DIBELS reading assessment is used for all Kindergartner's through Third graders as well I-Ready for Kindergarten through Sixth grade. For mathematics we use I-Ready for Kindergarten through Sixth grade, along with CAASPP Math scores for Third through Sixth grade. Both math and reading assessments are formally progress monitored three times a year. Student planners and Journals are used as an indicator of student engagement, science, writing, and organization. Teachers are checking planners daily/weekly and will use rubrics for science and writing at least quarterly. Family attendance at designated school events will be used to show an increase in participation. After each event, data is taken to show participation. Overall school wide suspension and attendance rates will be used to show the expected outcomes. This is checked three times a year. For our English Learners, we use the ELPAC and reclassification as our indicators. Both of those indicators are monitored twice a year.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	7.4	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Following a public hearing the LUSD Board of Education has found that sufficient textbooks and instructional materials are available to each student in Reading/Language Arts, Mathematics, Science History/Social Science and Health. All students, including English Learners have textbooks or instructional materials, or both, to use in class or to take home.

School Facility Conditions and Planned Improvements

Our facilities are managed by our maintenance department in cooperation with our lead day custodian. Our custodian does site inspections weekly of all of our facility and reports any items in need of attention or repair. The custodian reports any maintenance concerns to the district maintenance department. The maintenance department makes all repairs in a timely manner. The School Safety Officer also inspects the school daily and will report to administration if something is wrong. Our custodial staff cleans classrooms daily and while in the classroom will inspect the rooms for anything that might need to be repaired. The custodial staff is responsible for cleaning all common areas on a daily basis.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	28	31	27	28	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Lincoln Elementary has a PTA that provides support to teachers and students for learning in and out of the classroom. There is a School Site Council Board that meets about five times a year to go over the process of the school plan. They make suggestions of the goals that need to be written by looking at school wide data. This committee has great discussions of what is working and what changes should be made to make more of a positive impact on student learning and success. Our Title 1 teacher hosts quarterly ELAC meetings with great discussions and input from our parents. During the ELAC meeting, there is always some type of parent engagement activity that is offered to help make the parents feel welcome and connected to the school and as a parent community. There is a Principal Chat four times a year that parents are able to attend to hear of school wide activities and learning that is happening. At those meetings, parents are given opportunities to ask questions and give suggestions on how to make Lincoln Elementary thrive even more than it currently is. 2023-24 School Safety Plan

Emergency Response Procedures were developed in coordination with the California Safe Schools program and are revised and updated each year with the support of LUSD security and LUSD School Resource Officer. These are detailed in the School Safety Plan and support responses needed depending on the type of emergency. The staff is trained on procedures to follow during an emergency. The staff and students participate in regular drills to practice the procedures. The School Safety Plan was last reviewed and updated in February 2023.

Fiscal Year 2022-23 Types of Services Funded

Lincoln Elementary is a Title 1 funded school. Intervention services are provided by credentialed teachers, paraprofessionals and primary language assistants during the school day. Students who are not working at grade level receive intervention services. We have an after school program that supports student homework and gives the students enrichment activities in a safe environment. During the school day we offer a Conflict Manager program, group and individual counseling, music programs, student council and leadership opportunities, along with gifted and talented education within the classroom. We offer a language, speech, and hearing program along with a resource program if students are in need of those services. There are times during the school year where grade levels are offering after school tutoring and intervention based on specific skills. This tutoring happens with a teacher from that grade level.

Professional Development

Lincoln Unified School District provided four professional development days for staff annually as part of the contract, with site based follow up scheduled during the year. Early dismissal on Mondays also provides teachers with additional time each week to collaborate and articulate with other grade level or department teachers. Teachers work in teams to analyze data, determine essential standards and plan instruction. Professional learning is provided to support implementation of new curriculum, best practices and instructional strategies to support the achievement of all students. In addition, new teachers are provided with

Professional Development

three days of professional learning before the start of school each year. Our goal is to continue to have a highly trained professional staff that supports success for all students in the classroom. Lincoln Unified School District is committed to supporting school district staff through quality professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
