2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

In the Fall of 1993, Brookside School, home of the Bobcats, opened its doors to 250 excited Kindergarten thru 7th grade students. It was a small school with innovative teachers in which there were high expectations for all. Brookside now has a school with a population of over 738 kindergarten thru 8th grade students. State standards have increased in rigor and our classrooms are equipped with an abundance of technology.

While there have been many changes, there are many things that are remarkably the same. Brookside continues to have innovative and creative teachers that are dedicated to our students. We have a very active PTSA that does extensive fundraising to provide our students many enriching educational opportunities. Our families and community provide a high level of support for our school and students in many capacities. Brookside School students continue to exceed academic expectations. In the past, the Bobcats have earned 1st place finishes in the the following county and state competitions: Math Olympiad, Math Counts, Math Steeplechase, Science Olympiad, and so much more. Brookside currently competes in Science Olympiad Brookside School has been recognized as a distinguished school.

The goals for 2023-2024 focus on Reading, Writing, Math, English Learners and Student Engagement/Achievement. There is a focus on reading for grade levels K-3 and improving reading comprehension for 4th through 8th grades. This will be monitored with quarterly DIBELS assessments and a review of iReady data three times a year. There is a continued focus on the reading and writing skills of the English learners. Annual ELPAC data, iReady data, and CAASPP information informs our ELD instruction. Improving math performance K-8 is another goal that will be monitored with iReady data (K-8), mid module assessments, exit tickets after each lesson, end of module assessments, and CAASPP data. Student engagement and achievement is being monitored throughout the school year by having frequent check-in meetings with our 5th-8th grade students in regard to academics and continuously encouraging students to become involved in some of the extracurricular activities offered. An SEL team has also been implemented this year which consists of various staff members who meet regularly to discuss school culture and climate. A rotating group of various students will also meet with the SEL group to be able to give their input of our school culture and climate.

Brookside School Mission Statement

Brookside School is committed to providing a high quality learning environment that meets the academic, social, emotional and physical needs of our students. The Brookside School staff, in partnership with home and community, will provide a safe and inspiring atmosphere that contributes to the development of critical thinkers, responsible citizens and lifelong learners. Brookside School believes that all students can learn. Every decision we make is student centered.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Following a public hearing the LUSD Board of Education has found that sufficient textbooks and instructional materials are available to each student in Reading/Language Arts, Mathematics, Science History/Social Science and Health. All students, including English Learners have textbooks or instructional materials, or both, to use in class or to take home.

School Facility Conditions and Planned Improvements

The Brookside School campus is 29 years old. There are currently 37 spaces being used as classrooms. The campus is kept clean and safe for student and staff use. Classrooms and common spaces are cleaned and disinfected on a daily basis. Common spaces are disinfected multiple times throughout the day. We have an adequate number of classrooms for teacher/student use for the 738 students that attend the school. We have two well maintained playground areas for student use. The grounds are kept up nicely. Maintenance consistently works hard to make sure the leaves from the trees are cleared regularly and any sprinkler or other issues are addressed immediately. The primary walkway near the restrooms was uplifted due to tree roots. It was repaired in November 2020. We have recently had a second hydration station set up outside of the intermediate grade level bathrooms near the basketball courts. This is accessible to all 1st through 8th grade students. The other hydration station is located in the MUR.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	59	57	27	28	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Brookside School values having a collaborative relationship between our staff, families and the community. There are a number of ways that parents can be involved in their child's education. Having ongoing dialogue about our school is an important factor that contributes to our success. Below is a list of parent committees and volunteer opportunities. Families can call the school office (209) 953-8642 for more information.

ELAC

English Learner Advisory Committee - A school-level committee comprised of parents, staff, and community members designated to advise school officials on English learner programs and services.

SSC

School Site Council - The School Site council develops the School Plan for Student Achievement for programs funded through the consolidated application. This group regularly discusses school policies and procedures.

PTSA

Parent Teacher Student Association - The PTSA is a volunteer association where parents, educators, students and the community have an opportunity to be active in the school. This group is essential in the planning of student activities and family events. The fundraising efforts of the PTSA help to provide enrichment opportunities for our students.

The list below are other ways that parents/families can participate in student learning:

Volunteer in the Classroom: art activities and/or small groups

Volunteer for PTSA events: Harvest Fair, Fundraising, Reflections, and other events

Chaperone a Field Trip

Parking Lot Duty

Art Docent

Coach a group in Science Olympiad

Math Olympiad coaching for grades 4th-6th

2023-24 School Safety Plan

Emergency Response Procedures were developed in coordination with the California Safe Schools program and are revised and updated each year with the support of LUSD security and LUSD School Resource Officer. These are detailed in the School Safety Plan and support the responses that are needed depending on the type of emergency. During staff meetings throughout the year, the staff is trained on procedures to follow during an emergency. The staff also participates in table top discussions where the School Resource Officer gives various scenarios that can happen at school and the staff discuss the best ways to respond to such scenarios. The staff and students participate in regular drills to practice the procedures that will ensure their safety. The School Safety Plan was last reviewed and updated in February 2023.

Fiscal Year 2022-23 Types of Services Funded

Brookside students in need of academic support receive intervention services in a variety of ways:

- A bilingual translator provides Tier 2 supports to EL students on Monday-Friday from 8:30-11am. This is typically done in a small group session or through push-in support at various grade levels where English Learners are present.
- 6th, 7th and 8th grade students receive intervention in math during their period and/or designated homeroom time. Students are also able to come in during their lunch time for additional support in 7th and 8th grade.
- Homework help/tutoring is available to 3rd-6th grade students 2-3 times per week after school in the library.

* Qualifying students in the Extended Day program have the opportunity to receive tutoring from a teacher 2-3 times a week after school.

- To address the social emotional learning, students are supported by VCCS (Valley Community Counseling Services).

Professional Development

Lincoln Unified School District provides one professional development day for staff annually. Early dismissal on Mondays provides teachers with additional time each week to collaborate and articulate with other grade level or department teachers. District Wide Collaboration Days (DWCD) are embedded throughout the school year focusing on topics including iReady data talks, SEL teaching strategies, and SVMI math strategies. Teachers work in teams to analyze data, determine essential standards, and plan instruction. Professional learning is provided to support implementation of new curriculum, best practices, and instructional strategies to support the achievement of all students. The District has partnered with SVMI to focus on Math instruction and strategies and are currently focusing on grades 4th-6th. In addition, new teachers are provided with three days of professional learning before the start of school each year. Our goal is to continue to have a highly trained professional staff that supports success for all students in the classroom. Lincoln Unified School District is committed to supporting school district staff through quality professional development.
