SUMMER 2024

DESIGNING FOR PROJECT-BASED LEARNING

JUNE 3-5 - 8:00 AM - 4:00 PM

AT NANAIKAPONO ELEMENTARY JUNE 3,4 & MID-PACIFIC ON JUNE 5

Kupu Hou Academy at Mid-Pacific Institute (MPI) is pleased to offer its 13th annual summer teacher professional development program focused on Project-Based Learning (PBL), Inquiry and Deeper Learning Practices (DLP). We will implement a cohort model for the 2024 cohort that will support teachers at the workshop and throughout the year.

The workshop will emphasize the linkage between good instructional design in projects and specific learning outcomes and aligning with Elements of Quality Professional Development. Participants will develop the skills and knowledge to design lessons emphasizing deeper learning, including designing and receiving feedback on their work to implement in their classroom.

The end product will be a powerful, engaging project they will implement in the first semester of Fall 2024.

Cost: **\$950** (includes breakfast & lunch)

Registration is limited to 60 participants.
