2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Description:

Lucille J. Smith Elementary School is one of eight schools of the Lawndale Elementary School District. Smith serves approximately 350 students. We take a growth mindset approach to teaching and learning, focusing on the needs of the whole child. We are committed to providing all students with rigorous and rich educational experiences which include health and wellness, safety, academic rigor, before and after school enrichment and intervention, as well as art and music experiences. We are proud to include and engage parents and our community in learning and teaching. Our social worker and community liaison provide a number of parent workshops focused on attendance, growth mindset, math, Language Arts, ELD, parenting, gardening, and health and wellness. Our parent workshops and family engagement nights are well received by our Smith families.

We believe in...

Valuing diversity and listening to all members of our school community

Empowering students through enrichment opportunities to build on their unique gifts and through intervention opportunities to move them forward

Collaborating to build consistency and developing relationships to increase student achievement

Communicating effectively among staff, students, and the Lawndale community

Welcoming and encouraging parent engagement

Holding high expectations for every member of the Smith Family

Promoting a comprehensive integration of technology to support students, staff and parents

Mission Statement:

2023-24 School Description and Mission Statement

Lucille Smith Elementary is a learning community that supports innovation and is committed to continuous improvement, working as a team to prepare students to become productive, knowledgeable, and responsible citizens. We promote positive relationships, high academic achievement, and a passion for life-long learning to ensure present and future success.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Lucille Smith School site was the location of the District's first school. In 2004, ground was broken for an entirely new facility.

Lucille J. Smith is a brand new structure. The campus is completely fenced in. Because this is new construction, all of the classrooms meet the educational demands for electrical, lighting and security measures.

The school is a closed campus and gates remain locked during school hours. All parents and visitors must check in through the office to access the school grounds. Before and after school, and at lunch, adult aides supervise the playgrounds. Teachers monitor students at recess.

Our classrooms, staff rooms, and playgrounds are safe and clean environments for teaching and learning. Students have access to a large playground with blacktop, grass area, and a modern apparatus. Two full time custodians perform basic cleaning operations at our school site. Classrooms are cleaned every other day and restrooms are cleaned daily. 100% of the restroom toilets are operational. The District maintenance and grounds departments provide additional services as needed. Grounds are maintained weekly.

The investment through our district to build this beautiful new building was \$12,502,731.

Measure L and ESSER funded projects 2019-21

- Painted exterior of all buildings, fences, and external metal surfaces
- Deck recoated on 2nd story
- Replaced all HVAC units throughout campus

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	37	33	31	33	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent and community involvement is an invaluable resource that significantly contributes to the success of our school. We have an active PTA, School Site Council, and English Learner Advisory Council.

Our PTA, currently headed by President Mindy Thomas, became established and fully functioning during 2023-24. The PTA provides support for several family night events and helps to give a formal structure for parent volunteers at our school. The PTA needs and welcomes your support. If you would like to know how you can get involved in PTA activities, please contact Mindy Thomas through our school office at 310-970-2915.

We welcome the assistance of parent volunteers to support school events and fundraising opportunities. The Smith Parent Volunteer Center is supported by Daniela Rubio, Community Liaison. Our Smith School Site Council, PTA, parent volunteers, and community provide positive support to our school. We create opportunities for parents to engage and learn with their children. We offer anti-bully information workshops, social media workshops, SBAC testing workshops, as well as a number of grade level specific literacy workshops in English and Spanish. We use ParentSquare, the Blackboard telephone messaging system, and social media to keep families informed of school events. Parents are an integral part of our School Site Council, English Learner Advisory Committees, African-American Parent Advisory Committees. The principal holds "Coffee with the Principal" meetings and invites all parents to attend.

If you would like to support our school, please contact our front office staff at 310.970.2915.

2023-24 School Safety Plan

Lucille J. Smith provides a safe environment for teaching and learning. We are a "closed" campus and have controlled access onto campus. All visitors enter and exit through the main office and use our buzzer system to allow entry to the school. The Raptor system is used as a sign-in procedure with I.D. A Comprehensive Safety Plan is in place for every school in the District. Smith School's Safety Plan was developed prior to the opening of the school in September 2006 and is reviewed and updated by the Ms. Natalie Martinez, the district's Safety and Risk Coordinator. The Safety Plan addresses ongoing safety concerns as well as what to do in the event of an emergency. Key elements of the plan cover playground supervision, child abuse reporting procedures, campus access, and evacuation and emergency procedures. Emergency procedures and actions include protocols for Lock Downs, Lock Outs, and Active Shooter on Campus. The main focus of our plan is student accountability and safety.

Professional Development

The LESD Education Services team in collaboration with the Language Arts Specialists, Math TOSAs, English Language Instructional Resource Teachers and Principals have designed a comprehensive system for monthly professional development. All district professional development occurs on Thursdays after school following an early release day. Topics are selected based on expressed teacher need and identified student deficiencies. All professional development in the LESD focuses on meaningful collaboration, developing teacher capacity and the implementation of research based practices to support student achievement.

Professional development focuses on the instructional shifts needed to meet the rigorous demands of the Common Core State Standards and the need to support development of academic discourse for all students, with an emphasis on English language learners. All TK-5th grade teachers receive professional development support in the areas of social-emotional learning, Benchmark 2.0, Math, and integrated ELD. Collaboration time is spent on data analysis and planning in the areas of English Language Arts, Math, and ELD. Teachers receive professional development in structured cycles that afford them the opportunity to learn about a new concept, plan for implementation with their colleagues, practice their learning with students, and then come back with their colleagues to discuss the strengths and weaknesses of their instructional implementation of the new skill.

Feedback about the effectiveness of the professional development is regularly collected to assess the effectiveness of the program and make changes as needed. Additionally, site staff members and Educational Services team members regularly
