2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Will Rogers Middle School is one of eight schools in the Lawndale Elementary School District. Rogers became a 6th, 7th and 8th grade middle school in 2006-2007. It currently serves an ethnically diverse school of 809 students many of whom are second language learners. Will Rogers Mission is to prepare students to become citizen leaders of the 21st century. Rogers expects academic excellence from every student. We enable each student to maximize their potential through an outstanding educational program. Students are engaged in critical thinking, problem solving, collaboration and communication in a standards based curriculum. Will Rogers Middle School is organized into small learning communities where every student is known, valued for their contributions, and nurtured. Rogers Panthers show their Panther PAW -Practice Safety, Act Respectfully, Work toward success. Will Rogers Middle School continues to strive to improve continuously in the areas of teacher training, parent involvement, instruction, safety, attendance, discipline, and positive culture.

Rogers has one full-time Language Arts Specialist (LAS) for intervention, providing small-group support in the area of English-Language Arts with the use of Instructional Assistants. Rogers also has one full time English Learner Instructional Resource Teacher (ELIRT) and a math TOSA that provide teachers the resources to deliver best first instruction to students on a daily basis. In addition to that there is a 21 century instructional technology resource teacher, two social workers, two counselors, computer technician and a library media specialist split between all school sites. The Title I funds are allocated toward interventions. In addition to having a Language Arts Specialist, there are two 5 hour and two 3 hour instructional assistants. Most of the instructional assistants are bilingual. Additionally, The instructional assistants support the ELIRT and LAS directly by servicing struggling students.

Will Rogers Middle School is dedicated to ensuring that all students succeed. We maintain a school culture that ensures safety, builds respect and teaches personal responsibility for learning. We are a community committed to excellence and academic achievement. We serve a richly diverse student population through a focus on learning. The staff at Rogers provides rigorous instruction, develops social leadership skills and supports student's individual needs to ensure success. In support of our goals, Rogers Middle School provides on-going professional development for all our staff. Parents are partners in our commitment to student achievement. Rogers invests in the future by creating a supportive learning environment with high expectations for all our students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Lawndale Elementary School District reviews and updates its textbooks and instructional materials according to California Department of Education Regulations. All Williams Legislation reports have found student access to textbooks to meet all requirements. Science textbooks and materials were adopted in 2008-09 and is piloting during 2021-22 school year and Language Arts textbooks and materials were adopted for the 2017-18 school year. Go Math from McGraw Hill was adopted for the 2015-16 school year from the most recent list of Common Core Standards materials by the California Department of Education. The History/Social Science Department was adopted in the 2020-2021 school year.

School Facility Conditions and Planned Improvements

Will Rogers Middle School is well-maintained and provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Four full time custodians perform basic cleaning operations at our school site, and the Lawndale School District Maintenance and Grounds Department provides additional services as needed. Detailed cleaning is done during vacation periods. The district provides maintenance services on a regular schedule and the district maintenance staff ensures that the repairs necessary to keep the school in good condition and working order are completed in a timely manner. Daily reports of incidents that require repair at the school sites are processed through work orders. A work order process or request for repairs is used to track work orders prioritize emergency repairs and ensure efficient service.

The buildings are well maintained and surrounded by a grassy quad area and a large park. The campus has been renovated and the technology has been up graded. All classrooms are equipped with internet connectivity.

A thorough renovation was completed at Rogers Middle School between 2001 and 2004, as part of the District's modernization program. Throughout the entire modernization process, the students' safety was at the forefront of everyone's mind. To address some of these safety concerns, more classrooms and restrooms were added and new routes for student ingress and egress were created.

Improvements made after modernization

- Library multimedia learning center updated
- Installation of filtered drinking fountain and bottle refilling station
- Gym lobby and classroom floors replaced

Measure L funded facility Improvements 2017-2019

- Painted exterior of all buildings, fences, and external metal surfaces
- 2019 new slurry coat on asphalt surfaces within campus
- 2019 New roofing installed on permanent buildings
- New flooring in Lobby, Hallway and 3 Classrooms in Bollinger gymnasium

Measure CL funded facility Improvements 2013-2018

- Interactive Projectors in all classrooms
- Wireless Access throughout entire campus
- High speed fiber backbone and new switch gear provide fast reliable internet access

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at our school and play an important role in the success of Rogers. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with student needs. Parents are encouraged to participate on one or more of the following committees or organizations:

- English-Language Advisory Committee (ELAC)
- School Site Council (SSC)

The SSC, consisting of school staff and parents, is a major governing body that meets regularly to address programs and components that make up the school, to discuss the effectiveness of programs relative to the goals of the school, and to act as a communication liaison between the community and school.

Will Rogers offers access to medical and health information and screening. Along with the committees and organizations mentioned above, parents have opportunities to participate in parent education workshops and classes, conferences, school events, field trips, student activities, family nights, career days and academic competitions. Our parents are an important part of our school community and are always welcome to visit classrooms and participate in school activities.

We communicate in a variety of ways with parents. We communicate through the use of Parent Square, telephone, text message, email, website, Parent Newsletter, and Instagram. Parents can also communicate via telephone, email, ParentSquare and can visit counselors and conference with all of their students' teachers.

We also have two on-site social workers and a team of interns to support the social and emotional needs of our students. Our school social worker works with the school and provides a series of parent workshops on topics pre-selected by parents. Additionally, the Los Angeles County Sheriff's Department provides a SRO (School Resource Officer). This officer helps with our safe school programs and supports our conflict resolution/peer mediation program.

2023-24 School Safety Plan

A Comprehensive Safety Plan is in place for every school in the District. Rogers School's plan was reviewed by School Site Council. There are also disaster/safety plans that each teacher maintains in their emergency disaster preparedness backpack. The Safety Plan addresses ongoing safety concerns as well as what to do in the event of an emergency. More specifically it covers Disaster procedures, Discipline Guidelines, reporting child abuse guidelines, anti-bullying, safety routes to and from school, and other safety concerns for the school. Emergency drills are routinely held for earthquake, fire preparedness, and lock-downs/lockouts.

Rogers Middle School is a closed campus. All visitors are required to sign-in through the Raptor at the school's office. Before school, after school, and during lunch administrators and other campus supervisors monitor activity and ensure student safety. Rogers Middle School has two full-time campus supervisors and six part-time campus assistants during school hours. The school property is fenced and gates remain locked during school hours. Rogers also has two counselors and two social workers for student support. Students are also trained in conflict resolution and function as peer mediators. A Los Angeles County Deputy Sheriff, School Resource Officer, works with our students in a proactive manner to encourage good citizenship and support the rules of the school and community. Our safety plan is reviewed annually. It specifically addresses disaster/emergency procedures, discipline guidelines, reporting child abuse, and evacuation procedures. A copy of the school safety plan is in the office.

Rogers Middle School is proactive in providing internet safety. Students and parents sign an Acceptable Use Policy to help ensure best practices of all technological devices.

Fiscal Year 2022-23 Types of Services Funded

Rogers has a variety of programs and supplemental services designed to help our students succeed. Before, during, and after school instructional support is provided for students with academic needs. Classroom and/or intervention teachers work with identified students in core subjects (English/Language Arts, math, social studies, science, iReady-Reading/Math) to assist them in reaching State standards. Funding is provided through the Local Control Accountability Plan (LCAP) and other site funds.

Rogers has a Dual Immersion Program. Rogers provides ELD instruction for English Learner students. Rogers has a CPA program that serves approximately 70 students. The school provides supplemental books, and technology for student use. The school provides two counselors and two social workers to provide academic and social emotional counseling and support. The social workers also provides individual and group counseling and helps find family services outside of the school as needed. Rogers also has a partnership with Little Company of Mary Medical Center to provide health care and screening services for our students weekly. We have a health van on campus once a week that provides health services to all of our families.

In addition to intervention, Rogers offers before and after-school enrichment programs through RAP that includes homework help, music, clubs, math and science activities, sports program. Rogers also has sports and music programs after school for students. Rogers also offers after school tutoring and intervention along with academic teams such as Lego Robotics, Science Olympiad and a partnership with Northrop Grumman's Hack-a-thon program.

Professional Development

The LESD Education Services team in collaboration with the Language Arts Specialists, English Language Instructional Resource Teachers, and Principals have designed a comprehensive system for monthly professional development. All district professional development occurs on Thursdays after school following an early release day. Topics are selected based on expressed teacher need and identified student deficiencies. All professional development in the LESD focuses on meaningful collaboration, developing teacher capacity and the implementation of research based practices to support student achievement. The most prominent initiative we are focused on for professional development is deepening student learning and critical thinking with purposeful questioning and academic discourse. This school year we have added Social Emotional Learning as our Professional Development focus to improve outcomes for students that have experienced trauma and how the staff can create, facilitate, cultivate, and maintain positive relationships with students.

Teachers receive professional development in structured cycles that afford them the opportunity to learn about a new concept, plan for implementation with their colleagues, practice their learning with students, and then come back with their colleagues to

Professional Development

discuss the strengths and weaknesses of their instructional implementation of the new skill.

Feedback about the effectiveness of the professional development is regularly collected to assess the effectiveness of the program and make changes as needed. Additionally, site staff members and Educational Services team members regularly visit classrooms to determine the level of implementation of the professional development focus.
