Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

LESD is deeply committed to raising the bar and closing learning gaps for all students. As a result, the board made a resolution that translated the eight state priorities into the following 4 goals that drive our LCAP: (1) increasing academic achievement, (2) ensuring access and equity, (3) improving parent and student engagement, and (4) providing 21st-century learning environments. Our SPSA is organized around these four district goals. It includes action items funded by both supplemental and concentration as well as Title I funds, enabling us to utilize these funds to provide supplemental services to each targeted population. By organizing all of the district’s initiatives and spending into the four LCAP goals, the district is able to ensure that these activities funded from various state and federal sources are not duplicative and support common outcomes.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

During the course of the school year, parents, teachers, and other staff members participate in the LCAP survey and the California Healthy Kids Survey (CHKS). These results are used to determine district LCAP priorities. In addition to this, teachers will take survey regarding professional development.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Educational Services walkthroughs: Growth and improvement in the Twain's instructional focus area are measured through the classroom walkthrough protocol data that is utilized monthly by the principal and members of the Educational Services team. The data collected with this instrument is analyzed to measure impact and implementation of the instructional focus.

Principal walkthroughs: Principal will conduct weekly walkthroughs to support instructional practices that support with our District professional development.

Principal will conduct the evaluation process as reference by LESD standards.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The ELPAC is administered annually to help determine the English language proficiency of all students who are English Learners, measure their growth over time, and to determine eligibility for reclassification as fluent English proficient (RFEP). It is also used to evaluate the effectiveness of designated and integrated ELD.

The district administers i-Ready 3x per year to all students to assess reading proficiency and modify instruction as appropriate. Locally designed formative math assessments are given each trimester in elementary, and IABs are administered for the same purpose. Curriculum-embedded English Language Arts assessments are used K-5 to assess student progress.

ELA / SLA adopted curriculum, Benchmark Advanced/Adelante, contains assessment components that is looked at very closely to support teachers in how to assess and read results. Professional learning communities of teachers and other staff will use the data to develop, design, and implement instruction. Summative and formative assessments will be used to determine student needs for interventions, staff development, purchase of materials, lesson plans, and classroom support.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

To monitor student progress, the instructional leadership team continually benchmark/unit assessments from both the ELA /SLA curriculum (Benchmark Advance) and the math curriculum (Everyday Math). Professional development time and collaboration time are utilized to discuss findings and instructional implications with teachers

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

100% of the teachers at Mark Twain Elementary are appropriately credentialed to teach their class.

Staff development continues at the district level and at the site level. Teachers will receive grade-level specific professional development in the areas of foundational skills and in the technique of close reading to move students in the area of language arts with the support of our Language Arts Specialist and Ed. Services. Furthermore, Professional development on Benchmark Advance / Adelante curriculum will be given with support from Language Arts Specialist (LAS) and ELIRT for ELA / SLA. Dual Immersion teachers will collaborate and receive professional development from District. Special Education staff will receive differentiated PD from the District office.

Twain school has a Language Arts Specialist paid for through district funds. We also have two bilingual 23 hours per week instructional aides and one 14-hour aide working with students identified as far below in the area of foundational skills using the pull-out and push in and working with small groups, one on one, and alongside the classroom teacher. Students are determined based on data and progress monitoring tools with the support of LAS and classroom teacher. We also have a Math TOSA (teacher on special assignment) that supports the implementation of Everyday math and coaches teachers with math modeled lessons. To support teachers with math, Math TOSA works with instructional aides working alongside with classroom teachers, grades K-5th, supporting students who need reinforcement with mathematical foundational skills. To support Dual Immersion Kinder, we have 1 Bilingual instructional Dual Immersion aide who works 23 hours funded by the District.

In addition, we have a community liaison who supports our ELIRT with parent outreach. Our ELIRT identifies students by supporting teachers with ELPAC result support, works with our EL parents regarding English learners levels and reclassification, along with assistance in PTA and ELAC.

Teachers meet in grade-level teams weekly to discuss grade-level needs, student data, and academic goals, in addition to collaboration days through the trimester. Teachers discuss the strategies they will use in their classrooms for their focus area, the assessments to monitor progress, and they share resources and ideas that will support student achievement.

Mark Twain also has a 1.5 Learning Center Teachers, Speech Pathologist, and a School Psychologist who service students with IEPs and students who are in our MTSS team.

Instructional Assistants in the Learning Center and Literacy Center meet with supporting staff and Principal to discuss intervention programs and processes, progress monitoring, mandated reporter, suicide prevention, and PBIS.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers are fully credentialed and receive on-going professional development through the school year based on student need and adopted curriculum.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff professional development is aligned to district and site goals related to the implementation of the standards-based curriculum. Staff development time is also dedicated to assessing student data and work in order to make informed instructional decisions.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

A Language Arts Specialist, Math TOSA, and English Learner Instructional Resource Teacher are all available on-site to provide ongoing instructional assistance and support for teachers.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

All teachers have 50 minutes of structured collaboration time per week while students are at PE. Additionally, teachers have 50% of Tuesday afternoons to participate in grade level collaboration for 75 minutes each session.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Twain School currently uses key standards in each classroom that have been adopted by the Lawndale Elementary School District and align with the California State Standards. In addition, Mark Twain uses both the English Language Arts Standards and the English Language Development Standards. The core curriculum is supported through district-adopted textbooks and supplemented with additional literacy materials that are housed in the Literacy Center and Library. Each teacher has materials that support this model as well as access to supplemental materials available in the Literacy Center. The current Language Arts adopted program is Benchmark / Adelante. Each teacher has materials that support this model as well as access to supplemental materials available in the literacy center.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Twain adheres to recommended instructional minutes for reading/language arts, ELD, P.E., and mathematics.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

The core curriculum is in alignment with the California State adopted textbook list and follows standards-based instruction. In addition, supplemental resources are available to all teachers that are aligned with the standards.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

SBE adopted standards aligned-instructional materials are used in all core curricular areas.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Mark Twain provides multiple services to support students including: 1) Interventions: before and after school programs that target literacy, math, and English Language Development, 2) push-in small group instruction: instructional assistants, Learning Center Teachers, Language Arts Specialist pull students for small group instruction in the classrooms and 3) Pull out small group instruction: instructional assistants, Learning Center Teachers and Language Arts Specialist and intervention teacher pulls out students for small group instruction as well as a push in model. Math TOSA, ELIRT, and Language Arts Specialist support teachers with professional development on differentiating instruction and providing classroom tier 2 services.

In addition to this, monthly MTSS meetings are held with Learning Center Teacher, Speech Pathologist, School Psychologist, LAS, Math TOSA, Social Worker and Principal to address students and support staff with research-based strategies.

Evidence-based educational practices to raise student achievement

The district's instructional focus on intentional questioning to support academic discourse and student critical thinking across all content areas pushes teachers to utilize grade level appropriate assignments, allows students to express their thinking, and engages students in what they are learning. Video and transcripts of student discussions are used as learning tools for teachers and school leaders to measure the impact of instruction for all students and to make adjustments as necessary (i.e. sentence frames for students with low levels of English proficiency). The instructional focus and monitoring tools have remained consistent for three years to enable teachers and school leaders to acquire, implement, and assess improved practices. This sustained focus on academic discourse has enabled teachers and school leaders to develop shared vocabulary and strategies across the district, and data analysis allows all stakeholders to share in the celebration of improved student achievement (in ELA), and to share accountability for continued struggles (in math) and planning for reducing the number of students working below grade level.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Family University (FamilyU) is LESD's parent engagement program created to empower parents to get involved in their child's education and at their schools. FamilyU recognizes our parents for their volunteering efforts, attending workshops, and participating in school and district committee meetings across the district.

We strive to ensure all families feel welcome at our school. Through FamilyU we aim to create a genuine connection with our families by building capacity in our parents to share their voice and become advocates for their child's education.

Parents are encouraged to assist with the preparation of materials and instruction in the classroom. Their presence validates the importance of education for their children. The community liaison plays a vital role in bridging the gap between home and school, as she works to involve families in school activities. She helps to connect families with a variety of service providers within the District and the community.

Mark Twain proudly supports and hosts the following parent workshops/meetings:

- Annual Title 1 Meeting
- Back to School Night & Open House
- School Site Council Meetings
- ELAC Parent Meetings
- Annual Parent Surveys
- Family Nights
- Parent Content Workshops
- Parent Social-Emotional Workshops
- PTA Monthly Sponsored Events
- Garden Workshops
- Coffee with the Principal

Additional resources provided to parents and families include: OTTP

- Annual Eye Exams
- Annual Dental Screenings
- Realizing Amazing Potential (RAP) after-school program
- Resource Teacher
- Health Aide on-site - 5 hours per day
- School Psychologist (.5 FTE)
- Adaptive P.E. Specialist
- Occupational Therapist (.25)
- Bilingual Language Arts Specialist
- Parent Center
- Parent Spotlight Monthly Meetings for Testing and Nutrition
- P.S. Arts
- Attendance Goals
- Parent Workshops across District

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Each year, the Lawndale Elementary School District community is surveyed to assess family needs and review any parent suggestions for the instructional program. From this data, educational opportunities are designed to assist families in helping their children be successful at school. Parent involvement activities are scheduled to increase parent knowledge of strategies that can be used at home to improve student achievement.

Parents and community members are encouraged to participate in school support and governance bodies such as the PTA, School Site Council, English Learner Advisory Committee, District English Learner Advisory Committee, District Parent Advisory Committee and other district and site based committees in order to have a voice in the planning, implementation, and evaluation of ConApp programs (Title I, II, III, and IV).

Through staff participation in SSC/ELAC, leadership team meetings, collaborative grade level teams, and staff meetings, teachers are included in decisions regarding the use of academic assessments to provide information on, and to improve, the achievement of individual students and the overall instructional program.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

All Lawndale schools operate schoolwide Title I programs, and use those funds to provide the following services to improve instruction and outcomes for students who are working below grade level:

Extended learning

Interventions

Instructional assistants to implement targeted interventions

Sub release time for planning and refining integrated and designated ELD

Sub release time for lesson study/lab days with the goal of improving instructional practices through collaborative planning, lesson observation, and debriefing.

Before- and/or afterschool newcomer ELD interventions to develop basic English with extensive oral practice

Technology to increase access to differentiation and intervention materials

Conferences for teachers to learn how to better differentiate instruction for underperforming students.

Fiscal support (EPC)

The district provides ongoing communication and support in fiscal management.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council (SSC) consists of the following stakeholders: parents, community members, the principal, certificated teachers, and classified employees. SSC meets on a monthly basis to review, discuss, and give input on the creation of the school's areas of need, goals, and action plans. The SSC approves budget allocations and all changes to the SPSA. In addition, the SSC reviews action items for effectiveness and makes recommendation based on the data provided during the reviews. Additionally, our ELAC advises the principal and staff on programs and services for English learners and the SSC on the development of the Single Plan for Student Achievement (SPSA).

Grade 3	95	93	96
Grade 4	91	92	92
Grade 5	65	83	90
Total Enrollment	541	564	595

Conclusions based on this data:

1. Twain's enrollment has rebounded from 541 in 2020-21, to 564 in 2021-22. Current enrollment is 595 for the 2022-23 school year.
2. The increase in enrollment can be attributed to the popularity of the dual-immersion program and LESD' Independent Studies program being housed at Twain.

Reclassified Fluent English Proficient (RFEP)	8			5.1%		

Conclusions based on this data:

1. A significant portion of EL students are reclassified by the 5th grade at Twain.
2. Kinder EL data is finalized in October to get an accurate count.
3. Broadly speaking, the number of English Learner students enrolled at Twain has decreased.

School and Student Performance Data

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
595	61.8	29.1	0.2
Total Number of Students enrolled in Mark Twain Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	173	29.1
Foster Youth	1	0.2
Homeless	4	0.7
Socioeconomically Disadvantaged	368	61.8
Students with Disabilities	57	9.6

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	36	6.1
Asian	42	7.1
Filipino	3	0.5
Hispanic	423	71.1
Two or More Races	24	4
Pacific Islander	2	0.3
White	46	7.7

Conclusions based on this data:

1. With 14 different languages spoken at Mark Twain and 35% of students being English learners, the need to continue to support with differentiated and integrated ELD is essential.

2. 68.6% of Twain students are socioeconomically disadvantaged students. Mark Twain will continue to provide intervention support for ELA /SLA and Math to support students who are struggling. academically. Supports will be in push in models, intervention in Literacy Center and after school teacher interventions.
3. Mark Twain's student demographics by race enrollment is as followed: Hispanic 69.9%, Asian 8.5%, White 9.2%, and African American 5.3%.

Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Yellow	Chronic Absenteeism Orange	Suspension Rate Blue
Mathematics Green		
English Learner Progress Red		

Conclusions based on this data:

1. Twain data demonstrates that the suspension rate for all student is low (ranking in the highest performance category). No student group performance falls into the red/orange categories.
2. Student performance in both English Learner Progress and Mathematics fall into the high category, the second highest performance. No student group performance on either of these measures falls below the high classification.

Conclusions based on this data:

1. While the Asian, Two or More Races and White subgroups scored in the High performance level for status, scores for all groups declined compared to the previous year. The use of a common ELA curriculum will support increasing growth for all groups.
2. While the EL subgroup scored in the Medium performance level for status last year, group scores declined compared to the previous year. The use of a common ELA curriculum and dedicated ELD time will support increasing growth for this group.
3. The Socioeconomically Disadvantaged, African American and Students with Disabilities subgroups scored in the Low or Very Low performance level for status.

Decreased One ELPI Level	Maintained ELPI Level 1, 2L, 2H, 3L, or 3H	Maintained ELPI Level 4	Progressed At Least One ELPI Level
35	34	4	50

Conclusions based on this data:

1. The suspension rate for English Learners is very low (0%) and Twain maintained that level. Twain will continue to implement OARS strategies to support students.
2. Twain will continue to support English Learners through designated and integrated English Language Development.
3. More than half of our EL scored as well developed. The Language Arts Specialist (LAS) will work closely with the English Language Instructional Resource Teacher (ELIRT) to ensure that effective teaching strategies for English Learners are being used in Language Arts.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Michael Bosler	Principal
Marlem Avizo	Other School Staff
Mayra Gutierrez	Classroom Teacher
Chriese Jones	Classroom Teacher
Cindy Dini	Classroom Teacher
Joshua Rosales	Parent or Community Member
Bianca Jacobs	Parent or Community Member
Ashlee Gates	Parent or Community Member
Ali Pimetel	Parent or Community Member
Lydia Castro	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 09/13/2023.
