Best Money Moves Coaches are a team of NFCC-certified professional financial coaches (Navicor Solutions) available via phone hotline, who help people address tough financial issues.

Simply dial the number located in the top left corner of your Best Money Moves account and be connected to a coach. Money Coaches will not try to sell you anything and whatever you discuss with a coach is kept entirely confidential

WHAT CAN MONEY COACHES HELP ME WITH?

Money Coaches are experts in solving real-world financial problems. They're accredited by the National Foundation for Consumer Credit, the Department of Housing and Urban Development (HUD) and the federal Bankruptcy Court.

Call them to talk about:

- Building a budget or managing your monthly bills
- Managing card debt, student loan debt, auto loans and more
- Filing for bankruptcy
- Paying off medical bills
- Caring for a dependent relative
- Planning for retirement

Money coaches can not discuss investments or offer investment advice, but are available to help with a wide array of other difficult financial topics.

HOW DO I RESERVE MY SESSION?

No reservations needed. Simply call, whenever you're ready: Money Coaches are available: Monday - Friday, 8:30AM to 10:30PM Eastern Standard Time, Saturday 9AM to 8PM EST and Sunday, 9AM to 7PM EST.

WILL MY EMPLOYER KNOW THAT I CALLED?

The Money Coach system is designed so that the only person who will know your financial details is the Money Coach. For tracking purposes, your employer may be alerted to the fact someone has called the line, and what the primary reason was for your call but can never find out who called or when the call was placed.
