#### **Course of Action Response to Increased Demand**

- 1. Rezoning- 6-12 Months: No Cost, Limited by space availability
- 2. Learning Cottages (Trailers) 12-18 Months: Can be funded locally, Site Locations are minimal, Not a sustainable long-term solution
- 3. Brick and Mortar classroom additions- 18-24 Months: Funding restraints
- 4. New Construction- 24-36 Months: Requires a referendum

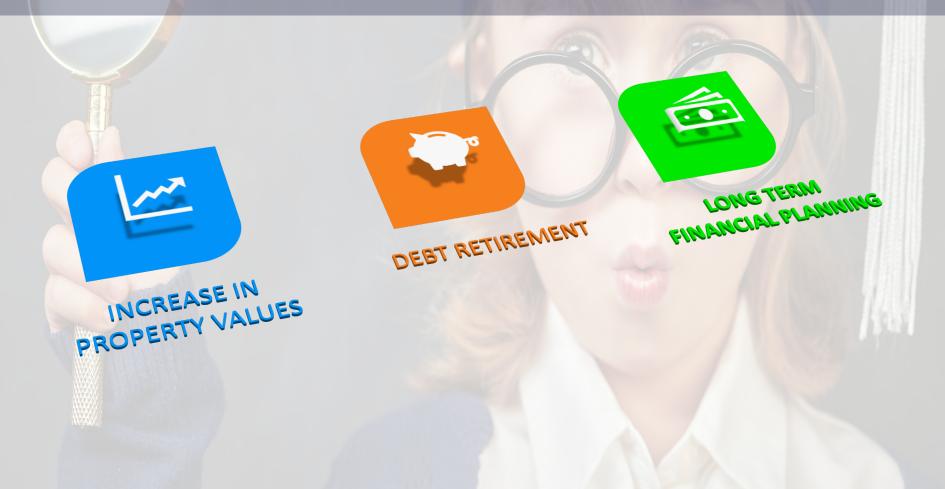

### **Capital Funding for School Districts**

- No State Funding for School Districts other than those in consolidating Districts
- 2. Options for Dorchester Two:
  - 8% Funds state law limits amount utilized for limited annual building maintenance (over 30 district owned buildings and grounds) and smaller projects
  - TIF funding currently funding in Oakbrook area, and in Town-Alston area
  - Referendum voter approved for new facilities due to growth, and large projects for maintenance, and to modernize older facilities

How do we fund a \$200M referendum with NO tax millage increase?

## Calculating Funding

- Millage Rate 65 mills (no change; millage stabilization) x Increased Assessed Value = Increased Levy and/or debt capacity.
- Average growth rate over the past 5
  years 6.6% (Model calculated at
  conservative 3%)
- Will provide funding for immediate capital needs

## <u>Debt</u> <u>Retirement</u>

- 9 bonds currently outstanding
- Referendum bonds are typically 20 –25 years
- Multiple refundings of current bonds to lower interest rate amounts has made it possible for bonds to be paid off early
- Leaves capacity for new bond issuances within current millage rates to allow millage stabilization
