

# AEDs at EA: You can save a life!

## SUDDEN CARDIAC ARREST LOOKS LIKE:

- Sudden collapse
- Loss of consciousness
- Loss of pulse
- Lack of breathing

## ABOUT AEDS:

AEDs are fully-automatic and easy to use. **You do not need special training!** Each AED has adult defibrillation pads attached. Pediatric pads are in a compartment on the back of the AED. Each AED also as a Redi-Pack that includes necessary supplies.

## WHAT TO DO:

- Check for signs of responsiveness and **shout for nearby help.**
- **Call 911** and use an **AED** as soon as possible.
- **Begin CPR immediately** and continue until emergency medical services arrive.
- *If two people are available to help, one should begin CPR immediately while the other calls 911 and finds an AED.*
