

Junior Registration Form
2024-2025

Rostering Information for the Class of 2026

Student Name: _____ Counselor Name: _____

Junior courses are listed on the following page. Please return both forms to the Counseling Center by **Friday, March 1, 2024**. The following are important to consider:

- Each student is required to register for at least seven (7) credits but may choose to take eight (8) credits. Students taking a summer course for credit still need seven (7) credits during the school year.
- Students must roster for 721 – Computer Systems & Applications, whether or not they plan to take the CSA Challenge Test. **Students must indicate their desire to take the test on the rostering form and sign up with Mrs. Toth.** Final course selection will be made once the results are known. Students who pass the CSA Challenge Test must choose 727 – Multimedia Design for Websites, or the summer Intro to Java Programming course to fulfill the technology requirement. Note: The 721 requirement is waived for students who roster for 726 – AP Computer Science Principles.
- There are two (2) areas for a teacher’s approval. Teachers must INITIAL next to the course name and also sign in the appropriate section on the form. All courses, except for Theology courses and Physical Education selections, require a signature and initials.

Important Notes:

Requests for schedule changes will not be honored after the first full week of school in semester one. The same rule applies for semester two. Schedule changes will be considered for academic purposes only. Teacher preference is not a valid reason to request a schedule change. Every effort will be made to balance student semesters, but we cannot guarantee that a student won’t have most/all of their honors courses in the same semester. Working around extracurricular activities is also not necessarily possible.

Final schedules are approved by our Dean of Studies & Instruction, Mr. Gomes.

Please sign below to indicate that you read the information above and understand that every effort will be made to accommodate your first choice. If a scheduling conflict occurs, the student’s alternative choices will be scheduled.

Student Signature: _____

Parent/Guardian Signature: _____ **Date:** _____

Entered into PowerSchool by _____ on _____.
