When to Keep Your Student Home

The flu season (and other nasty viruses) is upon us. Here is a quick refresher for when to keep your student home. Remember, the Colorado Department of Health is still recommending for confirmed Covid cases the student remain home for 5 days of isolation and then wear a mask for 5 days after returning to school.

BVSD is not enforcing this or following up on any reports of cases, this is just best practice. For any other illness, the policy is the same as it has always been. [Click here](#) for information on when to keep your student home.
