

Junior College At the Creek Concurrent Course Selection Sheet

Print Student Name

Juniors taking college classes will be enrolled in the following in person college courses (one each semester)

HIST 1493 US History Since 1877 (counts as Junior US History)

POLS 1113 American Federal Government (counts as Senior US Government)

We will drop your high school US History course and one other **elective** course. Which elective course would you like to be dropped to allow you to take college courses?

Would you like an additional off campus hour? (If so, you would be taking 1 college course and 4 high school courses each semester?) Yes No (Circle one)

If yes, what additional high school elective would you like to drop?

I agree with the selections above. I also understand that my student should not be on the Deer Creek campus or must be in a designated location when not scheduled in a high school or college course.
