District Policy on Use of Weight Room

Use of the school's weight room is available to Independent School District #2170 students only.

The weight room will not be open unless supervised by Independent School District #2170 personnel who have had training in the proper way to lift weights. The supervisor must remain in the weight room at all times when students are present.

Use of the weight room must be scheduled through the Community Education Department or the Activities Director's Office. If the room is occupied without being on the Facility Use Schedule, participants will be asked to leave and the room will be locked.

Note: Any exceptions to the above Weight Room Use Policy must be approved by the High School Principal or Activities Director.
