### **Cell Phone Policy**

While personal electronic devices (cell phones, etc.) have become a part of our student's daily lives, a large and growing body of evidence is pointing to the harm caused by the amount of time students use personal electronic devices and social media each day. In order to fulfill our role to take care of students, and minimize the distractions caused by such devices in the school setting, the rules listed will be in place at BCMS for the 2023-2024 school year and will be presented to our students once school starts.

If you need to contact your student during the day due to an emergency situation, please call 816-986-3175 and a message can be delivered to your student.

### **Mustang Ready**

E-devices shall not be used to connect to district electronic equipment or district electronic networks at any time. Students may only use E-devices in the classroom at teacher discretion; however, any other use will be prohibited in the classroom. Students using E-devices in the classroom without the consent of the teacher will be subject to disciplinary action ranging from detention to suspension.

Personal E-devices are not allowed to be in use by middle school students during the school day. The school day is defined as anytime between the beginning of the first period and end of the last period of the day. Personal E-devices shall be secured in a student's assigned locker and are to be powered off.

Should the need arise for a student to contact parents during the school day the main office phone, courtesy phone or the classroom phone should be used for such a call.

Should the need arise for parents to contact their child, the main office phone should be used for such a call (816-986- 3175). Parents may also email their child anytime using the student's LSR7 email address.

No camera or video-capable electronic device may be used in the locker room or restrooms at any time. Personal E-devices may be used by the student only at the request of the classroom teacher or other staff member.
