INTRODUCTION AND MISSION STATEMENT

The faculty, staff, and administration of **CRYSTAL SPRINGS MIDDLE SCHOOL** would like to welcome you to the 2023 -2024 school year. We solicit your cooperation, help, and constructive suggestions in making this a pleasant and rewarding school year. We wish you the best of luck in all your academic and extracurricular activities.

This handbook is presented to you in hopes that it will help you have a happy and profitable school year. It does not contain the solution to all your problems, but it does contain rules, policies, regulations, and helpful suggestions for you and your parents. It has been published with the belief that it will result in a readier adjustment for middle school students to the life of this school, and better understanding and cooperation on the part of all parents as we attempt to educate their children.

OUR MISSION

The Mission of Crystal Springs Middle School is to provide a quality learning environment by striving to meet the individual needs of all students.

OUR BELIEFS

Crystal Springs Middle School has established several beliefs that we feel are essential to accomplishing our mission. We believe:

- Each student is a valued individual with unique physical, social, emotional, and intellectual needs.
- Students need to apply their learning in meaningful contexts.
- Commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed, lifelong learners.
- Students' learning needs should be the primary focus of all decisions impacting the work of the school.
- Students need to not only demonstrate their understanding of essential knowledge and skills, but also need to be actively involved in solving problems and producing quality work.
- Students learn best when they are actively engaged in the learning process.
- Assessments of student learning should provide students with a variety of opportunities to demonstrate their achievement of the expectation for their learning.

MESSAGE TO PARENTS/GUARDIANS

The purpose of this handbook is to give parents a better understanding of middle school policies. This understanding between school and home offers the child a better opportunity to become a happier and more worthwhile citizen. This handbook attempts to be explicit with directions, which should be followed to improve communications between home and school. Please keep this handbook in a convenient place.

Thank you for giving us the opportunity to work with your child this year. Let us assure you that we want them to succeed in all their classes and be happy, secure, and healthy individuals. ***You can be a tremendous help by following these suggestions:***

1. Help your child get to school by 7:40 a.m. each day.
2. Please do not deliver your children to the school before 7:15 a.m. Also, please have your children picked up by **3:00p.m.** unless they are participating in a supervised extra-curricular activity. **Teachers are not on duty before or after these times.**
3. Make certain no days are missed from school without an excusable reason. A note regarding any medical problems your child has should be sent to the principal at the beginning of school or when the condition occurs.
4. **If a student is checked in after 11:30 or checked out before 1:30, that student will be unexcused for the day according to the state's 63% attendance rule.**
NO STUDENTS ARE ALLOWED TO CHECK OUT AFTER 2:00 PM.
5. If a child is not present for a day, then the following day please send a note to the office with the date and reason for the absence. Parents must sign a child in if they are late or sign a child out before the child leaves campus if leaving early.
6. Be aware of the dress code and insist that your child follows the dress code. Students not in the dress code will not be allowed to attend class.
7. Do not go to the teacher's classroom without a pass from the office.
8. Come for a teacher-parent conference on request or schedule conferences when you have concerns.
9. Check for and sign your child's student weekly folders. Provide all necessary learning materials such as pencils, paper, notebooks, etc.
10. Encourage your child to develop and maintain good study habits at home and at school.
11. Children who attend resource classes should be encouraged to keep up with classroom and homework in the regular classroom.
12. Get to know as many of your child's teachers as possible and work closely with them.
13. Be an active member of your Parent Teacher Organization (PTO). Support the school by attending all extra-curricular events.
14. Never say negative things about a teacher or administrator in your child's presence.

ATTENDANCE POLICIES

EXCUSED ABSENCES/TARDIES

An absence or tardy shall be excused if it meets one of the following:

1. Attending an authorized school activity approved by the Superintendent or Principal.
2. Illness or injury (Physician's statement may be required).
3. Isolation of child by the State Board of Health, County Health Department or school official.
4. Death or serious illness of member of the immediate family.
5. Medical/Dental appointment of child by prior approval of school administrator (Physician's statement may be required).

Occasionally, there are times when circumstances demand that students miss classes for matters other than those listed above. **Therefore, in an effort not to punish students for circumstances beyond their control, written excuses from parents will be accepted for four (4) days per semester (Semester 1: August – December / Semester 2: January – May) provided it is not an attempt to protect the child from disciplinary measures for truancy or other violations of policies set forth by the school.** All other absences will require formal documentation or other proof, as the principal deems necessary.

(Below you will see an example of the note to send.)

August 17, 2021

Dear _____,

Please excuse _____ absence from school or his/her tardy to school on Wednesday, August 16, 2020.

REASON: _____

Signed: _____

UN-EXCUSED ABSENCES

All absences resulting from suspension will be considered unexcused. Any absence for any reason other than those above is considered unexcused. **Students with more than five (5) un-excused absences will be reported to the attendance counselor.**

EXCESSIVE ABSENCES/TARDY

Once a student accumulates twelve (12) absences/tardy during the school year (excused or unexcused), the student and his/her parent(s) or guardian(s) may be required to appear before an attendance committee appointed by the principal. The student will be given an opportunity to justify absences. If he/she fails to do so to the satisfaction of the committee, the student will be notified that six (6) additional absences could result in loss of credit for all courses in which excessive absences occurred.

1. The principal shall implement a procedure for monitoring and reporting absenteeism in accordance with state law and board policy. This procedure should ensure that students do not accumulate excessive absences in courses in which grades/units are given. Letters will be mailed to parents monthly.
2. At the beginning of the school year, the principal or teacher will verbally explain this policy to all students. All new students enrolled after the start of the year will be given a copy of the policy during new orientation.

EARLY CHECKOUT POLICY

- Before the student may be released from school, a parent, legal guardian, or person authorized by a parent must come to the school office and sign the student out. **Students will only be released to authorized persons listed on the information card.** Appropriate picture identification may be required to check out a student. **For safety of students, no checkouts will be conducted after 2:00.**
- In the event the child's parents are divorced and the parent with custody does not want the other parent to pick up the child, the school will attempt to notify said parent. The school cannot deny a parent access to his/her child unless there is a court order prohibiting one parent access to the child. If such a court order exists, it should be brought to the office in order that a copy may be made and inserted in the child's cumulative folder.
- Early checkouts due to a medical appointment will be excused (and work can be made up) if a doctor's excuse is presented the day after the early checkout. No late medical excuses will be accepted for early checkouts.
- An absence due to early checkouts will keep a student from having perfect attendance. Only early checkouts due to a doctor's or dentist's appointment will not count towards an absence. A reasonable amount of time will be considered excused before and after a medical or dental appointment.

A student must be present 63% of the school day in order not to receive an absence for that day.

TRUANCY

Students are truant if they are absent from class (whether they are on campus or not) or if a student leaves campus without proper authorization.

MAKEUP WORK

The student is responsible for the work missed. Make up work must be completed within three days. If the work is not made up, a zero will be given for work missed. Students who have an excused absence will not be penalized in their work provided they make up the work missed.

CHANGING CLASSES

Students are expected to move promptly to their classes. Students should always walk to the right side of the hall. The halls will be closely monitored to ensure that there is no pushing, punching, excessively loud talking, running, or loitering. Students who are in the halls during classes are expected to have on an orange vest or hall pass at all times. Any student in the hall without a vest and hall pass will be considered skipping class.

TARDY PROCEDURES FOR BEGINNING OF SCHOOL DAY

1. Parents will be required to sign-in any student that is late to school unless the tardy is because of a bus getting to school late.
2. An acceptable tardy excuse must be presented to determine if the tardy is to be excused. Generally, the same guidelines are used for tardies as for absences. However, for those students eligible to ride a bus, "car trouble" shall not be excused.
3. Failure to present an acceptable excuse will result in the tardy being unexcused.
4. An unexcused tardy will keep a student from having perfect attendance.

A student must be present 63% of the school day in order not to receive an absence for that day.

TARDINESS TO CLASS

Students are given ample time to report to class. If a student reports to class after the tardy bell rings, the consequences for tardiness to class are listed below.

1 st unexcused	Verbal Warning
2 nd unexcused	Parent Phone Contact or Conference
3 rd unexcused	1 Day In-School Suspension
4 th unexcused	2 Days In-School Suspension
5 th unexcused	3 Days In-School Suspension
6 th unexcused	3 Days In-School Suspension

7th unexcused tardy and any following will result in the student being assigned an Out of School Suspension and parent will be required to meet with administration upon student's return.

BUS REGULATIONS

School transportation services will be provided for students to and from school and for transporting students to and from curricular and extracurricular activities sponsored by the district. Elementary students who live more than one mile from school will be transported.

However, we ask that parents refrain from making bus changes for the first 2 weeks of school unless some extenuating situation (such as a family emergency) dictates that a child temporarily (1-3 days) ride home on a bus other than his/her originally scheduled bus. Parents must make this request in writing with a contact phone number included to an elementary administrator or the director of transportation. All bus changes should be made before 12:00.

19. The bus driver is responsible for the safety and conduct of all students who ride the bus. He has the authority to assign each student a place to sit.
20. The breaking of any of these rules will result in suspension from riding the bus for a period of time. Riding a school bus is a privilege not a right.

All school bus concerns should be directed to Mr. Gerome Leflore, Transportation Director for Copiah County Schools - phone 892-4711.

ALTERNATE BUS

PHYSICAL EDUCATION

Students will participate in Physical Education. Statements from the family physician giving the student's disability and recommending that he/she be excused from physical education will be honored. Students are required to wear gym athletic shoes on PE days.

EXTRACURRICULAR ACTIVITIES REQUIREMENTS

Extracurricular activities are reviewed as an extension of the school day. All rules governing regular school day activities apply to all extracurricular activities at home or away. Students must be in attendance the entire school day in order to participate in extracurricular activities or have prior permission from the principal. Students who do not meet the following requirements will be pulled from the extracurricular activity in which they are participating. This includes all sports and cheerleading. Students must meet the academic and conduct requirements in order to participate in any extracurricular activities.

Regulations are guided by the Mississippi High School Activities Association. This handbook does not contain all rules and regulations governing all co-curricular activities. The coaches will administer those rules and expectations to the students and parents. Students are expected to adhere to them.

BAND

Seventh and eighth-grade students are required to pay an annual band fee. If students participate in band for the 1st three nine weeks, they will not be allowed to drop band the 4th nine weeks of school.

ATHLETIC ACTIVITIES

Students that have elected to participate in an in-season sport will not be allowed to participate in off-season activities in another sport until the in-season sport selected has been completed. Students who have voluntarily quit or been dismissed for disciplinary reasons will not be allowed to practice in another sport until the season of the sport the player quit or was dismissed from is completed.

ELIGIBILITY FOR ATHLETICS

To be eligible to participate in middle school athletics, a student must attend the school in the school district of which his parents are actual bona fide residents. Each student athlete must have a birth certificate on file in the counselor office. Each Head Coach must maintain a file on each athlete with proof of insurance, parental consent form and physical examination. To be eligible for participation as a seventh grader a student must be promoted from sixth to seventh grade and for participation as an eighth grader a student must be promoted from seventh to eighth grade. Seventh grader must not have reached 14 years of age prior to August 1st. Eighth grader must not have reached 15 years of age prior to August 1st. Players cannot be transferred back to junior high/middle school team once he/she plays on the high school varsity or "B" team.

Eligibility is determined on a per semester basis. **A student must maintain a grade point average of at least a 70 or "C" average in order to participate in interscholastic sports/activities and maintain a standard of conduct and behavior.** Grade point averages will be calculated at the conclusion of the first semester using the semester averages of any four courses the student is taking. Students who do not have a 70 or "C" average for the first semester will be ineligible for the second semester. At the end of the school year, each student's grade point average for the year will be assessed. This assessment will reflect the average for the entire year using the final grades for any four classes that meet regularly. A student who does not have an average of at least a 70 or "C" average, will be ineligible for fall semester. Therefore, a student shall not be permitted to participate who is not passing the work at the level required by CSMS. The student must be on track to be promoted to be eligible.

If seventh and eighth grade students are permitted to play on a high school team; they must meet the same eligibility rules as high school pupils. If these pupils are allowed to play on a high school team in any sport, they shall not be allowed to participate on a junior high or grade school team in the same sport at the same time or at a later date.

ATHLETIC CONDUCT POLICY

For any athletic events and all extracurricular activities before, during and after at the school or off campus, students are under the joint jurisdiction of school officials and law enforcement officers. Students and fans that fail to act in a responsible manner and choose not to respond properly to school officials will be asked to leave the school grounds. In addition, students shall be subject to disciplinary action by the school administration. We trust that this type of conduct and embarrassments will never take place at any Crystal Springs Middle School activities.

2. No disruptions in a student's right to learn.
3. Respect for oneself and others.
4. Respect for the property of others.
5. Respect for the safety and well-being of oneself and others.
6. Self-discipline and control.
7. Respect for the law as it relates to freedom of speech, assembly, and privacy.
8. Say "Please" when asking for something.
9. Say "Thank You" when receiving something.

THESE OBJECTIVES SHALL BE CONSISTENT THROUGHOUT THE COPIAH COUNTY SCHOOL DISTRICT. In order to obtain the previous listed objectives, the Board has directed the Superintendent and his staff to draw up guidelines for district-wide disciplinary practices for the Board's approval and adoption.

II. **Discipline Guidelines:** The following guidelines are to be followed in the district-wide disciplinary practices:

1. Realizing that the best type of discipline is self-control, teachers should try to instill in each student the desire to be a good school citizen. Emphasis should be placed on what students are doing right and recognition and reward for good behavioral conduct.
2. Punishment for rules infraction should be fair and commensurate with the severity of the infraction. As a general rule, the procedures as established under the

Guidelines for K-3 and 4-12, should be followed. When other measures have been tried and have not resulted in correct behavior, corporal punishment may be administered under the safeguards:

- A. The type of corporal punishment permitted is paddling of the buttock that does not result in physical harm to the student.
 - B. Paddling may be done only by the Principal, the student's teacher in the presence of the principal, or by someone specifically designated by the Principal.
 - C. In all other instances, staff members should keep their hands off students unless physical restraint is required to prevent harm to or from other individuals.

Based on the severity of the offense and the number of previous infractions, penalties for disciplinary offenses will result in the following consequences for students failing to follow the established rules and regulations:
1. Verbal reprimand by the teacher.

IN-SCHOOL SUSPENSION

In-school suspension offers students an opportunity to keep up with their assignments while being removed from social interaction with peers. Absences resulting from the in-school suspension program will not be computed as part of the total number of days used in determining whether or not a student receives credit in a course or courses. Students who are placed in the in-school suspension room must actively work on learning materials during their placement. Students receiving discipline referrals while in the in-school suspension room will be suspended from school for 1 to 3 days, depending on the severity of the incident. Failure to report to the assigned detention, reporting late, failing to stay busy on lessons, or creating any disturbance will elevate the punishment to a higher level.

PARENT/ TEACHER CONFERENCES

In an effort to communicate with parents, we welcome conferences set up between the teacher and parents. Many times this is the only way for us to communicate. Below are some guidelines for parent/teacher conferences:

1. Please call and make an appointment through the front office. Parents who come to the school requesting a conference that has not been scheduled will not be allowed a conference until one is scheduled with the teacher.
2. Please try not to miss a conference, if possible.
3. Please remember that conferences are aimed at trying to improve student performance or behavior. We are looking for solutions or conveying information not trying to lay blame.
4. Parents or guardians are expected to attend conferences that are requested by the administration or other school personnel.
5. **Failure to attend school conferences** and to cooperate in the implementation of the discipline policy constitutes educational neglect and may result in criminal charges, penalties, and/or referral to the Department of Human Services. Parents may be liable for payments of damages resulting from destructive acts by a child against school property and/or person and for criminal fines for unlawful activity by a child on school property or at school related activities.

STUDENT CODE OF CONDUCT

Students in the Copiah County School District are expected to conduct themselves in such manner as to bring credit to the school and the community. It is the purpose of this school system to provide the best quality education for the students of the District. It is essential to this goal that an atmosphere conducive to learning be maintained in all of the schools of the School District at all times. It is essential that the policies and rules governing student conduct be understood and followed at all times without exception.

RULES OF CONDUCT

1. Students of the Copiah County School District are expected to conduct themselves at all school activities in such a manner as to promote the development of the School District rather than inhibit it.
2. A teaching situation, which is conducive to learning, must be maintained at all times. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent directly to the principal's office. The student will be given an opportunity to give his/her version of the situation. If the student is found guilty of the offense, the principal shall determine if it is a minor or major infraction and appropriate discipline shall be administered.
3. Any student who uses vulgar language toward a teacher or threatens, intimidates, or assaults a teacher, administrator, or other staff member will be subject to expulsion.
4. Any student who starts a fight or other disturbance or who participates in one will be subject to disciplinary action as defined in the discipline policy. Obstructing the pathway of any employee or security officer (by gathering around a fight or in any fashion) who is attempting to break up a disturbance will result in severe disciplinary action and student will be subject to expulsion.
5. Section 37-11-18 of the Mississippi Code - Expulsion of student possessing controlled substance or weapon or committing violent act on school property.

Any student in any school who possesses any controlled substance in violation of the Uniform Controlled Substances Law, a knife, handgun, other firearm, or any other instrument considered to be dangerous and capable of causing bodily harm or who commits a violent act on school property shall be subject to automatic expulsion by the Superintendent or Principal from such school. Such expulsion shall take effect immediately (for a period of not less than one year) subject to the constitutional rights of due process. Violations shall be immediately reported to the appropriate law enforcement agency. The School District will cooperate to the fullest extent possible in the prosecution of such offense.

6. It is policy of the Copleah County School District that the use of profanity, cheating, stealing, and gambling can never be tolerated as acceptable behavior. Such offenses shall be considered to be major offenses and appropriate disciplinary action, as determined by the administration, shall be administered.
7. Radios and/or sound producers and beepers or other communication devices are forbidden on all campuses of the School District unless specifically requested by the teacher in charge. No vehicles will be allowed to pass through the campus or park on campus with loud, disruptive sound producing equipment. Administrative staff will assign penalties as deemed necessary.
8. Possession or use of tobacco in any form by students is strictly prohibited on all school grounds at all times. Violation of this policy shall be considered a major offense.
9. Public Display of affection between students is strictly prohibited at all times on school grounds. Any type of sexual activity is strictly prohibited and any violations thereof shall result in participants being subject to expulsion.
10. Proper dress, as determined by the Principal, shall be maintained at all times.
11. The possession or use of alcohol by any student of the Copleah County School District is strictly prohibited on any of the campuses of the School District. This shall apply to all students during all of the period of time that they are under and subject to the jurisdiction of this School District and while participating in or going to or from any school activity. Any student violating the provisions of this policy shall be subject to disciplinary action no less than that described for major offenses and possible expulsion depending on the circumstances.
12. The above rules and regulations governing conduct shall apply on all buses of the Copleah County School District. Student cooperation is imperative to maintain order and discipline on school buses primarily from the standpoint of safety. Students who do not conduct themselves properly as set forth in such rules and regulations as may be formulated governing school buses will not be allowed to ride the bus. Violation of these rules and such other rules as may be formulated governing riding the bus may also result in disciplinary action. The bus driver is responsible to the School District to maintain order on the bus and insure maximum safety at all times. He/she is authorized to instruct and otherwise control students as to proper conduct and safety while they are on the bus. The Principal of each school or their designee will be responsible for discipline students reported to him/her by the driver.

DUE PROCESS

When a student is subjected to disciplinary action by means of suspension, the student will be afforded the safeguards of Due Process as required by law. In all cases the student shall be given oral or written notice of the charges against him/her, and if the charges are denied, the student shall be given an explanation of the evidence the school officials have against the student, and the student will be given the opportunity to present his/her side of the case. The student shall be first told what he/she is accused of doing and what the basis of the accusation is. This should normally precede the disciplinary action. However, a student may be immediately

removed from school if the student's conduct disrupts the academic atmosphere of the school, endangers fellow students, teachers, or school officials, or damages school property. In such instances, the necessary notice and hearing should follow as soon as practicable after the removal of the student from the school.

EXPULSION AND SUSPENSION

From time to time, it may be necessary to suspend or expel a student when other means of discipline do not seem to be effective or when the student poses a danger to other students. The following is a guide for the school administration to use during this process.

Definition of Terms:

- A. Suspension is defined as the denial of school attendance for any period of up to ten days during the school year.
- B. Long-term Suspension is the denial of school attendance for any period in excess of ten days during the school year.
- C. Expulsion is the denial of school attendance for a specific period of time beyond the beginning of the next school year or any permanent denial of school attendance.

Students under suspension or expulsion or assigned to Alternative School for disciplinary reasons shall not trespass upon any school campus operated by the Copiah County School District or enter into any building owned or operated by the Copiah County School District except for a pre-arranged conference with the school administrator. In addition, students under suspension or expulsion or assigned to Alternative School for disciplinary reasons shall not attend extracurricular functions on any campus. A student may be placed on suspension for committing any of the offenses set forth in the policy governing student conduct or for any good cause as determined by the principal, assistant principal, Superintendent of Education or other appropriate school administrator. Students may be expelled for committing any of the offenses set forth in the policy governing student conduct and discipline or for any good cause as may be determined by the Copiah County Board of Education. Some examples of rules infractions, which could result in suspension or expulsion, are given in this policy and other policies related to discipline and also in the student handbook at each school. Suspension and expulsion are options that the administration may use when it is deemed to be in the best interest of all students.

In the event of a recommendation of expulsion, the Superintendent of Education shall arrange for a meeting with the Board of Education of Copiah County, Mississippi, to hear the matter. The Superintendent shall, as soon as reasonably possible, upon receipt of a recommendation for expulsion, give such student and his/her parent or guardian any notices due which are consistent with federal and state Due Process requirements at least five days prior to any such hearing. The Due Process hearing shall be conducted within ten days of the notice of expulsion or long-term suspension, where possible, when the student, parent, or guardian requests such hearing.

Such a hearing request must be made within five days after receipt of notice of the expulsion or long-term suspension. Said student shall remain on suspension until such hearing is held if, in the opinion of the Superintendent of Education, the student's presence in school would be a disruptive influence to the educational process.

1. The principal or his/her designee may suspend students for a period not to exceed five days. The principal, with the approval of the Superintendent of Education, may suspend students for a period not to exceed ten school days. A student facing suspensions shall be given oral or written notice of the charges against him by the principal or his/her designee. If the student denies the charges he/she shall be given an explanation of the evidence that the principal or his/her designee has against him/her and shall be given an opportunity to present his/her side of the story. In all cases of suspension, the parent or guardian of the student shall be notified in writing within twenty-four hours of such suspension, giving the reasons thereof.
2. If a student is sent home during normal school hours, a parent or guardian shall be

notified before the student is dismissed. No student shall be sent home during normal school hours unless a parent or guardian has first been notified.

3. Any suspension in excess of ten days may be given only by action of the Board of Education, and then only after such student has been afforded notice opportunity of a hearing and other procedural rights consistent with state and federal Due Process requirements.
4. Students suspended from school must return to school accompanied by a parent of guardian.
5. Principals shall make a written report of each suspension to the Superintendent of Education each week, including the name of the student, address, name of parent or guardian, and a statement of the reasons for the suspension including date time, and place.
6. Special Education students shall be controlled by applicable state and federal regulations. Before a special education student is placed in an alternative program, Written Prior Notice for IEP Revision is given to the parent and the IEP Committee will agree upon the services to be provided at this school. Before the disabled student is returned to his/her school, another IEP meeting is held.
7. If there is a disagreement as to the appropriate placement of a disabled student, the student's parents will be notified in writing of their right to a SPED impartial Due Process hearing.

The above regulations governing student conduct are given in the way of a guideline, and shall not be a limitation on the right of a Principal or Superintendent of Education, or the Board of Education to initiate suspension, expulsion, or other disciplinary proceedings based on other grounds.

COPIAH COUNTY SCHOOL DISTRICT INTERNET ACCEPTABLE USE POLICY

The Copiah County School District is pleased to offer its students, faculty, and staff access to the Internet by the terms and conditions of this policy. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users globally. This computer technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups, and significantly expand their available information base.

Overview

Internet access is coordinated through a complex association of government agencies and regional state networks. In addition, the smooth operation of the network relies upon the proper conduct of the users who must adhere to strict guidelines. To this end, Congress has passed and President signed into law, the Children's Internet Protection Act (CIPA). CIPA requires that schools receiving certain federal funds, including E-Rate discounts and Title III of the Elementary and Secondary Education Act, put into place Internet Safety policies. These Internet safety policies must include a technology protection measure for blocking access to "visual depictions" of obscene material, child pornography, and material that is "harmful to minors" when minors are accessing the computer. CIPA also requires that the Internet safety policy include monitoring of all online activities of minors. Additionally, the policy must address all of the following: (a) access by minors to inappropriate matters on the Internet and World Wide Web, (b) the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications, (c) unauthorized access, including so-called "hacking" and other unlawful activities by minors online, (d) unauthorized disclosure, use, and dissemination of personal information regarding minors; and (e) measures designed to restrict minors' access to materials harmful to minors.

Recognizing that no filtering solution can be 100% effective, it is understood that all technology protection measures do not and will not work perfectly. In complying with CIPA, schools are expected to engage in a "good faith effort" to abide by the requirements of CIPA. CIPA does not create a private right to action, meaning that the discovery of objectionable material on a computer cannot result in a lawsuit complaining that a school violated CIPA. These guidelines are provided so that you, the user, and/or the parent of the

user is aware of the responsibilities you are about to assume. In general, this requires efficient, ethical, and legal utilization of the network resources. If a Copeiah County School District user violates any of these provisions, his or her account will be terminated and future access could be denied. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed has (have) read the terms and conditions carefully and understands (s) their significance.

4. The user agrees to immediately notify his/her teacher or another school administrator should the user access inappropriate information. This will assist in protecting users against a claim of intentional violation of this policy.

User Rights

1. The Internet is considered a limited forum, similar to a school newspaper, and therefore Copeiah County School District may restrict users' right to free speech for valid educational

reasons. Copiah County School District will not restrict users' right to free speech based on disagreement with the opinions expressed by users.

2. Users shall have the responsibility to use computer resources for academic purposes only. Therefore, as mandated by CIPA, filtering will be utilized on all computers accessing the Internet. The only exception will be for academic research by a staff member with the approval of the school administration.
3. Users should not expect files stored on school-based computers to remain private. Authorized staff will periodically inspect folders and logs of network usage and will be kept at all times. Routine review and maintenance of the system may indicate that the user has violated this policy, school codes, municipal law, state law, or federal law. Parents of minor users shall have the right to inspect the contents of users' files.
4. Copiah County School District will fully cooperate with local, state, or federal officials in any investigation related to illegal activities conducted through the user's Internet account.

Individual schools within the district may create additional guidelines and procedures consistent with this policy. Such guidelines and procedures will be appropriate for the electronic information resources being used and the students served at the school.

Consequences for Failure to Follow Terms and Conditions

There will be consequences for any user who fails to follow Copiah County School District and school guidelines and policies. The consequences may include paying for damages, denial of access to technology, detention, suspension, expulsion, or other remedies applicable under the school disciplinary policy, and state or federal law. At the discretion of Copiah County School District, law enforcement authorities may be involved and any violations of state and/or federal law may result in criminal or civil prosecution.

When using the Copiah County School District system, it may seem as though these policies could be easily broken and the user would not get caught. This is not true. Electronic footprints are left behind on a machine each time it is used, and the potential for apprehension always exists.

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Students and employees in the Copiah County School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the Administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing, and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

DEFINITIONS - Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

PROCEDURES FOR PROCESSING A COMPLAINT

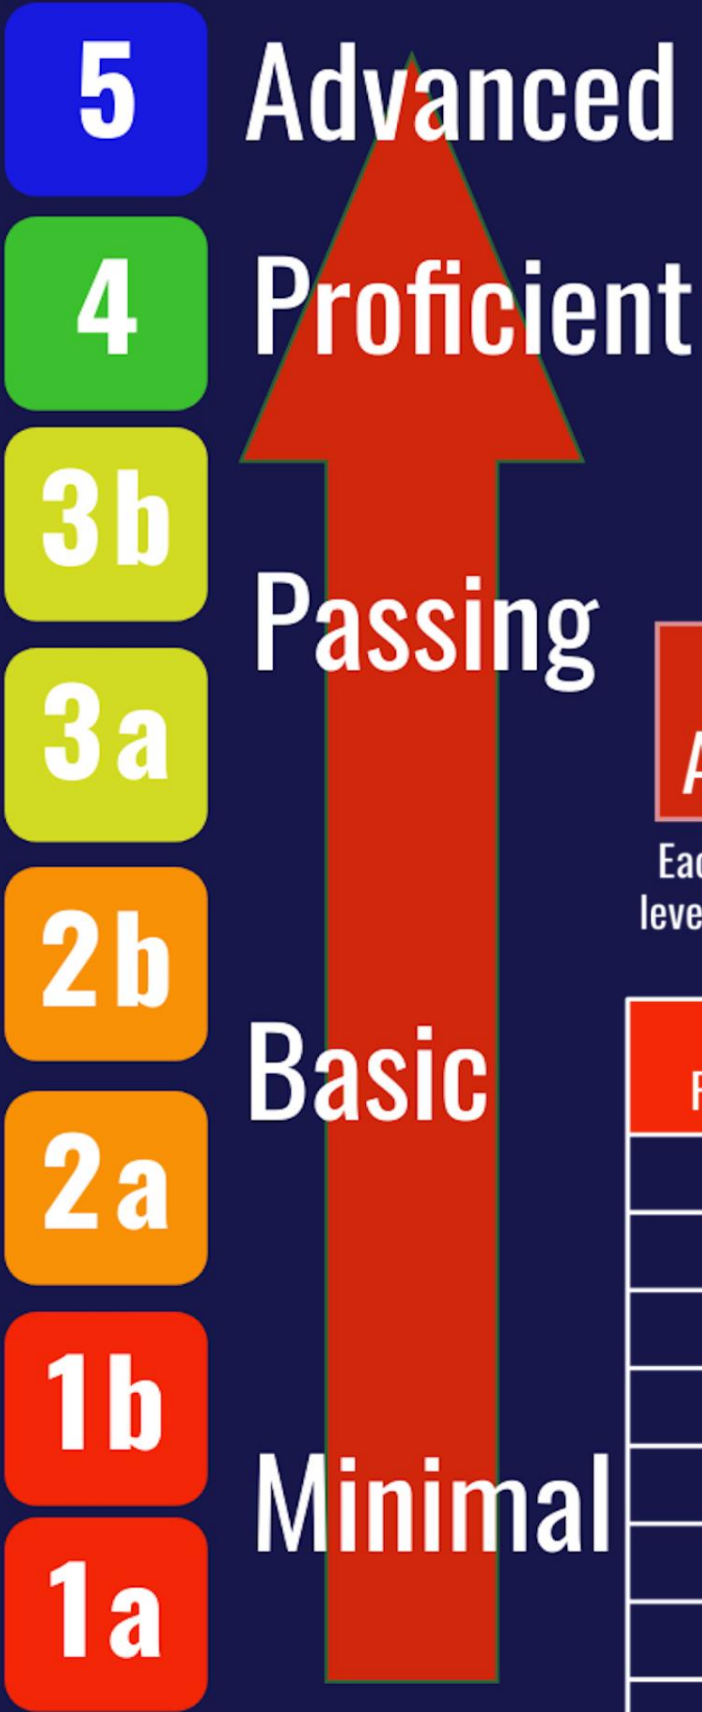

Any student, school employee, or volunteer who feels he/she has been a victim of bullying or harassing behavior or has witnessed or who has reliable information that a student, school employee, or volunteer has been subject to bullying or harassing behavior shall report within five (5) days such conduct to a teacher, principal, counselor, or other school officials. The Copiah County School District encourages the prompt reporting of such activities. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the person accused of bullying, the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation.

Parents will be notified of the nature of any complaint involving their student(s). The district official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The district official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the district official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall allow the victim and parents to appear before the Board to present reasons for dissatisfaction with the superintendent's decision.
