

REAL WORLD BUSINESS OPPORTUNITY

GRADES 11-12

Northland CAPS is an out of the classroom experience where you learn more about professionalism and how to grow your network. This organization consists of 6 total strands to offer a multitude of variety for all people and all interests.

Listed below are the 6 different strands and a short description

- **Digital Media and Design**

-For the creative, artistic person interested in careers in graphic design, digital photography, audio and/or video production

- **Engineering and Advanced Manufacturing**

-Discover STEM careers that align to your passions, skill set, and personality!

- **Global Business and Logistics**

-Helping businesses thrive by managing people, finances, supplies, projects, and more!

- **Medicine and Healthcare**

-Explore a wide range of specializations in one of the hottest career paths in the region!

- **Technology Solutions**

-Software development, cybersecurity, AI, and more...innovative technology surrounds us all!

- **Business Accelerator**

-A unique opportunity to start your own business with the support of Northland CAPS and its professional network

No matter what strand you end up choosing, for the first semester, you will learn a lot about professionalism in general, and work on improving your network. You will also be working on a real world project that is being funded by a business partner. Then, during the second semester, you get to start an internship. The internship is a real internship at a company, where you get to gain actual experience out in the field.

Below is an infographic with more information about Northland CAPS

NORTHLAND CAPS:

Are you done going to the same place everyday and taking the same boring classes?

**IF YOU SAID
YES, THIS
PROGRAM IS
FOR YOU!**
