2024/25-2029/30 Capital Improvement Program February 6, 2024

MISSION STATEMENT

The Virginia Beach City Public Schools, in partnership with the entire community, will empower every student to become a life-long learner who is a responsible, productive and engaged citizen within the global community.

The Mission of The Office of Facilities Services is to provide appropriate, economical, safe, sustainable, flexible, well designed, well constructed, clean and well maintained school facilities to support the programmatic and demographic goals of the school division.

Budget Calendar

FY 2024/25 School Operating Budget and FY 2024/25 FY 2029/30 Capital Improvement Program

2023

September	The Budget Calendar is developed
Sept. 12	The Budget Calendar is presented to the School Board for information
Sept. 26	The Budget Calendar is presented to the School Board for action
October - December	Budget requests are submitted by senior staff and budget managers to the Office of Budget Development.
Nov. 21	A Five-Year Forecast is presented to the School Board and the City Council
Dec. 12	A public hearing is held to solicit stakeholder input for consideration in the development of the Superintendent's Estimate of Needs document (<i>no document available at this time</i>)
December (3 rd week)	State revenue estimates are released by the Virginia Department of Education

2024

January 2 - 17	Budget requests are reviewed, refined, and summarized by the Office of Budget Development
January	The recommended School Operating Budget and the Capital Improvement Program budget are presented to the Superintendent and the Planning and Performance Monitoring Committee.
Feb. 6	The Superintendent's Estimate of Needs and the Capital Improvement Program are presented to the School Board
Feb. 13	School Board Budget Workshop #1 is held - Time TBD
Feb. 13	A public hearing is held to solicit stakeholder input and offer the community an opportunity to be involved in the budget development process
Feb. 20	School Board Budget Workshop #2 is held - Time TBD
February 27	School Board Budget Workshop #3 - Time TBD
Mar. 5	The School Board Proposed Operating budget and Capital Improvement Program budget are adopted by the School Board
Apr. – TBD by the City	The School Board Proposed Operating budget and the Capital Improvement Program budget are presented to the City Council (Sec. 15.1-163)
No Later Than May 15	The School Board Operating budget and the Capital Improvement Program budget are approved by the City Council (Sec. 22.1-93; 22.1-94; 22.1-115)

Project: PG601001		Title: Renovation and Replacement Energy Management/Sustainability					Status: Proposed	
Category: Schools			Department: Public Education					
Project Type			Project Location					
Project Type: Rehabilitation/Replacement			District: Citywide					
Programmed Funding								
Programmed Funding	Appropriated To Date	Budgeted FY25	Non-Appropriated Programmed CIP Funding					Funding Future
			FY26	FY27	FY28	FY29	FY30	
32,865,000	15,325,000	2,500,000	2,660,000	2,820,000	3,000,000	3,180,000	3,380,000	
Description and Scope								
This project is for maintenance and sustainably related projects that will support the school division's efforts to conserve energy and promote sustainable business practices while improving the learning environment.								

Purpose and Need
Older schools were constructed with less energy efficient materials than those that are now available. These retrofits will produce energy savings.

History and Current Status
This project first appeared in the FY 2014-15 Capital Improvement Program. In November of 2018, City Council appropriated \$2.8 million of reversion funds to this project and an additional \$2.5 million in reversion funds in December of 2019. In FY 2020-21, \$5,000,000 of available appropriations to date were transferred to capital project 601017 Renovations and Replacements - Grounds Phase III.

Operating Budget Impact Comments
Savings on energy costs are reflected in the School Division's Operating Budget.

Description and Scope								

This project is a cooperative effort by schools and the city to implement a citywide program for renovation and rehabilitation of public tennis courts at various school and park sites. It is anticipated that this project will be jointly funded (50/50) between the school division and the City's Department of Parks and Recreation.

Purpose and Need

This project will provide safe and well maintained tennis facilities for use by the general public. An efficient and effective tennis court maintenance plan requires routine surface treatment, patching, and periodic renovations/rehabilitation. In addition, some tennis courts will have to be completely rebuilt or renovated.

History and Current Status

This project first appeared in the FY 2014-15 CIP.

Description and Scope								

Description and Scope

As a measure to reduce energy costs while improving the learning environment, the School system has completed \$14.1 million of energy performance contracting work in 31 schools through CIP 1-109 Energy Performance Contracts (Schools). This project would complete an additional \$30.0 million worth of performance contracting work. The projects to be completed in this phase include replacement of outdated lighting and HVAC systems and other energy efficient initiatives.

Purpose and Need

As a measure to reduce energy costs as well as protect the environment, the school system has adopted energy performance contracts. Energy performance contracts involve a vendor (contractor) conducting a detailed energy audit and then installing improvements to a building that reduce energy costs. The savings associated from the reduced energy costs are expected to exceed any debt service costs incurred from the issuance of Public Facility Revenue Bonds. The savings are guaranteed by the contractor, who is required to acquire a performance bond. If the savings do not materialize, the shortfall is paid to the school division.

History and Current Status

This project first appeared in the FY 2016-17 CIP.

Operating Budget Impact Comments

Savings on energy costs are reflected in the School Division's Operating Budget.

Description and Scope								

Description and Scope

This project provides for the addition, renovation and replacement of school grounds infrastructure, including but not limited to, parking lots and play areas, sidewalk replacements, basketball goal replacements, outdoor track resurfacing, storm drainage repairs, ADA improvements and other related improvements to outdoor infrastructure/assets at miscellaneous schools.

Purpose and Need

As schools and their infrastructure continue to age, there is an increasing need to perform long-term maintenance of school grounds. This project provides resources to repair/alter and maintain school grounds and to provide improvements to extend the useful life of specific elements of school grounds.

History and Current Status

This project first appeared in the FY 2018-19 CIP and is a continuation of CIP 1-099, "Renovations and Replacements Grounds II." In FY 2019-20, City Council appropriated \$575,000 of reversion funds to this project. In FY 2020-21, \$5,000,000 of available appropriations to date were transferred to this project from CIP 1-003, "Renovations and Replacements - Energy Management/Sustainability." In FY 2021-22, \$150,000 in appropriations to date were transferred from this project to PG601021, "Plaza Annex Addition." Appropriations to date reflect a transfer of \$3.5 million in FY 2020-21 reversion funds approved by City Council to construct synthetic turf fields at Kempsville and Ocean Lakes High School.

Description and Scope									
This project provides for the renovation and replacement of heating, ventilation, and air conditioning systems throughout the division.									

Purpose and Need
As existing school facilities become older, the need to replace and upgrade heating, ventilation and air conditioning (HVAC) systems is necessary to maintain adequate learning environments and to extend the useful life of facilities with older mechanical systems. This project improves or upgrades heating, cooling, and ventilation systems in schools throughout the division.

History and Current Status
This project first appeared in the FY 2018-19 CIP and is a continuation of CIP 1-103 titled Renovations and Replacements HVAC Systems II. Appropriations to date reflect a transfer of \$2,986,775 in FY 2020-21 reversion funds approved by City Council. Appropriations to date reflect a transfer of \$9.2 million in FY 2021-22 reversion funds approved by City Council. Appropriations to date reflect a transfer of \$5,000,000 in FY 2022-23 reversion funds approved by City Council on November 21, 2023. Appropriation to Date reflect a transfer of \$8,283,830 from CIP 1-029 Bayside High School Replacement.

Operating Budget Impact Comments
Savings on energy costs are reflected in the School Division's Operating Budget.

Description and Scope								
This project provides for the renovations and replacement of aging roofing systems throughout the division.								

Purpose and Need
School facilities represent a significant portion of the city's infrastructure inventory. Given both the magnitude of this investment and the importance of maintaining safe, appropriate learning environments for our children, timely maintenance and upgrades to these facilities are critical. An important element of any facility is maintenance of roof integrity to protect the facility. As the average age of school physical facilities increases, the need for more renovations and system replacements to extend the useful life of the facilities for educational purposes increases. This project provides for roof replacements and major renovations, as appropriate, at identified school facilities.
History and Current Status
This project first appeared in the FY 2018-19 CIP and is a continuation of CIP 1-104 titled Renovations and Replacements Reroofing II. In FY 2021-22, \$100,000 in appropriations to date are being transferred to PG601021, "Plaza Annex Addition.". Appropriation to Date reflect a transfer of \$5,374,260 from CIP 1-029 Bayside High School Replacement.

Description and Scope								

Description and Scope

As the age of school facilities increases, the need for more renovations and system replacements has risen so that the useful life of the facilities for housing children for educational purposes can be extended. Inventory and analysis of the renovation needs of existing facilities has identified various major repair needs (masonry repair, asbestos removal, lighting) and replacements (middle school hallway lockers, ceilings, ADA improvements, fire alarms, bleachers, gyms floors, library/media centers) in schools throughout the system along with the need for various renovations of an emergency nature.

Purpose and Need

School facilities represent a major investment and component of the city's infrastructure. As such, the maintenance of these facilities is imperative to ensure they remain in a condition which provides an appropriate learning environment for students. This project provides resources to both repair and maintain facilities and to provide improvements and upgrades to extend the useful life of the school facilities. Appropriations to date reflect a transfer of \$2,928,676 in FY 2022-23 reversion funds approved by City Council on November 21, 2023. Appropriation to Date reflect a transfer of \$2,182,178 from CIP 1-029 Bayside High School Replacement.

History and Current Status

This project first appeared in the FY 2018-19 CIP and is a continuation of CIP 1-105, "Renovations and Replacements Various II." In FY 2019-20, City Council appropriated \$300,000 of reversion funds to this project. Appropriations to date reflect a transfer of \$4,250,000 in FY 2020-21 reversion funds as well as a transfer to \$7,382,407 into a new project CIP , 1-032 Telephone System Replacement approved by City Council.

Description and Scope								

Description and Scope
This project will replace old and outdated playground equipment at the school division's elementary schools. It is anticipated that this project will be jointly funded (50/50) between the school division and the City's Department of Parks and Recreation.

Purpose and Need
Existing playground equipment has reached the end of its useful life, and spare parts are difficult to procure.

History and Current Status
This project first appeared in the FY 2018-19 CIP. In FY 2019-20, City Council appropriated \$334,737 of reversion funds to this project. Appropriations to date reflect a transfer of \$1,000,000 in FY 2020-21 reversion funds approved by City Council.

Description and Scope								

Description and Scope
 This project will provide for safety related improvements to school buildings and grounds. These improvements include but are not limited to security enhancements such as CCTV systems, security entrance upgrades and additional perimeter fencing.

Purpose and Need
 The School Division formed a Blue Ribbon Panel in 2017 to analyze Virginia Beach City Public Schools current security practices and procedures and to provide recommendations on how to enhance facilities. Improvements funded through this project are based on recommendations made by the Blue Ribbon Panel.

History and Current Status
 This project first appeared in the FY 2020-21 CIP.

Description and Scope								

This project will provide funding to begin planning to replace our aging/outdated payroll system.

Purpose and Need
The VBCPS Enterprise Human Capital Management System, better known as WISE, was implemented twenty years ago. Mainstream support for this system is expected to end over the next five years.

History and Current Status
This project first appeared in the FY 2022-23 CIP. Appropriations to date reflect a transfer of \$4,382,407 in FY 2020-21 reversion funds approved by City Council. The amount of \$3,000,000 in FY 2021-22 reversion funding was appropriated by City Council on February 21, 2023. An additional \$3,000,000 funding was approved by school board on October 24, 2023 and City Council approved on November 21, 2023.

Fiscal Years FY25 through FY30 Capital Improvement Program

Project: PG601015 Title: Princess Anne High School Replacement Status: Proposed

Category: Schools Department: Public Education

Project Type Project Location

Project Type: Rehabilitation/Replacement District: 9

Programmed Funding

Programmed Funding	Appropriated To Date	Budgeted FY25	Non-Appropriated Programmed CIP Funding					Funding Future
			FY26	FY27	FY28	FY29	FY30	
727,789,000	124,640,717	1,500,000	1,400,000	1,300,000	1,300,000	4,975,000	1,420,000	

Description and Scope

This project is for the replacement of Princess Anne High School, with a facility of approximately 342,000 SF that can accommodate Princess Anne High School students, including IB Academy students, city-wide special education services, & outbuildings. It is understood that the administration and School Board will revisit the education specifications for this project with an intention to find efficiencies of size and scale prior to or during the design process/community input process.

Purpose and Need

Princess Anne High School, originally built in 1954, can no longer adequately house the required instructional programs, and the facility is in need of replacement. This project will extend the useful life of the facility by 80 to 100 years. An additional \$5,500,000 funding was approved by school board on October 24, 2023 and City Council approved on November 21, 2023.

History and Current Status

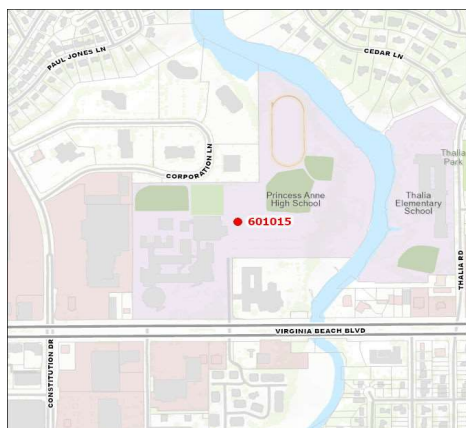

This project first appeared in the FY 2008-09 CIP. This project was unfunded and completion date delayed by the School Board on March 15, 2011. In the FY 2014-15 CIP, first year funding was shifted to FY 2019-20. In FY 2020-21, City Council appropriated \$7,053,277 of reversion funds to this project. On February 21, 2023 \$10,547,220 in FY 2021-22 reversion funding was appropriated to the project by City Council. Appropriation to Date reflect a transfer of \$34,047,220 to CIP 1-028 B F Williams/Bayside 6th Grade Replacement.

Description and Scope								

Description and Scope

This project will fund the replacement of Bettie F. Williams Elementary School and Bayside 6th Grade Campus, with a facility of approximately 145,000 sf that can accommodate the current 4th and 5th grade students from Williams ES along with the 6th grade students from the Bayside 6th Grade Campus. It is understood that the administration and School Board will revisit the education specifications for this project with an intention to find efficiencies of size and scale prior to or during the design process/community input process.

Purpose and Need

Bettie F. Williams Elementary School, originally built in 1961, and the Bayside 6th Grade Campus, originally built in 1957, can no longer adequately accommodate the required instructional programs. As a result, both facilities are in need of replacement. This combined school will house grades 4 through 6 and will be built on the current Bettie F. Williams site. The new building is estimated to be 145,000 square feet.

History and Current Status

This project first appeared in the FY 2019-20 CIP. Appropriations to date reflect a transfer of \$7.5 million in FY 2020-21 reversion funds approved by City Council. The amount of \$7,547,220 of FY 2021-22 reversion funding was appropriated by City Council on February 21, 2023. The schedule of activities below, reflects a pending approval to start design and planning services on this project through PPEA RFP #5083, Approved by City Council on March 7, 2023. An additional \$5,500,000 funding was approved by school board on October 24, 2023 and City Council approved on November 21, 2023.

Operating Budget Impact Comments

This project will create savings in the Schools Division's Operating Budget.

800,000	-	200,000	600,000	-	-	-	-	-
Description and Scope								

This project will provide funding in order to update the VBCPS Comprehensive Long Range Facility Master Plan, under a 10-year cycle. This project will update the road map by which the school division anticipates the changing requirements and demands for school facilities and define the necessary funding and schedule constraints that accompany these demands. This study will be developed through a process of data collection, facility assessments, community involvement, and consensus building. This plan will look at updates to conditions of facilities, building systems, demographic data, and program data, focusing on the relationship between funding and completion of capital projects.

Purpose and Need
This project will allow an updated to the existing VBCPS Comprehensive Long Range Facility Master Plan, under a 10-year cycle.

History and Current Status
New Project in FY 2024-25 CIP.

Notice of Non-Discrimination Policy

Virginia Beach City Public Schools does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation/gender identity, pregnancy, childbirth or related medical condition, disability, marital status, age, genetic information or veteran status in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. School Board policies and regulations (including, but not limited to, Policies 2-33, 4-4, 4-6, 4-43, 5-7, 5-19, 5-20, 5-44, 6-7, 7-48, 7-49, 7-57 and Regulations 4-4.1, 4-4.2, 4-6.1, 4-43.1, 5-44.1, 7-11.1, 7-17.1 and 7-57.1) provide equal access to courses, programs, counseling services, physical education and athletic, vocational education, instructional materials and extracurricular activities.

To seek resolution of grievances resulting from alleged discrimination or to report violations of these policies, please contact the Title VI/Title IX Coordinator/Director of Student Leadership at (757) 263-2020, 1413 Laskin Road, Virginia Beach, Virginia, 23451 (for student complaints) or the Section 504/ADA Coordinator/Chief Human Resources Officer at (757) 263-1133, 2512 George Mason Drive, Municipal Center, Building 6, Virginia Beach, Virginia, 23456 (for employees or other citizens). Concerns about the application of Section 504 of the Rehabilitation Act should be addressed to the Section 504 Coordinator/Director of Student Support Services at (757) 263-1980, 2512 George Mason Drive, Virginia Beach, Virginia, 23456 or the Section 504 Coordinator at the student's school. For students who are eligible or suspected of being eligible for special education or related services under IDEA, please contact the Office of Programs for Exceptional Children at (757) 263-2400.

Alternative formats of this publication which may include taped, Braille, or large print materials are available upon request for individuals with disabilities. Call or write the Department of School Division Services, Office Facilities and Maintenance Services, Virginia Beach City Public Schools, 1568 Corporate Landing Parkway, Suite 200, Virginia Beach, VA 23454-5918. Telephone 263-1090 (voice); fax 263-1511; 711 (TDD).
