“Children are one-third of our population and all of our future.” – Author Unknown

TUSD’s Foster Youth Program is designed to provide our foster students with the support that is needed to ensure their safety, permanence, and well-being. Assembly Bill 490 promotes stability and educational opportunities in the best interest of each child in foster care. In the process of transitioning from one school to another, foster youth are ensured academic programs including credit recovery, A-G classes, AP classes, after-school classes, summer school, academic tutoring resources and remediation services.

TUSD’s Homeless Youth Program in conjunction with the McKinney-Vento Act of 1987 offers students the resources that are needed for establishing a healthy, secure, and flourishing education. The program is designed to address the problems that homeless children and youth face in enrolling, attending, and succeeding in school. Our goal is to provide each and every individual with the support that they need to transition smoothly towards achieving a higher education and a steadfast career.

“Education is the most powerful weapon which you can use to change the world.”

Nelson Mandela
