

HEALTHY HEARTS START AT HOME

The Healthy Heart Blood Pressure Self-Monitoring (BPSM) Program is an evidence-based four-month lifestyle intervention program to help people with hypertension learn how to monitor and control their high blood pressure with the support of peers

THIS FREE 4 MONTH PROGRAM WILL HELP:

- Manage high blood pressure
- Identify and control triggers that raise blood pressure.
- Learn to eat healthier and find ways to move more

CALVERT COUNTY
HEALTH
DEPARTMENT

For more information and/or register: email candace.smith2@maryland.gov or call 410-535-5400 ext. 459
