## ENROLLMENT FOR NEXT YEAR (2024-25)

NEW STUDENT ENROLLMENT, INCLUDING ALL INCOMING 9TH GRADE STUDENTS, WILL OPEN ON JANUARY 29, 2024 AT 8:00 AM.

**The deadline for completing the Enrollment process is April 12, 2024 at 4:00 PM.** Enrollment received after this time will be processed as they are received but will not receive priority course selection.

Please follow the important steps below to enroll your student for the next school year (2024-25)

### 1. Online Registration (OLR)

This is an online tool that provides the district with all of the needed information to start a student's enrollment. This process requires you to enter data and for documents to be scanned or photographed so they can be attached to the form before submission. This tool requires a computer or phone but is best when completed using a computer. The Enrollment and Residency office has computers available if you need access to one. Each School will also have days in which parents can come in for help. To begin the OLR, scroll down to the **Online Registration section below.**

### 2. Student Course Selection Process

Once you have completed the Online Registration information form and fully submitted all documents required, your information will be sent to the school for processing. If you are completing this process for next school year, and your student is attending school in the Cupertino Union or Sunnyvale School Districts, then you will receive direct communication from the resident high school about course selection.

### ON-LINE REGISTRATION (OLR)

Use the "Online Registration" button below to access the Online Registration (OLR) system in order to start the enrollment process for new students wishing to enroll in the current school year.

Before you start the OLR for 2024-25, please do the following:

- Maximize your computer screen to better see the form's sections.
- Allow pop-ups (disable the pop-up blockers) on your web browser. For more information on how to do this on your specific

*Students in the Fremont Union High School District select six courses in the initial registration process and may indicate a seventh (7<sup>th</sup>) class to be added if space is available. Students will not be placed in their requested seventh class if space allows. It is critical that initial choices be made carefully since changing these choices at a later date may not be possible.*

**Choose classes wisely! Once classes are assigned, there is rarely space in other classes to allow for level changes.**
