DESERET INDUSTRIES VOUCHER REQUESTS

As a Community School, we were awarded a grant from our local DI in Nampa, Idaho. This grant will allow us to help families in need. We are so grateful for this support in our local community. There are certain policies and procedures that we have to follow to qualify for this grant in the future.

We have been given vouchers for families that might have household needs, such as clothing, blankets, etc. If you feel that you might need assistance, please let us know at the contact information below. The procedure is as follows:

- Contact the Coordinator for an appointment to fill out a household order
- The Coordinator will give you a copy of the order to take to the CSL (customer service leader) in Nampa.
- The DI will help you find the items you need. This is a ONE TIME use for this voucher. If you do not use the full amount or couldn't find what you need, that amount will remain in the grant fund for the community school's discretionary use.
- You will be given 2 receipts when you check out.
 - Receipt #1 is for any returns/exchanges you might have.
 - Receipt #2 needs to be returned to the CS coordinator to attach to your order form.

Thank you for your cooperation! Let us know if you have any questions.
