

Mandarin Dual Immersion Program

College Park Elementary

Mandarin Chinese is the mother tongue of more than 800 million people, making it the most widely spoken first language in the world. There are multiple educational and career benefits that multilingual students accrue, including:

Academic Achievement

Students attain high levels of academic achievement in both languages due to increased cognitive skills and problem-solving abilities.

Bilingualism & Biliteracy

Students acquire strategic thinking, listening, speaking, reading and writing proficiency in English and Mandarin.

Sociocultural Competence

Students develop positive attitudes and appreciation toward world languages and cultures in our global society, promoting their involvement in world issues.

Parents of incoming kindergarteners residing within district attendance boundaries can apply online by visiting the link below.
